auditor. A copy of this nomination is attached to this Explanatory Statement as Annexure A. HLB has given their written consent to act as the Company's auditor.

Resolution 6: Non-Executive Directors Remuneration

(a) Background

Clause 6.4 of the Constitution requires that the shareholders in a general meeting can approve an increase to the specified amount payable to non-executive Directors.

ASX Listing Rule 10.17 provides that an entity must not increase the total aggregate amount of directors' fees payable to all of its non-executive directors without the approval of holders of its ordinary securities.

The Company has not set a total aggregate remuneration payable to non-executive Directors. By this Resolution, the proposed amount of total aggregate remuneration that may be paid to non-executive Directors is \$350,000 per annum. This has been determined after reviewing similar companies listed on ASX and the Directors believe that this level of remuneration is in line with maximum approved levels of corporate remuneration of similar companies. No maximum total aggregate amount that may be paid to non-Executive Directors of the Company has been approved previously.

Resolution 6 seeks Shareholder approval to set the total aggregate remuneration that may be paid to non-executive Directors to \$350,000 per annum.

A summary of non-Executive Directors Remuneration for the 2024 and 2025 financial years is set out on pages 7 and 8 of the Company's Annual Report. Current non-executive Directors cash remuneration is detailed below.

Non-executive Director	\$ Annual fees (plus superannuation)
Rhoderick Gordon John Grivas (Chair)	\$70,000
Francesco Cannavo	\$60,000
Zhi Zheng	\$60,000
Total	\$190,000

(b) Technical information required by Listing Rule 14.1A

If Resolution 6 is passed, the Company will have an increased non-executive Director fee pool of \$350,000.

If Resolution 6 is not passed this will not affect the proposed remuneration of the current

non-executive Directors for the current financial year but in the long term this may affect the Company's ability to attract additional non-executive Directors and retain existing non-executive Directors.

It is noted that it is not presently intended to increase non-Executive Directors remuneration or distribute all of the \$350,000 (if approved) in the current year, rather it will assist in accommodating any increase in the number of directors and provide the flexibility to allow payment of appropriate fees over time.

(c) Additional information required by ASX Listing Rule 10.17

The following information in relation to Resolution 6 is provided to Shareholders for the purposes of ASX Listing Rule 10.17:

- i. the Company is proposing to increase the total aggregate amount per annum to be paid to the Non-executive Directors by \$190,000 to \$350,000 per annum;
- ii. the proposed maximum aggregate amount per annum to be paid to all Non-Executive directors is \$350,000
- iii. no securities have been issued to a non-executive Director under ASX Listing Rule 10.11 or 10.14 with the approval of Shareholders of the Company at any time within the preceding three years; and
- iv. a voting exclusion statement is included in the Notice of Meeting for Resolution 6.

Item 3 – Special Resolutions

Resolution 7 - Approval of additional placement capacity

1. ASX Listing Rule 7.1A

Under ASX Listing Rule 7.1A, an “eligible entity” may, subject to shareholder approval by way of special resolution, issue Equity Securities comprising up to 10% of its issued share capital over a 12-month period commencing after the annual general meeting (**10% Placement Capacity**). The 10% Placement Capacity is in addition to the normal 15% Placement Capacity under ASX Listing Rule 7.1.

An “eligible entity” for the purposes of ASX Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less.

The Company's anticipated market capitalisation on being admitted to the official list of ASX on or around 29 October 2025 will be \$8.86 million. Therefore, the Company confirms that it is an “eligible entity” for the purposes of ASX Listing Rule 7.1A and is seeking Shareholder approval, by way of special resolution, for the Company to have an additional 10% Placement Capacity provided in ASX Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

Resolution 7 seeks Shareholder approval for the Company to have the additional 10% Placement Capacity provided for in the ASX Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

Resolution 7 is a special resolution and requires approval of 75% of the votes cast by Shareholders present and eligible to vote. Therefore, if Resolution 4 is approved, the Directors will be allowed to issue Equity Securities of up to 25% (up to 10% pursuant to ASX Listing Rule 7.1A and up to 15% pursuant to ASX Listing Rule 7.1) of the Company's issued share capital without any further Shareholder approval.

In this regard, if Resolution 7 is approved, any Equity Securities issued under the 10% Placement Capacity as provided for in ASX Listing Rule 7.1A must be in the same class as an existing class of quoted Equity Securities, and the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as summarised below).

Upon the Company being admitted to the official list of ASX, the Company will have one class of quoted Equity Securities on issue, being the Shares (ASX Code: GDR) .

If Resolution 7 is not approved, the Company will not be able to access the 10% Placement Capacity, as provided for in ASX Listing Rule 7.1A, to issue Equity Securities without Shareholder approval, but will still be allowed to issue Equity Securities of up to 15% of the Company's issued capital pursuant to ASX Listing Rule 7.1.

Formula for calculating 10% Placement Capacity

ASX Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

(A x D) – E

A is the number of ordinary shares on issue 12 months before the date of issue or agreement (**relevant period**) to issue:

- a) plus, the number of fully paid ordinary shares issued in the relevant period under an exception in ASX Listing Rule 7.2 (other than exceptions 9, 16 or 17);
- b) plus the number of fully paid ordinary shares issued in the relevant period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - (A) the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or

- (B) the issue of, or agreement to issue, the convertible securities was approved, or taken under ASX Listing Rules to have been approved, under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;
 - c) plus the number of fully paid ordinary shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:
 - (A) the agreement was entered into between the commencement of the relevant period; or
 - (B) the agreement or issue was approved, or taken under ASX Listing rules to have been approved, under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;
 - d) plus the number of any other fully paid ordinary securities issued in the relevant period with approval under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;
 - e) plus the number of partly paid ordinary shares that became fully paid in the relevant period;
 - d) less the number of fully paid ordinary shares cancelled in the relevant period.
- D** is 10%; and
- E** is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the relevant period where the issue or agreement to issue has not been subsequently approved by the Shareholders under ASX Listing Rule 7.4.

2. **Technical information required by ASX Listing Rule 7.3A**

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 7:

(a) Minimum issue price

In accordance with ASX Listing Rule 7.1A, Equity Securities issued by the Company under the 10% Placement Capacity can only be issued at a price that is not less than 75% of the VWAP (volume weighted average price) for the Equity Securities calculated over the 15 Trading Days on which trades in that class of Equity Securities were recorded immediately before:

- the date on which the issue price of the Equity Securities is agreed by the Company and the recipient of the Equity Securities; or

- the date on which the Equity Securities are issued (if the Equity Securities are not issued within 10 Trading Days of the date on which the issue price is agreed).

(b) Placement period

Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- the date that is 12 months after the date of this Meeting;
- the time and date of the Company's next annual general meeting; or
- the time and date of approval by Shareholders of a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking),

after which date an approval under ASX Listing Rule 7.1 A ceases to be valid.

The 10% Placement Capacity under Listing Rule 7.1A will not lapse if the Company's market capitalisation subsequently exceeds \$300 million or if it is included in the S&P/ASX 300 Index at some time during that period provided that the Company meets those criteria on the date of the Meeting.

(c) Risk of economic and voting dilution to existing shareholdings

If Resolution 7 is approved by Shareholders and the Company issues quoted Equity Securities under the 10% Placement Capacity, there is a risk of economic and voting dilution to existing Shareholders as a result, including the risk that:

- the market price of the Company's Equity Securities may be significantly lower on the issue date than on the date of the Meeting; and
- the Equity Securities may be issued at a price that is at a discount to the market price on the issue date,

and in either case, there is a further risk that the 10% Placement Capacity may raise less funding than it would be based on current market prices for the Equity Securities.

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Equity Securities under the issue.

As required by ASX Listing Rule 7.3A.4, the table below shows:

- two examples where variable "A" in the formula in ASX Listing Rule 7.1A.2 (representing the Company's share capital) has increased by either 50% or 100%; and
- two examples of whether the share price of ordinary securities has decreased by 50% or increased by 100% from the current share price,

and is prepared on the basis that:

- Variable "A" is based on the number of ordinary securities the Company shall have on issue the date the Company is admitted to the official list of ASX, . The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval under ASX Listing Rule 7.1 (for example, a pro rata entitlements issue or scrip issued under a takeover offer, issue of Shares on vesting of the performance rights) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- The current issue price of the Shares used is the IPO issue price of the Shares, being \$0.20 per Share.

Dilution table

Share Capital (Variable 'A' in Listing Rule 7.1A.2)	Dilution table			
	Issue Price	\$0.10 50% decrease in Issue Price	\$0.20 Current Issue Price	\$0.40 100% increase in Issue Price
	Number of Shares issued (10% voting dilution)	4,429,299	4,429,299	4,429,299
Current 44,292,983 Shares	Funds raised	\$442,929.9	\$885,859.8	\$1,771,719.6
50% increase in Variable A	Number of Shares issued (10% voting dilution)	6,643,948	6,643,948	6,643,948

66,439,475 Shares				
	Funds raised	\$664,394.8	\$1,328,789.6	\$2,657,579.2
100% increase in Variable A	Number of Shares issued (10% voting dilution)	8,858,597	8,858,597	8,858,597
88,585,966 Shares				
	Funds raised	\$885,859.7	\$1,771,719.4	\$3,543,438.8

The dilution table has been prepared on the following hypothetical assumptions. The Company does not represent that they will necessarily occur:

- Upon the Company being admitted to the official list of ASX, the Company will have 44,292,983 Shares on issue;
- The current Share price used is the IPO issue price of the Shares, being \$0.20. This price may fluctuate between the time of preparing this Notice and the date of the Meeting and the date that any Shares are issued by the Company pursuant to ASX Listing Rule 7.1A;
- the Company issues the maximum number of Shares available under the 10% Placement Capacity;
- any increase in Variable A (being the issued share capital at the time of issue) is due to an issue of Shares which is an exception in ASX Listing Rule 7.2, for example a pro-rata rights issue. However, a 15% Placement Capacity under ASX Listing Rule 7.1 does not increase variable "A" for the purposes of calculating the 10% Placement Capacity under ASX Listing Rule 7.1A;
- The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with Shareholder approval under ASX Listing Rule 7.1;
- The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options, performance rights and other convertible securities are exercised or converted before the date of issue of the Equity Securities;
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%;
- the table shows only the effect of issues of Shares under ASX Listing Rule 7.1A, not under the 15% Placement Capacity under ASX Listing Rule 7.1; and

- the table does not show the dilution that may be caused to any particular Shareholder by reason of placements under ASX Listing Rule 7.1A, based on that Shareholder's holding at the date of the Meeting. For instance, Shareholders will have different outcomes depending on whether or not they participate in a pro-rata issue which has the effect of increasing variable "A".

(d) Purpose of the 10% Placement Capacity

Any Equity Securities issued under ASX Listing Rule 7.1A.2 must be issued for cash consideration. Accordingly, every issue of Equity Securities under ASX Listing Rule 7.1A.2 will have an accompanying proposed use of funds at the time of issue.

The Company confirms that it has sufficient working capital to fund the Company's exploration programme over its mining exploration projects for the next two years and for its anticipated working capital requirements.

However, the Company may seek to issue Equity Securities under the 10% Placement Capacity (if the Shareholders approve this Resolution) for the purposes of having the flexibility to raise further capital if the need arises or to fund any unexpected expenses, or new exploration initiatives, that arise as a result of the outcome of its mining exploration activities.

(e) Allocation policy

The Company's allocation policy for the issue of Equity Securities under the 10% Placement Capacity will be dependent on the prevailing market conditions at the time of any proposed issue under the 10% Placement Capacity.

The identity of the allottees under the 10% Placement Capacity will be determined on a case by case basis having regard to the factors including the following:

- the purpose of the issue;
- the methods of raising funds that are available to the Company, including a rights issue or other issue in which existing Shareholders can participate;
- the effect of the issue of the Equity Securities on the control of the Company;
- the financial situation and solvency of the Company;
- the prevailing market conditions; and
- advice from corporate, financial and broking advisors (if applicable).

The allottees under the 10% Placement Capacity have not been determined as at the date of this Notice and may include existing Shareholders and/or new Shareholders, but the allottees cannot include any Directors, Related Parties of the

Company, a substantial holder of the Company referred to in ASX Listing Rule 10.11) or any of their Associates without a further specific Shareholder approval.

(f) Voting exclusion

A voting inclusion statement is included in this Notice. In accordance with ASX Listing Rule 14.11.1 and the relevant Note under that rule concerning ASX Listing Rule 7.1A, as at the date of this Notice of Annual General Meeting, the Company has not approached or invited any particular existing Shareholder or an identifiable class of existing Shareholders to participate in the issue of Equity Securities under the 10% Placement Capacity. No existing Shareholder's vote will therefore be excluded from voting on Resolution 7 at the Meeting.

(g) Issue or agreement to issue under ASX Listing 7.1A in the 12 months prior to the Meeting

The Company has not previously obtained Shareholder approval under ASX Listing Rule 7.1A.

5.3 Board recommendation

The Directors believe that Resolution 7 will provide the Company with flexibility to raise capital quickly if advantageous terms are available and is in the best interests of the Company.

The Directors recommend that Shareholders vote **in favour** of Resolution 7.

The Chair of the Meeting intends to vote undirected proxies **in favour** of Resolution 7.
