**–ENDS–**

This announcement has been authorised for release to the ASX by the Company Secretary.

### About Calix

Calix Limited is an industrial technology company transforming the way the world’s essential materials are made.

Designed to enable flexible energy use and electric heating, more efficient resource use, and the capture of unavoidable carbon dioxide emissions, Calix’s patented platform technology is being developed to enable more competitive metal and mineral processing today, and future-proof solutions for a more sustainable tomorrow.

From cement and lime to iron and steel, alumina, critical minerals, water treatment and carbon dioxide removal—and alongside a network of strategic partners—Calix is building multiple businesses to deliver positive global impact.

Because Mars is for quitters.
