Matters subsequent to the end of the financial period

In November 2024, the Board agreed to issue options to the holders of fully paid ordinary shares in the company after July 2020 on a pro-rata basis. The options are subject to the following terms:

- 4 options for every 1 share held;
- exercise price of 20 cents;
- vesting upon the Company's share price reaching \$1.00, based on a VWAP calculation;
- expiry date of 4 years from the date of vesting; and
- to the extent not already satisfied at the date on which the Shares were originally issued, subject to the holder having paid \$3,000 per share prior to the exercise of any option.

On 16 May 2025 an Agreement has been entered between the Company and its Lead Manager, that a minimum of 3 million and maximum of 5 million options will be issued to the Lead Manager upon the successful IPO. On 24 December 2024 the company entered agreement with 10 investors to raise \$2,000,000 via the issuance of convertible notes. Note 1. Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity incurred a loss of \$1,471,513 and had net cash outflows from operating activities of \$1,271,835 for the half-year ending 31 December 2024. As at that date the consolidated entity had net current assets of \$61,458 and net assets of \$2,912,430.

These factors indicate a material uncertainty which may cast significant doubt as to whether the consolidated entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The Directors believe that there are reasonable grounds to believe that the consolidated entity will be able to continue as a going concern, after consideration of the following factors:

- The Group has cash balance of approximately \$770,000 as of May 2025;
- The Company is in the advanced stages of completing an Initial Public Offering (IPO) transaction to offer a minimum of 20,000,000 Public Offer Shares and up to 30,000,000 Public Offer Shares at an issue price of \$0.20 each to raise a minimum of \$4,000,000 (before costs) ("Minimum Subscription") and up to \$6,000,000 (before costs) ("Maximum Subscription") ("Public Offer"). An application for In-Principle Advice has been submitted to the ASX. The Directors are confident that the minimum subscriptions will be achieved through the support of existing shareholders; and
- The directors believe that the available cash balance along with additional funding from eminent IPO will be adequate to fund operations for the 12 months following the date of the financial report.

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the consolidated entity does not continue as a going concern.

Note 2. Operating segments

Identification of reportable operating segments

The consolidated entity operates in the minerals exploration sector. The principal activity of the Company is exploration for mineral sands in Bangladesh. The consolidated entity classifies these activities under a single operating segment, the Bangladeshi exploration projects. Regarding this exploration operating segment, the Chief Operating Decision Maker (determined to be the Board of Directors) receives information on the exploration expenditure incurred and makes decisions based on this data. There is no aggregation of operating segments.

We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial report, which indicates that the Group incurred a net loss of \$1,471,513 and had net cash outflows from operating activities of \$1,271,835 for the half-year ended 31 December 2024. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Everlast Minerals Ltd are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
