

FirstWave to Launch AI Powered Security Compliance - Product Update Webinar Notification

FirstWave Cloud Technology Limited (ASX: FCT) (FirstWave), advises it will host an investor update by webinar at 3pm (AEDT) on Wednesday 26 November 2025. During this session, management will provide a brief update on the Company's strategic direction and will demonstrate and share their newly developed AI driven security compliance software.

With an estimated 150,000 organisation using the free version of Open-Audit, FirstWave is a global leader in the field of network discovery and IT Audit.

FirstWave will describe the strategic positioning, market applications, and deliver a live demonstration of their AI powered security compliance features which will be released to their global user base on 27 November (PST).

Key Highlights:

- How Open-Audit has evolved: - technology uplift, compliance capability, AI, and integrations
- Competitive positioning
- New features: compliance dashboards, AI vulnerability insight, automation and integrations
- Product live demonstration.

The webinar will be hosted by:

- Roger Buckeridge - Chair
- Danny Maher - Managing Director & Chief Executive Officer
- Sharon Hunneybell - VP of Products

A Q&A session for investors will follow the presentation.
