EVZ Limited, CEO Scott Farthing said.

"The result reflects meaningful improvement across the group's Energy & Resources and Building Products businesses.

It is pleasing to deliver a meaningful improvement in our financial and operational performance over the first half of the financial year. Our performance has been improving steadily across all our business units and is a positive reflection of our teams working together more collaboratively and growing customer demand for our services.

The declaration of a fully franked interim dividend marks a notable milestone for the Company, reinforcing its strengthened financial position and confidence in ongoing performance."
