## Distribution Reinvestment Plan (DRP)

The DRP remains inactive. As a consequence, the DRP will not operate for this distribution payment.

- 1 For the purposes of statutory reporting, the stapled entity, known as DXS, must be accounted for as a consolidated group. Accordingly, one of the stapled entities must be the "deemed acquirer" of all other entities in the group. Dexu Property Trust has been chosen as the deemed acquirer of the balance of the DXS stapled entities, comprising Dexu Operations Trust and its consolidated entities.
- 2 FFO is in line with Property Council of Australia definition and comprises net profit/loss after tax attributable to stapled security holders, calculated in accordance with Australian Accounting Standards and adjusted for: property revaluations, impairments and reversal of impairments, derivative and foreign exchange mark-to-market impacts, fair value movements on investments accounted for at fair value, fair value movements of interest bearing liabilities, amortisation of tenant incentives, gain/loss on sale of certain assets, straight line rent adjustments, non-FFO tax expenses, certain transaction costs, one-off significant items, amortisation of intangible assets, movements in right-of-use assets and lease liabilities, rental guarantees and coupon income.
- 3 Underlying FFO excludes trading profits (net of tax).
- 4 The Directors consider the Property Council of Australia's (PCA) definition of AFFO to be a measure that reflects the underlying performance of the Group. AFFO in accordance with guidelines provided by the Property Council of Australia (PCA): comprises FFO (refer to Note 2 above) less maintenance capital expenditure and lease incentives.
- 5 Reflects distribution policy to payout 80-100% of AFFO.
