"That the Remuneration Report for Blue Energy Limited for the financial year ended 30 June 2025 is adopted."

Note: Under the Corporations Act, the vote on this Resolution is advisory only and does not bind the Company or the Directors. The Directors will consider the outcome of the vote and comments made by shareholders on the Remuneration Report at the Meeting when reviewing the Company's remuneration policies. In addition, please refer to the Explanatory Memorandum for an explanation of the consequences of 25% or more eligible votes being cast against this resolution.

Voting Exclusion Statement

In accordance with the Corporations Act, votes must not be cast, and the Company will disregard any votes cast, on Resolution 1:

- (a) by or on behalf of either a member of the Key Management Personnel for the Company ("**KMP**"), details of whose remuneration are included in the Company's Remuneration Report for the financial year ended 30 June 2025, or an associate or closely related party of such a member, regardless of the capacity in which the vote is cast; and

- A proxy need not be a Shareholder.
- The proxy can be either an individual or a body corporate.
- If a proxy is not directed how to vote on an item of business, the proxy may vote, or abstain from voting, as they think fit.

EXPLANATORY MEMORANDUM

Introduction

This Explanatory Memorandum has been prepared for the information of Shareholders of the Company to explain the Resolutions to be put to the Shareholders at the Meeting to be held at Christies Spaces, Level 1, 320 Adelaide Street, Brisbane, Queensland on Tuesday, 18 November 2025 at 11:00am (Brisbane time).

Terms and abbreviations used in this Explanatory Memorandum have the meaning given in Schedule 1.

FINANCIAL STATEMENT AND REPORTS

The Corporations Act requires that the Director's Report, Financial Report and the Auditor's Report be laid before Shareholders at the Meeting.

The Company's Annual Report (which includes the reports to be laid before the Meeting) was released to ASX on 24 September 2025 and a copy of which is available on the Company's website at www.blueenergy.com.au.

Apart from the matters involving remuneration of the Company's KMP, which is the subject of Resolution 1, a vote of Shareholders on these reports is not required at the Meeting. However, Shareholders will be given a reasonable opportunity to raise questions and make comments on these reports at the Meeting.

Shareholders may also submit written questions to the Company's auditor, Pitcher Partners if the question is relevant to the content of the Audit Report, or the conduct of its audit of the Company's Annual Report for the year ended 30 June 2025. Relevant written questions for the auditor must be delivered by 5.00pm (Brisbane Time) on Wednesday, 12 November 2025. Please send any written questions for the auditor to Mr. Jason Evans, Partner, Pitcher Partners, Level 38, 345 Eagle Street, Brisbane or:

jevans@pitcherpartners.com.au.

Resolution 1 – Adoption of 2025 Remuneration Report

The Corporations Act requires listed entities to put a Remuneration Report relating to director and executive remuneration for each financial year to a resolution of members at their annual general meeting. The Remuneration Report for the Company has been included in the Company's 2025 Annual Report. Under section 250R(3) of the Corporations Act, the vote on the Remuneration Report is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into consideration when reviewing the remuneration practices and policies of the Company.

If, at 2 consecutive annual general meetings of the Company, 25% or more of the votes cast on a resolution that the Remuneration Report be adopted are against the adoption of the Remuneration Report, the Company will be required to put to Shareholders a resolution at the second annual general meeting proposing the calling of an extraordinary general meeting to consider the election of Directors of the Company (known as a "spill resolution"). If more than 50% of Shareholders vote in favour of the spill

resolution, the Company must convene an extraordinary general meeting (known as a “spill meeting”) within 90 days of the spill resolution.

All of the Directors who were in office when the Remuneration Report (being, the report laid before the second annual general meeting) was approved by the Board (other than the Managing Director) will cease to hold office immediately before the end of the spill meeting but may stand for re-election at the spill meeting. Following the spill meeting, those persons whose re-election as Directors is approved will remain Directors of the Company.

The Company’s remuneration report for the financial year ended 30 June 2024 was adopted at the 2024 Annual General Meeting of the Company held on 12 November 2024 by more than 75% of the eligible votes cast.

In compliance with section 300A of the Corporations Act, the Remuneration Report sets out the Company’s policy for determining the nature and amount of remuneration for the Directors and specified executive officers of the Company.

During this item of business, there will be opportunity for Shareholders at the Annual General Meeting to comment on and ask questions about the Remuneration Report. Resolution 1 is proposed as an ordinary resolution and will be passed if more than 50% of the votes cast by Shareholders entitled to vote are in favour of that Resolution. However, please refer above for an explanation of the consequences of 25% or more of the eligible vote being cast against Resolution 1. Shareholders’ attention is drawn to the voting exclusion statement in relation to Resolution 1 in the Notice of Annual General Meeting.

Recommendation

The Directors of the Company unanimously recommend that Shareholders vote **FOR** this Resolution.

Subject to the voting exclusions set out in the Notice of Meeting the Chair of the Meeting intends to vote all available proxies in favour of this Resolution.

Resolution 2 - Re-election of Mark Hayward as a Director

Rule 6.3 of the Constitution requires that one third of the Directors must retire at each annual general meeting and a Director must continue in office for a period no longer than 3 years following that date the Director was last elected. Rule 6.3 also provides that any Director who so retires is eligible for re-election at the Meeting.

Mr Mark Hayward will retire by rotation and offers himself for re-election. Mr Hayward was last elected to the Board by shareholders at the Company’s 2023 Annual General Meeting and will accordingly resign at the meeting through the operation of Rule 6.3 and seeks re-election under Resolution 2.

Mr Hayward has served as a Non-Executive Director since February 2021.

The Board believes that Mr Hayward has performed the duties and responsibilities of a Director and as the Independent Chair of the Risk and Audit Committee, diligently and professionally and in the best interests of all Shareholders.

Mr Mark Hayward

Mark joined the Board following a long and distinguished career with Ernst and Young (EY) where he held various Australian and International roles as a senior executive and audit partner, with particular experience acting as auditor for large clients in the domestic and international energy sector. In these roles, Mark also

gained extensive expertise in advising Boards on governance, strategy, accountability, financial, sustainability and risk management issues.

In addition to Mark being a member of the Board, he has since his appointment carried out the role of independent Chair of the Board's Risk and Audit Committee.

Mark's reputation in the audit and wider business community is one of considerable respect for his skills, experience and ability in guiding Boards and their executive teams through frank advice in the areas of financial management, regulatory compliance, audit, strategy and rigorous and effective financial control. Mark further strengthens the Blue Energy Board in these areas as the company grows from pure explorer to east coast domestic gas supplier.

Recommendation

The Board (with Mr Hayward abstaining) unanimously supports the re-election of Mr Hayward as a Non-executive Director of the Company and recommend that Shareholders vote **FOR** this Resolution.

Special Resolution 3 – Approval of 10% Placement Capacity

ASX Listing Rule 7.1A enables eligible entities to seek the approval of the holders of its ordinary securities to issue Equity Securities up to 10% of its issued share capital (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1. An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a Special Resolution to have the ability to issue Equity Securities under the 10% Placement Facility. The exact number of Equity Securities that may be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2, which is detailed below.

The effect of Resolution 3 will be to allow the Directors to issue the Equity Securities in any existing quoted class, under ASX Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under ASX Listing Rule 7.1.

If Resolution 3 is passed the Company will be able to issue Equity Securities up to the combined limit of both Listing Rules 7.1 and 7.1A.

If Resolution 3 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities provided for in Listing Rule 7.1A and will remain subject to the 15% capacity limit under Listing Rule 7.1 only.

Resolution 3 is a Special Resolution and therefore requires approval of 75% of the votes cast by Shareholder's present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative) are cast in favour of the resolution.

Additional Information

a) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company. The Company, as at the date of the Notice, has on issue only one type of Equity Securities quoted on ASX being ordinary shares.

b) Formula for calculating 10% Placement Facility

ASX Listing Rule 7.1A.2 provides those eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during up to a 12-month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of fully paid ordinary securities on issue 12 months before the date of the issue or agreement:

- i) plus the number of fully paid ordinary securities issued in the 12 months under an exception in ASX Listing Rule 7.2 (other than exception 9, 16 or 17);
- ii) plus the number of fully paid ordinary securities issued in the 12 months on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - a. the convertible securities were issued or agreed to be issued before the commencement of the 12 months; or
 - b. the issue of, or agreement to issue, the convertible securities was approved, or taken under the ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;
- iii) plus the number of fully paid ordinary securities issued in the 12 months under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:
 - a. the agreement was entered into before the commencement of the 12 months; or
 - b. the agreement or issue was approved, or taken under the ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;
- iv) plus the number of partly paid ordinary securities that became fully paid in the 12 months;
- v) plus the number of any other fully paid ordinary securities issued in the 12 months with approval of holders of shares under ASX Listing Rules 7.1 or 7.4,

Note: This may include fully paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 17 where the issue is subsequently approved under rule 7.1.
- vi) less the number of fully paid ordinary securities cancelled in the 12 months.

Note: A has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement where the issue or agreement has not been subsequently approved by the holders of its ordinary securities under ASX Listing Rule 7.1 or ASX Listing Rule 7.4.

c) Minimum Issue Price

The issue price of Equity Securities issued under Listing Rule 7.1A.2 must be not less than 75% of the volume weighted average market price of Equity Securities in the same class, calculated over the 15 Trading Days on which trades in that class were recorded immediately before:

- 1) the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the securities; or
- 2) if the Equity Securities are not issued within 10 Trading Days of the date in paragraph (1) above, the date on which the Equity Securities are issued.

d) 10% Placement Period

An approval of the 10% Placement Facility under ASX Listing Rule 7.1A commences on the date of the Meeting and expires on the earlier to occur of:

- 1) the date that is 12 months after the date of the Meeting at which the approval is obtained; or
- 2) the time and date of the Company's next annual general meeting; or
- 3) the time and date of the approval by the holders of the Company's ordinary securities of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

(“10% Placement Period”).

e) Use of funds

The Company may seek to issue the Equity Securities under LR 7.1A and if it does so these must only be issued for cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expenses associated with such acquisition), continued exploration and feasibility study expenditure on the Company's current assets and/or general working capital.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 upon issue of any Equity Securities.

f) Allocation policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- 1) the methods of raising funds that are available to the Company, including but not limited to, placement, rights issue or other issue in which existing security holders can participate;
- 2) the effect of the issue of the Equity Securities on the control of the Company;
- 3) the financial situation and solvency of the Company; and
- 4) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice of Meeting but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company were to pursue an acquisition and were it to be successful in acquiring new resource assets or investments, it is possible that the allottees under the 10% Placement Facility will be the vendors of the new resource assets or investments.

g) Previous approval under ASX Listing Rule 7.1A

The Company has previously obtained approval under ASX Listing Rule 7.1A at the 2024 annual general meeting held on 12 November 2024. The Company has not issued or agreed to issue any Shares in the period of 12 months preceding the date of the 2025 AGM pursuant to this previous approval sought under Listing Rule 7.1A.

h) Voting exclusion

A voting exclusion statement is included in the Notice of Meeting. At the date of the Notice, the Company is not proposing to make and issue of Equity Securities under LR 7.1A and has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice of Meeting.

i) Dilution risk

If Resolution 3 is passed by Shareholders as a Special Resolution and the Company issues Equity Securities under the 10% Placement Facility, there is a risk of economic and voting dilution to existing ordinary security holders, including the risk that:

- 1) the market price for the Company's Equity Securities in that class may be significantly lower on the date of the issue of the Equity Securities than on the date of the approval under LR 7.1A; and
- 2) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date.

---	---	---	---	---

*The Deemed Price was the closing price of the Shares on the ASX on 26 September 2025.
**All Voting Dilution and Funds Raised numbers in the table have been rounded to nearest whole number.

The above table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable “A” calculated in accordance with the formula in ASX Listing Rule 7.1A.2 as at the date of this Notice of Meeting.

The table also shows the hypothetical voting dilution impact where the number of Shares on issue (variable ‘A’ in the formula) changes. Specifically, the table shows two examples where variable ‘A’ (being the number of fully paid Shares on issue as at the date of the Meeting) has increased by 50% and 100%. These examples of 50% and 100% increase in Variable “A” are provided as required under ASX Listing Rule 7.3A.4. It also provides examples of where the price of the Shares have fallen by 50% and increased by 100% as against the Deemed Price.

The table has been prepared on the following assumptions:

- i) There are 2,128,619,635 ordinary shares on issue as at the date of this Notice of Meeting.
- ii) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- iii) No unlisted options are exercised or any are converted into Shares or any unlisted performance rights vest and are converted into Shares before the date of the issue of the Equity Securities under ASX Listing Rule 7.1A. The Company has NIL unlisted options and NIL unlisted performance rights on issue at the date of this Notice of Meeting.
- iv) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- v) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder’s holding at the date of the Meeting.
- vi) The table shows only the effect of issues of Equity Securities under ASX Listing Rule 7.1A and does not consider issues under the 15% placement capacity under ASX Listing Rule 7.1.
- vii) The issue of Equity Securities under the 10% Placement Facility consists only of ordinary shares in the Company. The table does not demonstrate the effect of listed or unlisted options being issued under ASX Listing Rule 7.1A.
- viii) The issue price for ordinary shares in the Company is deemed for the purposes of the table to be \$0.007 (**Deemed Price**), being the closing price of these shares on ASX on 26 September 2025.

This price is indicative only and does not consider the 25% discount to market that these shares may be issued at.

- ix) 'A' is the current number of fully paid ordinary shares on issue and assumes full placement capacity available.

Recommendation

The Directors consider that the approval of the issue of the 10% Placement Facility described above is beneficial for the Company as it provides the Company with the flexibility to issue up to the maximum number of securities permitted under ASX Listing Rule 7.1A in the next 12 months (without further Shareholder approval), should such an issue be required.

Accordingly, each of the Directors recommends that Shareholders vote in favour **FOR** Resolution 3.

The Chair of the Meeting intends to vote all available proxies in favour of this resolution.

How to Vote on Items of Business

All your securities will be voted in accordance with your directions.

APPOINTMENT OF PROXY

Voting 100% of your holding: Direct your proxy how to vote by marking one of the boxes opposite each item of business. If you do not mark a box your proxy may vote or abstain as they choose (to the extent permitted by law). If you mark more than one box on an item your vote will be invalid on that item.

Voting a portion of your holding: Indicate a portion of your voting rights by inserting the percentage or number of securities you wish to vote in the For, Against or Abstain box or boxes. The sum of the votes cast must not exceed your voting entitlement or 100%.

Appointing a second proxy: You are entitled to appoint up to two proxies to attend the meeting and vote on a poll. If you appoint two proxies you must specify the percentage of votes or number of securities for each proxy, otherwise each proxy may exercise half of the votes. When appointing a second proxy write both names and the percentage of votes or number of securities for each in Step 1 overleaf.

A proxy need not be a securityholder of the Company.
