Sustainability initiatives

Achievements in FY25

Environment

Net Zero by 2025¹

Net Zero from 1 July 2025, achieved through existing on-site solar generation, off-site renewable electricity supplied through our PPA with Engie, and nature based carbon offsets.

Clean energy

16.5MW of solar installed, contributing to achieving Net Zero².
11.3MWh of installed battery capacity at six sites. Two additional installations scheduled in FY26 and three more applications under progress.

Circular economy

8% uplift in waste diverted from landfill across our shopping centre portfolio from FY24.

Social

Empowering vulnerable women

\$222,679 in social procurement spend with Two Good Co, increasing awareness and supporting women and children seeking refuge from domestic violence via *Two Is Better Than One* campaign.

First Nations

Supported 73 local schools celebrate indigenous culture via *Drawing Us Together* campaign across 18 shopping centres. Over 1,195 students and 22,224 community votes were engaged. Seven First Nations authors were employed for the campaign.

Supporting local causes

Partnered with 10 charity groups across eight centres on *Community Cheer* gift-wrapping campaign, raising >\$22,900 for diverse local causes.

Governance

ESG leadership

Achieved a ranking of 2nd in Australia and New Zealand for listed Retail entities in the 2024 GRESB Report and maintained A level Public Disclosure.
Achieved 'Negligible Risk' under Sustainalytics.

Green Star

CQR is working towards maintaining Green Star Performance certification in the updated version of the tool.

Responsible supply chain

Updated training on modern slavery for all Charter Hall Group employees, and continued industry collaboration to support knowledge sharing. More information in [Modern Slavery Statement](#).

1. Scope 1 and Scope 2 emissions for existing assets that fall under the operational control of the responsible entity for CQR and subject to surrender of large-scale energy certificates and nature-based carbon offsets
2. Year on year decrease in solar capacity attributed to divestments
