Important information

This presentation has been prepared by AMP Limited (ABN 49 079 354 519) ("AMP") and is general background information about AMP and its activities current at the date of this presentation, which may be subject to change. It is information in summary form and does not purport to be complete. It is to be read in conjunction with AMP's other announcements released to the Australian Securities Exchange (available at www.asx.com.au). Information in this presentation is not intended to be relied on as advice to investors or potential investors and does not take into account the investment objectives, financial situation or needs of any particular investor. Investors should consider these factors, and their own professional advice, for any investment decision. Past performance is not a reliable indicator of future performance.

Forward-looking statements and guidance

This presentation may contain forward-looking statements, including guidance on various financial metrics and statements regarding the financial position, financial performance, results of operations, market conditions, risk management practices, climate-related risks and opportunities and business of, or applicable to, AMP, and the implementation of AMP's plans and strategy. These statements relate to AMP's expectations, opinions, beliefs, intentions or strategies regarding the future. Forward-looking statements may be identified by the use of words like 'anticipate', 'believe', 'aim', 'estimate', 'expect', 'intend', 'may', 'plan', 'project', 'will', 'should', 'seek' and similar expressions. They reflect views and assumptions with respect to future events as at the date of this presentation. They are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions, contingencies and other factors, many of which are beyond the control of AMP, and may involve significant elements of subjective judgement and assumptions as to future events that may or may not be correct. There can be no assurance that actual outcomes will not differ materially. No guarantee, representation or warranty, express or implied, is made as to the accuracy, likelihood of achievement or reasonableness of any forward-looking statements, forecasts, prospects, returns, statements or tax treatment in relation to future matters contained in this presentation. AMP does not undertake to publicly update any forward-looking statements, whether as a result of new information or future events or circumstances.

Non-IFRS financial information

Investors should be aware that certain financial measures included in this presentation are 'non-IFRS financial information' under ASIC Regulatory Guide 230 and are not recognised under Australian Accounting Standards ("AAS") and International Financial Reporting Standards ("IFRS"). The non-IFRS financial information includes, amongst others, "Net profit after tax (NPAT) (underlying)". This non-IFRS financial information does not have a standardised meaning prescribed by AAS or IFRS. Therefore, the non-IFRS financial information may not be comparable to similarly titled measures presented by other entities and should not be construed as an alternative to other financial measures determined in accordance with AAS or IFRS. Although AMP believes this non-IFRS financial information provides useful information in measuring the financial performance and condition of its business, investors are cautioned not to place undue reliance on any non-IFRS financial information.

1H 26 **strategic progress**

A clear focus on growing our wealth businesses and releasing capital

1. Closing AUM

Compelling dynamics underpin our wealth and retirement businesses

Australia

- 12% compulsory contributions to super
- 4.5m Australians already retired, with 806,000 more expected to retire within five years
- \$750bn of assets set to move into the retirement phase over the next decade

New Zealand

- Voluntary super, default contribution rate currently 3.5% - an election issue
- ~340,000 additional New Zealanders reaching retirement age by 2036 and rising KiwiSaver participation

China Pension

- 12% compulsory contributions (Pillar 2 Occupational Pension segment)
- ~1.4bn people with government prioritising retirement savings
- Pension market growing rapidly
- Pillar 3 personal pensions launched Dec 2024

AMP's 2026 priorities: Progress

01 Accelerate growth in wealth businesses

- **Innovating in retirement:** MyNorth Lifetime grew to \$1.2bn; launched AMP Super Lifetime, with \$20bn participating AUM
- **Delivering for members** in AMP Super and NZWM: Top quartile returns¹, expanded digital advice tools, and migration underway to an enhanced digital web and app experience
- **Delivering for advisers:** Launched North Interactive Wealth Portal; Interactive Client Review is saving up to 2 hours per review, with advisers conducting approx. 110-130 reviews per year

02 Increasing business cash generation and returns to shareholders

- **Growth in underlying NPAT;** reduced items below-the-line
- **Increased payout ratios** across businesses
- **Realising capital from AMP Bank** and non-strategic partnerships
- **Net DTA utilisation continues:** \$56m utilised this half
- **\$201m returned to shareholders in 1H 26:** Executed \$150m on-market share buyback and \$51m in dividend
- **Additional \$150m buyback and interim dividend of 3.0cps** announced today

03 Leveraging AI and managing risk

- **Enhancing the North proposition with AI-powered advice at scale:** North Interactive Wealth Portal and AI FileNote helping advisers spend less time on administration and more time with clients
- **Launched AI call centre solution,** improving member service experience and improving workflows
- **Enterprise productivity gains,** through wide adoption of Copilot (85% weekly usage; >600 active agents)
- **Mitigate and minimise AI risks:** Established the foundations for secure and scalable AI adoption at AMP

A clear path to sustainable shareholder value

Simplification complete

- **Business simplified** and cost base reset
- **Legacy matters** largely resolved
- **Reputation score** now rated as 'strong'¹ – highest since tracking began in 2008
- **Sales team rebuilt**; continuing to onboard new talent and capability
- **Significant investment in technology capability** delivered within existing investment envelope

Capturing growth in wealth and retirement

- **Demographics underpin growth** across Australia, New Zealand and China
- **Compulsory savings regimes** and rising retirement needs play to AMP's strategic focus
- **Continued innovation** in retirement solutions
- **Operating leverage emerging** in all wealth businesses

Strong cash generating businesses

- **Capital release** from Bank and non-strategic assets remains a key focus as we prioritise growth in Wealth
- **\$150m on-market share buyback** completed in June; additional \$150m buyback announced for 2H 26
- **Dividend + buybacks** increasing total return to shareholders

1. Based on AMP's Reprtrak Q2 2026 score of 70.6; Strong range = 70-79

Non-strategic partnerships

PCCP LLC

- AMP has a 21.07% ownership stake (\$183m AMP's 1H 26 carrying value¹)
- Established US real estate investment manager managing US\$29.3bn in AUM as of end Q4 2025
- Following the divestment of AMP Capital, PCCP is no longer a core strategic interest of the Group
- Continue to explore the sale of AMP's equity stake at the appropriate time

Other interests

- Includes sponsor capital and potential carried interest from residual AMP Capital funds and investments
- \$18m (pre-tax) carried interest from DigitalBridge, following recent partial asset sale within a legacy fund. Further carried interest dependent on the sale of residual interests.²

1. Partnership investments are accounted for using the equity accounting method.

2. Entitlement to further carried interest is subject to conditions, is uncertain and cannot be determined until the sale of the remaining interest in the assets. In the event that the remaining interest is sold and criteria are met, AMP estimates a possible total earning in the range of 30% above or below the amount previously disclosed (\$57m). This includes the carried interest recognised in 1H 26.

AMP Bank: Funding composition and Net Interest Margin

Funding mix (%)

Deposit mix (%)

Average NIM: 2H 25 – 1H 26

Funding mix: Strategy to focus on structural shift of funding and continued focus on capital management via securitisation

Asset mix: Lending stable on the prior period with competition in the mortgage market offset by an increase in higher return segments

Liability mix: Improved funding margins were partially offset by the higher proportion of securitisation and capital efficient wholesale funding.
