About BLS Pharmaceuticals Limited

BLS Pharmaceuticals Limited (ASX:BLS) is an Australian pharmaceutical company focused on the manufacture, development and commercialisation of regulated therapeutic products and active pharmaceutical ingredients. Through its wholly owned subsidiary, Breathe Life Sciences, the Company operates a GMP-licensed manufacturing, import, export and distribution platform spanning medicinal cannabis, psychedelic medicines and other controlled pharmaceutical products.

BLS maintains operations across Australia, Europe, the United Kingdom and Japan, supplying pharmaceutical products and manufacturing services to regulated international markets through a growing network of commercial partners.

About Breathe Life Sciences (BLS)

Breathe Life Sciences (BLS) is a wholly owned subsidiary of BLS Pharmaceuticals Limited and a GMP-licensed manufacturer, wholesaler, importer and exporter of controlled substances, including medicinal cannabis, psilocybin and MDMA.

Established in 2018, BLS has developed an international pharmaceutical manufacturing and distribution platform with operations across Australia, Japan, Scotland (UK) and Europe. The business specialises in final dose-form manufacturing, pharmaceutical distribution, contract manufacturing, international supply and the development of regulated therapeutic products.

BLS sources pharmaceutical raw materials and active pharmaceutical ingredients from a global supplier network and manufactures products for both its own brands and third-party customers. The Company owns the Dr Watson® brand portfolio across multiple international markets and supplies pharmaceutical products, active pharmaceutical ingredients and manufacturing services to customers globally.

In addition to its medicinal cannabis operations, BLS holds licences and capabilities supporting the manufacture, import, export and distribution of a range of regulated pharmaceutical products, positioning the business to participate in emerging therapeutic markets, including psychedelic medicines.
