GENERAL BUSINESS

Resolution 1: Adoption of Remuneration Report

The Remuneration Report for the financial year ended 31 December 2025 is set out in the Directors' Report within the 2025 Annual Financial Report, which is available on the Company's website: <https://www.australres.com/>. The Remuneration Report sets out the Company's remuneration arrangements for Directors, including the Managing Director, and members of the Company's Key Management Personnel.

Section 300A of the Corporations Act requires the Directors to include a Remuneration Report in their report for the financial year. Section 250R(2) of the Corporations Act requires the Remuneration Report to be put to a vote at the Company's Annual General Meeting. The vote on the Resolution is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into consideration when reviewing remuneration practices and policies.

The Directors believe that the Company's remuneration policies and structures are appropriate relative to the size of the Company and its business.

Board Recommendation: The Board, while noting that each Director has a personal interest in their own remuneration from the Company, recommends that Members vote in favour of Resolution 1.

The Chair of the Meeting intends to vote all undirected proxies for Resolution 1.

Resolution 2: Re-election of Mr Michael Hansel as a Director of the Company

In accordance with clause 39 of the Constitution, there must be an election of Directors at each Annual General Meeting. A retiring Director is eligible for re-election.

ASX Listing Rule 14.5 provides that an entity which has directors must hold an election of directors at each annual general meeting.

Clause 39 of the Constitution provides, among other things, that:

 - b. any Managing Director where there is more than one Managing Director,or if their number is not a multiple of three then the greater of:
 - c. one; or
 - d. the number nearest to but not exceeding one-third.
- 39.2 Rule 39.1 does not apply to the Managing Director but if there is more than one Managing Director, Rule 39.1 does not apply to that Managing Director determined in accordance with Rule 44.2(b).
- 39.3 The Directors to retire under Rule 39.1(c) shall be determined according to the length of time each Director has spent in office, with those having spent the longest time in office retiring.
- 39.4 Where two or more Directors have been in office an equal length of time, the Directors to retire shall, in default of agreement between them, be determined by lot.
- 39.5 The length of time a Director has been in office shall be computed from the Director's last election or appointment where the Director has previously vacated office.
- 39.6 Subject to Rule 39.2 but despite anything to the contrary in this Constitution, a Director shall not continue in office for a period in excess of three consecutive years or until the third annual general meeting following the Director's appointment, whichever is the longer, without submitting to re-election.
- 39.7 A retiring Director shall retain office until the conclusion of the Meeting at which the retiring Director's successor is elected.
- 39.8 A retiring Director shall be eligible for re-election.

Resolution 6: Approval of 10% Additional Placement Capacity

Background

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of its issued Share capital through placements over a 12 month period after the Annual General Meeting at which approval by special resolution of the issue is obtained (**10% Placement Facility**). This 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1 and allows the Company to issue up to 25% of its issued capital in total.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity at the date of this Notice of Meeting and must remain compliant with the requirements of Listing Rule 7.1A at the date of the Meeting to be able to utilise the additional capacity to issue Equity Securities under that Listing Rule.

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities.

The Company is now seeking Shareholder approval by way of a Special Resolution which requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative) to have the ability to issue Equity Securities under the 10% Placement Facility. The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2.

If Resolution 6 is passed, the Directors will be able to issue Equity Securities in the Company for up to 25% (being the Company's combined limit under Listing Rule 7.1 and 7.1A) of the Company's Securities on issue during the period up to 12 months after the Meeting, calculated in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

If Resolution 6 is not passed, the Directors will be unable to issue Equity Securities under the Company's 10% Additional Placement Capacity and the Company will be unable to raise funds using the Company's 10% Additional Placement Capacity.

Number of Securities

The formula for calculating the maximum amount of Securities to be issued or agreed to be issued under the 10% Placement Facility is calculated as follows:

$$(A \times D) - E$$

A is the number of fully paid ordinary Securities on issue 12 months before the date of issue or agreement:

- plus the number of fully paid ordinary Securities issued in the 12 months under an exception in Listing Rule 7.2 (other than exception 9, 16 or 17);
- plus the number of fully paid ordinary Securities issued in the 12 months on the conversion of convertible securities within Listing Rule 7.2 exception 9 where:
 - o the convertible securities were issued or agreed to be issued before the commencement of the 12 months; or
 - o the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved, under Listing Rule 7.1 or Listing Rule 7.4;
- plus the number of fully paid ordinary Securities issued in the 12 months under an agreement to issue Securities within Listing Rule 7.2 exception 16 where:
 - o the agreement was entered into before the commencement of the 12 months; or
 - o the agreement or issue was approved, or taken under the Listing Rules to have been approved, under Listing Rule 7.1 or Listing Rule 7.4;
- plus the number of partly paid ordinary Securities that became fully paid in the 12 months;
- plus the number of any other fully paid ordinary Securities issued in the 12 months with approval under Listing Rule 7.4 (excluding an issue of Shares under the Company's 15% placement capacity without Shareholder approval);
- less the number of fully paid ordinary Securities cancelled in the 12 months.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under this Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement and where the issue or agreement has not been subsequently approved by Shareholders under Listing Rule 7.4.

The ability to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

A number of scenarios showing potential issues under Listing Rule 7.1A are detailed in **Table 1**.

As at the date of this Notice of Meeting, the Company does not have any intention to issue any Equity Securities under ASX Listing Rule 7.1A.

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Additional Placement Capacity as follows:

1. Timing

The date by which the Equity Securities may be issued is the earlier of:

- i) 12 months after the date of this Annual General Meeting;
- ii) the time and date of the Company's next annual general meeting; and
- iii) the time and date of approval by Shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

2. Minimum issue price

The issue price of Equity Securities issued under this 10% Additional Placement Capacity must be in an existing quoted class of the Company's Equity Securities and issued for a cash consideration per security which is not less than 75% of the VWAP for Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- i) the date on which the price at which the Securities are to be issued is agreed by the Company and the recipient of the Securities; or
- ii) if the Securities are not issued within 10 trading days of the date in paragraph i), the date on which the Securities are issued.

3. Purposes for which Equity Securities may be issued

The Company may seek to issue the Equity Securities to use the funds raised towards an acquisition of new projects, assets or investments (including expenses associated with such acquisition), continued exploration, development or production expenditure on the Company's current assets and/or general working capital. Shares issued under the 10% Additional Placement Capacity will be for cash consideration only.

4. Risk of economic and voting dilution

If this Resolution is approved by Shareholders and the Company issues Equity Securities under the 10% Additional Placement Capacity, there is a risk of economic and voting dilution to existing Shareholders, including the risk that:

- i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting in which the approval under rule 7.1A is given; and
- ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date.

Table 1 below shows:

- i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary Securities the Company has on issue. The number of ordinary Securities on issue may increase as a result of ordinary Securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future meeting of Shareholders; and
- ii) two examples where the issue price of ordinary Securities has decreased by 50% and increased by 100% as against the current market price.

Table 1 has been prepared on the following assumptions:

- Variable A being 2,495,026,076 Shares on issue as at the date of this Notice of Meeting;
- The issue price set out above is based on a price of 9.0 cents, being the price at which Austral raised funds in February 2026;
- The Company issues the maximum number of Equity Securities available under the 10% Additional Placement Capacity.
- The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no options or performance rights are exercised into Shares before the date of issue of the Equity Securities.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- Table 1 does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Additional Placement Capacity, pursuant to an exception set out in Listing Rule 7.2 or any other issue with the approval of shareholders.

- **Table 1** shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The funds raised have been rounded to the nearest thousand dollars.

5. Allocation policy

The Company's allocation policy is dependent upon the prevailing market conditions at the time of any proposed issue pursuant to the 10% Additional Placement Capacity. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to, but not limited to, the following factors:

- The purpose of the issue;
- the methods of raising funds that are available to the Company, but not limited to, rights issues or other issues in which existing security holders can participate;
- the effect of the issue in the Equity Securities on control of the Company;
- the financial situation and solvency of the Company;
- prevailing market conditions; and
- advice from corporate, financial and broking advisors (if applicable).

The allottees under the 10% Additional Placement Capacity have not been determined as at the date of this Notice, but may include existing substantial Shareholders (and where applicable, will require for Shareholders under Listing Rule 10.11) and/or new Shareholders who are not related parties or Associates of a related party of the Company.

6. Previously obtained approval under ASX Listing Rule 7.1A

The Company has previously obtained Shareholder approval under Listing Rule 7.1A at the 2025 AGM on 21 May 2025. **Table 2** shows the total number of Equity Securities issued, or agreed to be issued, under ASX Listing Rule 7.1A.2 in the 12 months preceding the date of the Meeting and the percentage those issue represent of the total Equity Securities on issue at the commencement of that 12 month period.

The Company provides the details of the total number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 by the Company during the 12 months preceding the date of the Meeting in **Table 3** as required under Listing Rule 7.3A.6(b):

The Company has also allocated funds to grow its resource base through potential acquisition.

Board Recommendation: The Directors recommend that Shareholders vote in favour of Resolution 6.

The Chair of the Meeting intends to vote all undirected proxies in favour of the approval of 10% Additional Placement Capacity.

Resolution 7: Approval to exceed 10/12 buy back limit

In accordance with section 257C of the Corporations Act, the Company seeks shareholder approval to undertake an on-market buyback of up to 250,000,000 Shares (**Buyback**). Under the Buyback, and subject to shareholder approval, the Company will have the flexibility to buy back up to 250,000,000 Shares in the 12-month period following the approval of this resolution at the AGM.

The timing and value of Shares purchased and other matters relating to the conduct of the Buyback will be dependent on prevailing market conditions, the Share price and other factors. There is no guarantee that the Buyback will be undertaken in full, such that the Company may buy back less Shares than the amount being sought under Resolution.

This proposed Buyback represents approximately 10% of the Company's 2,495,026,076 Shares on issue as at 2 April 2026, being the last practicable day prior to finalisation of this Notice of Meeting.

Reason for requiring shareholder approval

Under the Corporations Act, without Shareholder approval, the Company is limited to buying back up to 10% of the smallest number of Shares on issue at any time in any 12-month period (**10/12 Limit**) prior to announcing the Buyback. This represents 52,716,582 Shares at the time of this Notice. The Company has subsequently recapitalised, having undertaken two share placements to raise \$115 million (**Placements**) and consequently issued a significant number of Shares in the preceding 12-month period. The proposed maximum buy-back amount seeks Shareholder approval for 250 million Shares, being approximately 10% of the capital structure of the Company post recapitalisation. Accordingly, this Resolution is proposed to permit the Company to undertake a Buyback (which may cause the Company to exceed the 10/12 Limit in the next 12 months) as a method to return funds to shareholders, should the Board determine that it is appropriate to do so.

The Company is required to seek Shareholder approval as, under ASIC guidance, Shareholder approvals obtained for the Buyback exceeding the 10/12 Limit require Shareholder approval. The Company has not undertaken a buy back in the past.

Reasons for the Buyback

As announced on 19 February 2026, the Company has successfully undertaken a recapitalisation and has considered various ways in which the remainder of the excess capital from the Placements can be delivered efficiently and in Shareholders' best interests, and it has concluded that the Buyback may be, the most efficient and appropriate form of capital distribution to Shareholders.

If Shareholders vote in favour of this Resolution, the approval will be valid for the 12-month period following the end of the AGM. If the Buyback is not undertaken in full within that period, the Board will consider its capital management initiatives in future financial years as part of its regular capital management planning process.

If Shareholders vote against this Resolution, the Board will consider alternative capital management options.

Terms of the Buyback and offer price

The usual rules for settlement of transactions which occur on market on the ASX will apply in respect of the Shares acquired under the Buyback. Shares which are bought back will be cancelled immediately upon settlement of the trade.

The price to be paid by the Company for Shares purchased under the Buyback will be the then-prevailing market price of the Shares on the ASX, subject to the requirements of ASX Listing Rule 7.33. Under ASX Listing Rule 7.33, the Company may only buy back Shares under an on-market buyback at a price which is not more than 5% above the volume-weighted average market price for the Shares, calculated over the last five days on which sales in the Shares were recorded before the day on which the purchase under the Buyback was made.

To provide an indication of recent market prices, the closing price of Shares on 2 April 2026 was \$0.083. The table below sets out the highest and lowest market sale prices for Shares on the ASX during the previous three months:

Month	High	Low
March 2026	\$0.105	\$0.066
February 2026	\$0.13	\$0.088
January 2026	\$0.15	\$0.083

If approved by Shareholders, the Board will retain the discretion to determine when any Buyback activity will be undertaken within the 12-month period following the end of this AGM.

Directors' interests

The Directors have an interest in the Buyback, as they hold Shares. As at 2 April 2026, the Directors have the following direct or indirect interests in Shares:

Director	Number of Shares
David Newling	20,000,000
Daniel Jauncey	226,572,924
Michael Hansel	9,014,943

Financial effect of the Buyback

As the Buyback will result in the cancellation of Shares, it will have the effect of reducing Austral's Share capital. The Buyback is not expected to:

- pose any significant disadvantage to shareholders;
- materially prejudice the Company's ability to pay its creditors; or
- result in a material change in the control or liquidity of Shares.

The Buyback will be funded with the Company's excess cash reserves resulting from the Placements. No adverse tax consequences are expected to arise for the Company as a result of the Buyback.

Advantages of the Buyback

The potential advantages of the Buyback include the following:

- the Buyback is an efficient form of capital distribution to shareholders;
- by reducing the number of Shares on issue, the Buyback is likely to be accretive to overall earnings per Share;
- purchases under the Buyback can be tailored to react to changing market conditions;
- the Company has complete flexibility after the Buyback is announced to initiate, adjust the volume of, and cease, purchases at any time;
- implementation of the Buyback is a relatively straightforward process; and
- the Buyback may facilitate a more active market in Shares.

Disadvantages of the Buyback

The potential disadvantages of the Buyback include the following:

- the Buyback will reduce the Company's available cash reserves which could adversely impact the Company's ability to generate return on capital including, for example, organic growth beyond internal forecasts or acquisition opportunities. This reduction may impact the Company's flexibility of funding which could adversely impact its ability to deal with unforeseen events; and
- the Buyback will reduce the number of Shares on issue, which may decrease their liquidity on the ASX.

Additional information for shareholders

- A copy of the Company's latest audited financial statements is available in the 2025 Annual Report.
- Information about the Company's current Share price and any additional information required by the ASX Listing Rules are available on the ASX and on the Company's website.
- A copy of this Notice of Meeting, including the Explanatory Notes, has been lodged with ASIC.
- Although the Board recommends that shareholders vote in favour of and approve the Buyback, it makes no recommendation to shareholders as to whether they should accept an offer to buy back their Shares at the time a buyback is executed. Such a decision is a matter for each shareholder to determine having regard to their own individual circumstances and if appropriate or required, after taking into account professional and financial advice and the contents of this Notice of Meeting, including the Explanatory Notes.
- Other than as set out in this Notice of Meeting, including the Explanatory Notes, and any other information previously disclosed to shareholders, there is no other information which the Board considers is material to a decision on
- how to vote on Resolution 7.

Board Recommendation: The Directors recommend that Shareholders vote in favour of Resolution 7.

The Chair of the Meeting intends to vote all undirected proxies in favour of the approval to exceed 10/12 buy back limit.

Resolution 8: Increase in non-executive Directors' fee pool

Resolution 8 seeks Shareholder approval for the purposes of Listing Rule 10.17 and for all other purposes, for the Company to be authorised to increase the maximum aggregate amount of fees available to be paid to non-executive Directors under clause 40.5 of the Company's Constitution by \$500,000 from \$500,000 to \$1,000,000 per annum.

The Board considers that it is reasonable and appropriate at this time to seek an increase in the remuneration pool for non-executive Directors for the following reasons:

- (a) to give the Board strategic flexibility to appoint additional non-executive Directors;
- (b) expected growth of the Company and increased responsibilities for non-executive Directors;
- (c) non-executive Directors fees may in the future need to be increased to retain Directors;
- (d) to attract new Directors of a calibre required to effectively guide and monitor the business of the Company particularly in regard to mine development and operation; and
- (e) to remunerate Directors appropriately for the expectations placed upon them both by the Company and the regulatory environment in which it operates.

The maximum aggregate amount of fees payable to Directors has not been increased since the Company's initial public offering in 2021. It is not intended to fully utilise the increased aggregate amount of fees in the immediate future.

The total aggregate annual remuneration of the non-executive Directors for the financial year ended 31 December 2025 was \$221,290 as detailed in the Company's 2025 Annual Report. This includes all Board and committee fees paid to non-executive Directors and superannuation contributions made on behalf of the non-executive Directors.

If Shareholders approve this Resolution, the Company's non-executive Director fee pool will increase to \$1,000,000 and will provide the Board with flexibility to manage Director remuneration and Board members effectively.

If Shareholders do not approve this Resolution, the Company's non-executive Director fee pool will remain at \$500,000 and may impact on the Board's ability to attract and retain suitable Board members.

Securities that were issued to non-executive Directors under ASX Listing Rules 10.11 or 10.14 within the preceding three years were 32,000,000 Shares issued to each of:

- a. Mr David Newling - 20,000,000 Shares;
- b. Mr Michael Hansel - 8,000,000 Shares; and
- c. Mr Daniel Jauncey - 4,000,000 Shares,

as approved by Shareholders at the Company's 2026 general meeting.

Board Recommendation: The Board, while noting that each Director has a personal interest in their own remuneration from the Company, recommends that Members vote in favour of Resolution 8.

The Chair of the Meeting intends to vote all undirected proxies in favour of increase in the non-executive Directors' fee pool.

Resolution 9: Approval of Employee Share and Awards Plan

This Resolution seeks Shareholder approval for purposes of Listing Rule 7.2 (Exception 13(b)) to set the maximum number of Securities that may be issued under the Company's Employee Share and Awards Plan (**Plan**) to be adopted at this Meeting of Shareholders, at a maximum of 100,000,000 Securities. It is not envisaged that the maximum number of Securities for which approval is sought will be issued immediately and this maximum number may never be issued at all.

The objective of the Plan is to attract, motivate and retain key employees, contractors and other persons who provide services to the Company, and the Company considers that the adoption of the Plan and the future issue of Securities under the Plan will provide these parties with the opportunity to participate in the future growth of the Company.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Listing Rule 7.2 (Exception 13(b)) provides that Listing Rule 7.1 does not apply to an issue of securities under an employee incentive scheme if, within three years before the date of issue of the securities, the holders of the entity's ordinary securities have approved the issue of equity securities under the scheme as exception to Listing Rule 7.1.

Exception 13(b) is only available if and to the extent that the number of equity securities issued under the scheme does not exceed the maximum number set out in the entity's notice of meeting dispatched to shareholders in respect of the meeting at which shareholder approval was obtained pursuant to Listing Rule 7.2 (Exception 13(b)). Exception 13(b) also ceases to be available if there is a material change to the terms of the scheme from those set out in the notice of meeting.

If this Resolution is passed, the number of Securities that the Company will be able to issue under the Plan to eligible participants over a period of 3 years will be set at 100,000,000 Securities. The issue of any Securities to eligible participants under the Plan (up to the maximum number of Securities stated below) will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

For the avoidance of doubt, the Company must seek Shareholder approval under Listing Rule 10.14 in respect of any future issues of Securities under the Plan to a related party or a person whose relationship with the Company or the related party is, in ASX's opinion, such that approval should be obtained.

If this Resolution is not passed, the Company will be able to proceed with the issue of Securities under the Plan to eligible participants up to the current approved threshold of 100,000,000 Securities. Any issue of Securities in excess of this threshold will reduce, to that extent, the Company's capacity to issue equity securities without Shareholder approval under Listing Rule 7.1 for the 12-month period following the issue of the Securities.

In accordance with the requirements of Listing Rule 7.2 (Exception 13) the following information is provided in respect of Resolution 9:

Terms of the Plan	A summary of the material terms and conditions of the Plan is set out in Appendix 1.
Number of Securities previously issued under the Plan	The Company has issued 63,000,000 Securities under the Plan since the Plan was approved by Directors. The Company has not issued any Securities under the Plan approved by Shareholders as this is the first time the Company is seeking Shareholder approval for the Plan pursuant to Listing Rule 7.2, Exception 13.
Maximum number of Securities proposed to be issued under the Plan	The maximum number of Securities that may be issued under the Plan in reliance on to Listing Rule 7.2 (Exception 13), following Shareholder approval, is 100,000,000 Securities. It is not envisaged that the maximum number of Securities for which approval is sought will be issued immediately and this maximum number may never be issued at all. This number has been set to provide flexibility for the Company to reward employees, contractors and other persons who provide services to the Company with participation under the Plan.
Voting exclusion statement	A voting exclusion statement applies to this Resolution.
Voting prohibition statement	A voting prohibition statement applies to this Resolution.

Board Recommendation: The Directors recommend that Shareholders vote in favour of Resolution 9 and advise that that they intend to vote any Shares that they own or control in favour of Resolution 9.

The Chair intends to vote all undirected proxies in favour of Resolution 9.

Resolution 10: Approval to issue Performance Rights to Director David Newling

Resolutions 10 seeks Shareholder approval for the purposes of Listing Rule 10.14 for the issue of up to 10,000,000 Performance Rights to Mr Newling pursuant to the Plan, on the terms and conditions set out below (**Performance Rights**).

Further details in respect of the Incentive Performance Rights proposed to be issued are set out in the table below.

Quantum	Recipient	Vesting Condition	Vesting and Expiry Date
10,000,000	Mr Newling or nominee	The Performance Rights will vest upon the Company's Shares trading above a price of \$0.20 per Share over five (5) consecutive trading days on which the Shares have traded.	31 December 2030

Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act requires that for a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue constitutes giving a financial benefit and the Mr Newling is a related party of the Company by virtue of being a Director.

The Directors (other than Mr David Newling) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of Incentive Performance Rights under Resolution 10, because the agreement to issue the Performance Rights, reached as part of the remuneration package for Mr Newling, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

Listing Rule 10.14

Listing Rule 10.14 provides that an entity must not permit any of the following persons to acquire equity securities under an employee incentive scheme without the approval of the holders of its ordinary securities:

- 10.14.1 a director of the entity;
- 10.14.2 an associate of a director of the entity; or
- 10.14.3 a person whose relationship with the entity or a person referred to in Listing Rules 10.14.1 to 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by security holders.

The issue falls within Listing Rule 10.14.1 and therefore requires the approval of Shareholders under Listing Rule 10.14.

If this Resolution is passed, the Company will be able to proceed with the issue within 3 years after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required

for the issue (because approval is being obtained under Listing Rule 10.14), the issue will not use any of the Company's 15% annual placement capacity.

If this Resolution is not passed, the Company will not be able to proceed with the issue. The Company may consider other ways to pay Mr Newling, including in cash.

In accordance with the requirements of Listing Rule 10.15, the following information is provided in respect of Resolution 10:

Name of the person to whom Securities will be issued	Mr Newling (or nominee/s).		
Categorisation under Listing Rule 10.14	Mr Newling falls within the category set out in Listing Rule 10.14.1 as he is a related party of the Company by virtue of being a Director. Any nominee(s) of Mr Newling who receive Performance Rights may constitute 'associates' for the purposes of Listing Rule 10.14.2.		
Number of Securities and class to be issued	10,000,000 Performance Rights (being the nature of the financial benefit proposed to be given) will be allocated as set out in the table included above.		
Securities previously issued to the recipient(s) under the Plan	20,000,000 Shares have previously been issued to Mr Newling for nil consideration under the Plan.		
Terms of Securities	The Performance Rights will be issued on the terms and conditions set out in Appendix 2.		
Material terms of the Plan	A summary of the material terms and conditions of the Plan are set out in Appendix 1.		
Material terms of any loan	No loan is being made in connection with the acquisition of the Performance Rights.		
Price or other consideration the Company will receive for the Securities	The Performance Rights will be issued at a nil issue price.		
Date(s) on or by which the Securities will be issued	The Company expects to issue the Performance Rights within one month of the Meeting. In any event, the Company will not issue any Performance Rights later than 3 years after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules).		
Purpose of the issue, including the intended use of any funds raised by the issue	The purpose of the issue is to provide a performance linked incentive component in the remuneration package for Mr Newling to motivate and reward their performance as a Director and to provide cost effective remuneration to Mr Newling, enabling the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to Mr Newling.		
Consideration of type of Security to be issued	The Company has agreed to issue the Performance Rights for the following reasons: (a) the issue of the Performance Rights has no immediate dilutionary impact on Shareholders; (b) the issue to Mr Newling will align the interests of the recipients with those of Shareholders; (c) the issue is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to Mr Newling; and (d) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Performance Rights on the terms proposed.		
Consideration of quantum of Securities to be issued	The number of Securities to be issued has been determined based upon a consideration of: (a) the significant value for all Shareholders that is anticipated from achieving any of the proposed key performance indicator vesting conditions; (b) the remuneration of the proposed recipients; and (c) incentives to attract and retain the service of the proposed recipients who have appropriate knowledge and expertise, while maintaining the Company's cash reserves. The Company does not consider that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Incentive Options upon the terms proposed.		
Remuneration package	The total remuneration package for each of the recipients for the previous financial year and the proposed total remuneration package for the current financial year are set out below:		
	Related Party	Current Financial Year ending 31 December 2026¹	Previous Financial Year ended 31 December 2025
	Mr Newling	\$312,000	\$79,384 ²
^{1.} Based on current annual contracted cash remuneration. ^{2.} Based on amount disclosed in the 2025 Annual report.			

Valuation	The Company values the Performance Rights using the Monte Carlo methodology. The value for the rights has not been determined at this time, but can be reasonably approximated at the most recent share price of the Company's Shares of \$0.083 per Incentive Performance Right using a Monte Carlo valuation. The potential maximum value of the Performance Rights is \$830,000.		
Interest in Securities	As at the date of this Notice, Mr Newling holds 20,000,000 Shares in the Company and will hold an additional 10,000,000 Performance Rights following completion of the issue.		
Dilution	If the milestones attaching to the Performance Rights issued under this Resolution are met and the Performance Rights are converted, a total of 10,000,000 Shares would be issued. This will increase the number of Shares on issue from 2,495,026,076 (being the total number of Shares on issue as at the date of this Notice) to 2,505,026,076 (assuming that no Shares are issued and no other convertible securities vest or are exercised) with the effect that the shareholding of existing Shareholders would be diluted by an aggregate of 0.40%.		
Trading history	The trading history of the Shares on ASX in the 3 months before the date of this Notice is set out below:		
		Price	Date
	Highest	\$0.13	3 February 2026 and 4 February 2026
	Lowest	\$0.066	23 March 2026 and 24 March 2026
	Last	\$0.083	2 April 2026
Additional information	Details of any Securities issued under the Plan will be published in the annual report of the Company relating to the period in which they were issued, along with a statement that approval for the issue was obtained under Listing Rule 10.14. Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of Securities under the Plan after this Resolution is approved and who were not named in this Notice will not participate until approval is obtained under Listing Rule 10.14.		
Other information	The Board is not aware of any other information that is reasonably required by Shareholders to allow them to decide whether it is in the best interests of the Company to pass this Resolution.		
Voting exclusion statement	A voting exclusion statement applies to this Resolution.		
Voting prohibition statement.	A voting prohibition statement applies to this Resolution.		

Board Recommendation: Mr Newling declines to make a recommendation to Shareholders in relation to Resolution 10 due to his material personal interest in the outcome of the Resolution on the basis that it may result in the issue of Performance Rights should Resolution 10 be passed.

The Chair of the Meeting intends to vote all undirected proxies in favour of Resolution 10.
