

ASX ANNOUNCEMENT

21 August 2026

FY26 Results Update

DGL Group Limited (ASX: DGL), (DGL, the Group or the Company) DGL Group Limited (ASX: DGL) expects to announce its full year financial results for the year ended 30 June 2026 by Monday, 31 August 2026.

The results release and presentation will be available following lodgement with ASX and on the DGL Group website at <https://www.dglinvestors.com/Investor-Centre/>.

Based on preliminary results that are still subject to final audit adjustments, revenue in H2 FY26 increased to \$232.7m up 4.4% on H1 FY26 contributed to by higher 2nd half revenues in Manufacturing and Transport operations.

Earnings in H2 FY26 were impacted by significantly increased raw material purchase costs due to the Middle East conflict, increased international shipping rates, increased competition including low-cost imports of Chinese formulated chemical products, and a general cooling of business and consumer sentiment. These impacts were more pronounced towards the end of H2 FY26, and in June 2026 in particular.

As a result, earnings in H2 FY26 were impacted, with an estimated underlying net loss before tax of between -\$8.5 to - \$9.5m in H2 FY26, compared to a gain of \$2.4m in H1 FY26.

DGL has responded to the changed business conditions by reducing controllable operating costs including employee and occupancy costs and accelerating the consolidation and integration of its operations.

The results are subject to further adjustment as the final stages of the audit process are completed. Full details and further information will be provided with DGL's FY26 full year results to be released by 31 August 2026.

- ENDS -

This announcement has been authorised for release to the ASX by the Board of Directors of DGL Group Limited.
