Appointment of Interim Chief Financial Officer

Dataworks Group Limited (ASX: **DWG**) (“Dataworks” or “the Company”) is pleased to advise the appointment of Ms Anna Hooper as Interim Chief Financial Officer, effective immediately.

Ms Hooper has been engaged on an initial three-month contract, with the potential to transition to a permanent role subject to agreement between both parties.

Ms Hooper is a highly experienced finance executive and ASX-listed company CFO with more than 25 years’ experience across listed and multinational organisations including SciDev Limited, ASX Limited, Wesfarmers Industrial & Safety, Endeavour Energy, Nuplex Industries and Qantas Airways.

In her most recent role as CFO of SciDev Limited, she oversaw a period of significant growth and international expansion. Her experience spans financial leadership, capital management, investor relations, governance, strategic transactions and operational transformation across complex growth businesses.

Dataworks Chairman Julian Babarczy said:

“Anna brings deep ASX-listed company experience, strong commercial acumen and a proven ability to support businesses through periods of growth and transformation. The Board is pleased to welcome her to Dataworks and looks forward to working with her.”

Ms Hooper will work closely with outgoing CFO Mr Matthew Johnson over the coming transition period to ensure an orderly handover of responsibilities and continuity across the Company’s finance function.

About Dataworks

Dataworks Group Limited (ASX:DWG) is a leading Regulated Gaming Technology (RegTech) company, specializing in unique innovative technologies to combat problem gambling.

Dataworks’ solutions, include **BetStop™ - The National Self-Exclusion Register (NSER)**, which enables vulnerable individuals to safeguard themselves from the harms of gambling addiction. The NSER, operated exclusively for the Australian Government, empowers Australians to self-exclude from all licensed interactive wagering services for periods ranging from three months to a lifetime.

Dataworks also delivers the Centralised Self-Exclusion (“CSE”) solution for iGaming Ontario in Canada, one of the world’s largest regulated online gambling markets. The Company provides a real-time, centralised exclusion platform integrated across licensed operators, together with end-to-end managed contact centre services supporting participant onboarding and ongoing engagement. This integrated solution further demonstrates Dataworks’ ability to deliver both technology and operational infrastructure for large-scale, mission-critical regulatory programs, reinforcing the scalability and global applicability of its platform.

As a pioneer in regulated gaming technology, Dataworks is driving social impact by delivering secure, scalable, and ESG-aligned solutions for governments and operators worldwide. Leveraging its deep heritage and expertise in data security and compliance, Dataworks is redefining the future of responsible gambling technologies on a global scale.
