

## **EXCITE APPOINTS SPARK PLUS AS INVESTOR RELATIONS ADVISOR TO BROADEN MARKET REACH**

**Excite Technology Services Limited (Excite or the Company)** (ASX: EXT) is pleased to announce the appointment of Spark Plus Pte Ltd (**Spark Plus**) as investor relations advisor.

The engagement follows a period of meaningful operational and financial improvement across the Excite Group. Over the past six months, the Company has implemented a range of cost discipline and business enhancement measures that have materially strengthened the Group's financial position, culminating in the delivery of record operational cash flows in the December 2025 quarter. With this improved foundation in place, the Board has moved to actively broaden the Company's investor reach and enhance its market profile, particularly across Australia and South East Asia, which are the primary markets in which the Group operates.

Spark Plus Pte Ltd is a Singapore-based corporate advisory who has an established track record of supporting listed companies with investor engagement and capital markets access across the Asia-Pacific region.

Over an initial six-month term, Spark Plus will support the Company through quarterly investor roadshows, independent research coverage, group webinars and corporate access days, social media and Bloomberg platform presence, and targeted media outreach, drawing on its established network of institutional investors, family offices, private banks and brokers across the Asia-Pacific region.

Excite, in conjunction with Spark Plus, will commence a non-deal roadshow from 22 June 2026 across Singapore and Hong Kong. The roadshow is intended to broaden the Company's investor reach, deepen engagement with existing and prospective institutional investors, and increase awareness of Excite's business, strategy and growth opportunities across key financial markets.

In consideration of the Company's strategy to preserve cash, Spark Plus has agreed to receive 10,606,061 fully paid ordinary shares in consideration for their services for the 6 month period.
