GL1 submits NVCP application for Manna Lithium Project

Global Lithium Resources Limited (**ASX: GL1**, “**Global Lithium**” or “the **Company**”), is pleased to confirm its Native Vegetation Clearing Permit (NVCP) application for the Manna Lithium Project has been lodged with the Department of Mines, Petroleum and Exploration (DMPE) in Western Australia.

The NVCP application relates to proposed vegetation clearing within the approved Development Envelope at the Manna Project, located approximately 110 kilometres east of Kalgoorlie in the Eastern Goldfields region of Western Australia.

Subject to approval, the application represents an important early step in enabling further site-based activities required for the development of the Manna Project and forms part of GL1’s systematic approach to de-risking and advancing the project toward a Final Investment Decision (FID).

GL1 Managing Director Dr Dianmin Chen said the Company remained focused on achieving progress milestones on all core development pathways for the Manna Project.

“We are committed to a thorough and responsible environmental approvals process, as we continue to make steady progress toward our goal of achieving FID this year,” Dr Chen said.

Approved for release by the Board of Global Lithium Resources Limited

	<i>Probable</i>	5.0	0.84
	Subtotal	5.0	0.84
Combined Total		19.4	0.907

Competent Persons Statements:

Ore Reserve

The information that relates to open pit and underground Ore Reserves in this announcement for the Manna Lithium Project presented in this announcement together with JORC table 1 information is contained in the ASX announcement released on 4 December 2025.

Mineral Resources

Information on historical exploration results and Mineral Resources for the Manna Lithium Project presented in this announcement, together with JORC Table 1 information, is contained in an ASX announcement released on 12 June 2024.

Information on historical exploration results and Mineral Resources for the Marble Bar Lithium Project presented in this announcement is contained in an ASX announcement released on 15 December 2022.

Where the Company refers to Mineral Resources and reserves for the Manna Lithium Project (MLP) and the Marble Bar Lithium Project in this announcement (referencing previous releases made to the ASX), it confirms that it is not aware of any new information or data that materially affects the information included in that announcement and all material assumptions and technical parameters underpinning the Mineral Resource estimate in that announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Persons findings are presented have not materially changed from the original announcement.

The Company confirms that it is not aware of any new information or data that materially affects the information in the relevant market announcements, and that the form and context in which the Competent Persons findings are presented have not been materially modified from the original announcements.
