#### Highlights

##### Financial highlights

- Record FY26 cash receipts of **\$66.3m**, a **3.9% increase** on FY25 (\$63.8m).
- 4Q FY26 **cash receipts** of **\$13.9m**, a **10.4% decrease** on 3Q FY26.

- Completed \$10.0m capital raise via two-tranche placement (all cash now received).
- Completed \$5.0m investment into Marketplacer via Convertible Note.
- Executed binding share sale agreement to acquire Mosh Social Media Ltd (**Mosh**) on previously announced terms and completed the transaction 27 July 2026.

Gratificii Limited (ASX:GTI) ('**Gratificii**' or the '**Company**') closed FY26 with a transformational fourth quarter, executing decisively against the ambitious growth agenda announced in May 2026. During the period, the Company announced a partnership with Marketplacer and delivered record full year cash receipts. After quarter end, the Company completed its \$10 million capital raise, a strategic investment in Marketplacer, and the acquisition of Mosh.

#### Financial update

Gratificii reported cash receipts of \$13.9 million for the quarter, down 28.6% on the prior corresponding period (**PCP**) and down 10.4% on 3Q FY26. The decline reflects cost-of-living pressures impacting discretionary spending and redemption volumes.

Full year FY26 cash receipts totalled a record \$66.3 million, up 3.9% from \$63.8 million in FY25. The full year contribution of the Club Connect transaction more than offset the impact of macroeconomic conditions on consumer discretionary categories across the year.

Operating cash outflow for the quarter was \$2.2 million, an improvement on the \$3.9 million outflow in 3Q FY26, compared to a \$0.2 million surplus in the PCP. FY26 operating cash outflow was \$5.2 million, compared to \$4.9 million in FY25.

Net cash as at 30 June 2026 was \$3.3 million, up from \$2.0 million at 31 March 2026. The improvement reflects Tranche 1 capital raise proceeds of \$4.2 million (before costs) received during the quarter, partly offset by the operating outflow and borrowing repayments of \$0.4 million. The Company also has an undrawn NAB overdraft facility of \$0.7 million.

## Quarterly Cash Receipts (\$'000)

## Corporate update

Gratificii reshaped its growth platform in the fourth quarter.

### Capital raising

In May 2026, Gratificii announced a \$10.0 million capital raise via a two-tranche placement. Tranche 1 of the placement completed during the quarter, raising \$4.2 million (before costs). At the EGM on 13 July 2026, shareholders overwhelmingly approved all nine resolutions, including Tranche 2 of the placement (raising a further \$5.8 million, before costs).

### Marketplacer partnership and strategic investment

Gratificii's relationship with Marketplacer has made several material steps forward: a \$5.0 million strategic investment, enabling Gratificii shareholders to participate in the value creation of the strategic partnership; and the launch of Gratificii Connect+, powered by Marketplacer, converting the partnership into a live commercial platform. Together, the two companies reach approximately half of Australian and New Zealand households.

### Mosh acquisition

On 20 July 2026, Gratificii executed a binding share sale agreement to acquire Mosh on the terms previously announced, with completion occurring on 27 July 2026. Mosh has a proven track record of delivering high-impact digital and brand engagement campaigns for leading enterprise clients including McDonald's, Lexus, JB Hi-Fi, Airbnb and Colorsteel.

The acquisition brings an established blue-chip client base and an experienced team that complements Gratificii's existing enterprise relationships across Australia and New Zealand. Integration will commence in 1H FY27, targeting operational synergies and cross-selling opportunities across the combined ANZ client base.

### **Simplicity acquisition**

Following the acquisition announcement on 14 May 2026, a variation to the Simplicity share purchase agreement has been reached, deferring completion to 31 January 2027. The revised structure introduces a staged payment model and an earnings-based completion condition tied to Simplicity's financial performance through 31 December 2026. This links vendor consideration with operational performance ahead of completion.

Simplicity will bring a blue-chip enterprise client portfolio including Schneider Electric, Dulux and Genesis, alongside a major international QSR franchise, and will add high-quality recurring SaaS revenue to the Group.

### **Wholesale travel platform**

Gratificii has launched a wholesale travel platform, giving organisations more than 800,000 accommodation options at over 200 locations. The platform can be custom branded, offers discounted rates, and is fully managed, so clients carry no operational burden. Travel is one of the highest-value reward categories and adding it extends Connect+ as a compelling end-to-end offering.

### **Operations update**

#### **Launch of Connect+, powered by Marketplacer**

Gratificii Connect+ gives enterprise clients a fully branded store with pre-connected sellers ready to onboard, delivering products at an always-on discount, across more than 10 product categories. It removes the need for organisations to build technology or source products, with end-to-end automation across seller onboarding, catalogue management, order orchestration, payments, returns and fulfilment. Contracted products span categories including electronics and appliances, sport and outdoor, garden and DIY, home and living, health and beauty, toys, baby and kids, automotive and accessories, and pet supplies.

The combined offering has enabled Gratificii to increase its loyalty and rewards ecosystem from around 1,500 products to more than 6,000 in a matter of months, a transformational outcome for the business and indicative of how fast a marketplace scales when the technology, the sellers and the audience are aligned. Around a quarter of product suppliers are in the travel sector, reflecting strong demand for experiential and travel rewards, a high margin rewards category.

An agreement with Airwallex enables real-time settlement across the marketplace, and Gratificii has licensed BigCommerce to provide the enterprise storefront and checkout system, allowing branded marketplaces to be deployed without custom builds or platform migrations.

Early market response has been ahead of expectations, strongly validating the rationale for Connect+, with six prospective enterprise clients at various stages of contract negotiation. Gratificii estimates these opportunities could represent ~\$55 million in potential annual TTV and potentially generate up to \$2.75 million in EBITDA contribution on an exit run-rate basis, 12 months post go-live.

### **Renewal momentum**

All of Gratificii's existing state-based auto club clients have either renewed or are in the process of renewing their contracts for a further 12 months, a strong signal of the stickiness of the Gratificii platform and the depth of these long-term relationships.

Demand for rewards and loyalty is accelerating. Cost-of-living pressure is proving a structural tailwind, not a temporary one, as consumers lean harder on programs that deliver real, tangible value.

### Strengthening the team

Reflecting the strong pipeline of opportunities, Gratific has expanded its commercial team, appointing a Head of Client Partnerships (commencing in August 2026) with senior experience across loyalty and major consumer brands and engaged an additional Sales Manager on a contract basis to assist with the conversion of the new opportunities.

### Outlook

**Iain Dunstan, CEO and Managing Director of Gratific, said:** *"We finished the year with the most transformational quarter in Gratific's history, but the best is still ahead. With Connect+, we are building what we believe is the largest B2B eCommerce marketplace in the country — powered by Marketplacer technology. It will be challenging for any competitor to replicate this platform and point it at a network of more than 18 million accounts we can already reach. Add our managed-service expertise and an expanded rewards ecosystem, and we have it all: the technology, the audience and the know-how."*

*"The market is already responding, with six enterprise opportunities in negotiation representing ~\$55 million p.a. in potential TTV. Gratific enters FY27 as a leading B2B marketplace, with a clear path to higher margin, higher quality growth for shareholders."*

### ASX Additional Information

During the quarter, the Company paid remuneration of \$111k to the CEO & Managing Director.
