EXPLANATORY MEMORANDUM

GENERAL

This Explanatory Memorandum has been prepared for the information of Shareholders in connection with the business specified to be conducted at the Annual General Meeting of the Company. Among other things, this Explanatory Memorandum provides Shareholders with the information required to be provided to shareholders by the Corporations Act and the ASX Listing Rules.

The Directors recommend that Shareholders read this Explanatory Memorandum in full in conjunction with the accompanying Notice of which this Explanatory Memorandum forms a part.

1. ANNUAL REPORT

As required under section 317 of the Corporations Act, the Company's financial report, directors' report and auditor's report for the year ended 30 June 2025 ("**Annual Report**") will be tabled at the Annual General Meeting.

The Company will not provide a hard copy of the Annual Report to Shareholders unless specifically requested to do so. An electronic copy of the annual financial report is available on the Company's website: www.bcaldiagnostics.com

While no resolution is required in relation to this item, Shareholders will be given the opportunity to ask questions and make comments on the financial statements and reports. The Company's auditor, Pitcher Partners, will be present at the Meeting and Shareholders will have an opportunity to ask the auditor questions in relation to the conduct of the audit, the auditor's report, the Company's accounting policies and the independence of the auditor.

2. RESOLUTION 1 - REMUNERATION REPORT

The Corporations Act requires that at a listed company's Annual General Meeting, a resolution that the Remuneration Report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company. The Remuneration Report is part of the Directors' report contained in the annual financial report of the Company for the financial year ending 30 June 2025.

A reasonable opportunity will be provided for Shareholders to ask questions and make comments on the Remuneration Report at the Annual General Meeting.

Under the Corporations Act, if at least 25% of the votes cast on a remuneration report resolution vote against the report in two consecutive annual general meetings, the Company will be required at the second annual general meeting to put to Shareholders a resolution proposing the calling of an extraordinary general meeting at which all Directors of the Company who were in office at the date of approval of the applicable Directors' report must stand for re-election ("**Spill Resolution**").

If more than 50% of Shareholders vote in favour of the Spill Resolution, the Company must convene the extraordinary general meeting ("**Spill Meeting**") within 90 days of the second annual general meeting.

At the Company's 2024 Annual General Meeting, the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

Proxy Restrictions

If the Chair of the Meeting is your proxy (or becomes your proxy by default), you will be taken to have expressly authorised them to exercise your proxy in relation to Resolution 1 (Adoption of the Remuneration Report) though the Chair is, and the item is, connected directly or indirectly with the remuneration of a member of the Key Management Personnel of BCAL Diagnostics Limited. Shareholders will be informed of the proxy position and the manner in which the Chair intends to vote undirected proxies at the meeting.

Directors' Recommendation

Noting that each Director has a personal interest in their own remuneration from the Company as set out in the Remuneration Report, the Board recommends that Shareholders vote in favour of Resolution 1.

3. RESOLUTION 2 - RE-ELECTION OF DIRECTOR: MR JONATHAN TROLLIP

Mr Jonathan Trollip, who retires by rotation in accordance with rule 8.6(a) of the Constitution and Listing Rule 14.4 and, being eligible, offers himself for re-election as a director of the Company.

A brief profile of Mr Trollip is set out in the Annual Report of the Company.

If Resolution 2 is passed, Mr Trollip will be re-elected as a director of the Company and if Resolution 2 is not passed, Mr Trollip will cease to be a director of the Company.

Directors' Recommendation

The Board (other than Mr Trollip) recommends that Shareholders vote in favour of Resolution 2.

The Chair intends to vote undirected proxies in favour of Mr Trollip's re-election.

4. RESOLUTION 3 - APPROVAL OF CONVERTIBLE NOTE FACILITY AND ISSUE OF SHARES UNDER THE FACILITY

4.1 Background

On 20 October 2025 the Company announced a Convertible Note Facility to raise up to \$10 million to support its commercialisation strategy and for working capital.

The Company considered a number of different capital raising structures, and the Board determined that the Convertible Note Facility would offer the greatest flexibility to the Company as the Notes can either be repaid in cash, or satisfied via conversion into shares. The Board considers the Convertible Note Facility to be the most appropriate mechanism available to provide the Company with the funding it requires within a reasonable timeframe and on commercial terms.

The Company has received firm commitments for \$5 million under the Convertible Note Facility.

This Resolution seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of Shares to Convertible Note Investors on the terms and conditions outlined below.

4.2 Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The issue does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of the issue.

4.3 Technical information required by Listing Rule 14.1A

If this Resolution is passed, the Company will be able to proceed with the issue. In addition, the issue will be excluded from the calculation of the number of Equity Securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If this Resolution is not passed, the Company will not be able to proceed with the issue.

5. RESOLUTION 4 – APPROVAL OF ADDITIONAL 10% PLACEMENT CAPACITY

5.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Under Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

An "eligible entity" means an entity which is not included in the S&P/ASX300 Index and which has a market capitalisation of \$300 million or less at the date of the Meeting. The Company is an Eligible Entity for these purposes as at the date of this Notice.

Resolution 4 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval (**Additional Issuance Capacity**).

If Resolution 4 is not passed, the Company will not be able to access the Additional Issuance Capacity and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

The Board considers it is in the Company's best interests to have the opportunity to take advantage of the flexibility to issue additional securities provided under ASX Listing Rule 7.1A. As at the date of this Notice, no decision has been made by the Board to undertake any issue of securities under the Additional Issuance Capacity if Shareholders approve Resolution 17. The Board unanimously recommend that Shareholders vote in favour of Resolution 17.

The information below provides more background on ASX Listing Rule 7.1A and the disclosure required by ASX Listing Rule 7.3A.

5.2 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution:

(a) **Securities that may be issued under the Additional Issuance Capacity**

Under the Additional Issuance Capacity, the Company must issue Equity Securities belonging to an existing quoted class of the Company's Equity Securities. As at the date of this Notice, the Company has on issue one class of quoted Equity Securities, being fully paid ordinary shares (ASX Code: BDX).

(a) **Minimum Price**

Equity Securities issued under the Additional Issuance Capacity must be issued for cash consideration per security which is not less than 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX Trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the securities; or
- (ii) if the Equity Securities are not issued within 10 ASX Trading days of the date in section (i), the date on which the Equity Securities are issued.

The Company will disclose this information when Equity Securities are issued under the Additional Issuance Capacity.

5.3 Period for which approval will be valid

Shareholder approval of the Additional Issuance Capacity will be valid for the period commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; or
- (ii) the time and date of the Company's next annual general meeting; or
- (iii) if the Company receives Shareholder approval for a proposed transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) the time and date of that approval,

(Additional Issuance Period)

5.4 Risk of voting dilution

If Equity Securities are issued under the Additional Issuance Capacity, there is a risk of economic and voting dilution of existing Shareholders, including the following risks:

- (i) the market price for Equity Securities in the class of securities issued under the Additional Issuance Capacity may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A (that is, the date of the Meeting, if Resolution 4 is approved); and
- (ii) the Equity Securities may be issued under the Additional Issuance Capacity at a price that is at a discount to the market price for those Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the potential dilution of existing Shareholders on the basis of the market price of Shares and the number of ordinary securities for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A.2, both as at 4 October 2024.

The table also shows:

- (i) two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue as at 2 October 2025. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlement offer or securities issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future general meeting; and
- (ii) two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the market price as at 2 October 2025.

	Dilution			
Number of Shares on Issue	Issue Price (per Share)	\$0.035	\$0.07	\$0.14
		(50% decrease in current issue price)	(Current issue price)	(100% increase in current issue price)
365,967,890	Shares issued	36,596,789	36,596,789	36,596,789
Current	Funds Raised	\$1,280,888	\$2,561,775	\$5,123,550
548,951,835	Shares issued	54,895,184	54,895,184	54,895,184
(50% increase)*	Funds Raised	\$1,921,331	\$3,842,663	\$7,685,326
731,935,780	Shares issued	73,193,578	73,193,578	73,193,578
(100% increase)*	Funds Raised	\$2,561,775	\$5,123,550	\$10,247,101

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. On 2 October 2025 there are 365,967,890 Shares on issue.
2. The issue price set out above is the closing price of the Shares on the ASX on 2 October 2025.
3. The Company issues the maximum possible number of Equity Securities under the Additional Issuance Capacity.
4. The Company has not issued any other Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the Additional Issuance Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

8.6 Purpose of issues under Additional Issuance Capacity

The Company may issue Equity Securities under the Additional Issuance Capacity to raise cash to fund the following:

- (i) Further the development of the BCAL blood test for breast cancer
- (ii) general working capital expenses; and
- (iii) activities associated with its current business.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) upon issue of any Equity Securities pursuant to the approval sought by Resolution 4.

8.7 Allocation policy under the Additional Issuance Capacity

The Company's allocation policy and the identity of the recipients of Equity Securities issued under the Additional Issuance Capacity will be determined on a case-by-case basis at the time of issue and in the Company's discretion.

No decision has been made in relation to an issue of Equity Securities under the Additional Issuance Capacity, including whether the Company will engage with new investors or existing Shareholders, and if so the identities of any such persons.

However, when determining the allocation policy and the identity of the recipients, the Company will have regard to the following considerations:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Recipients may include existing Shareholders or new investors, but not persons who are related parties or associates of related parties of the Company.

8.8 Previous issues under the Additional Issuance Capacity

The Company received shareholder approval under Listing Rule 7.1A. at its previous Annual General Meeting held on 22 November 2024.

No shares have been issued under Listing Rule 7.1A since 22 November 2024.

8.9 Voting Exclusion

A voting exclusion for Resolution 4 is included in the Notice of Meeting. At the time of dispatching this Notice, the Company is not proposing to make an issue of Equity Securities under the Additional Issuance Capacity, and the persons to whom any Equity Securities under the Additional Issuance Capacity may be issued are not as yet known or identified. Where it is not known who will participate in the proposed issue, Shareholders must consider the proposal on the basis that they may or may not get a benefit and that it is possible that their holding will be diluted, and there is no reason to exclude their votes.

No existing Shareholders' votes will therefore be excluded from voting on Resolution 4.
