About Helix Resources

Helix Resources is an ASX-listed resources company which is exploring for copper and gold in Arizona USA and in the copper producing regions of Cobar, NSW. The Company possesses a sizable ground position which is located proximal to significant copper and gold producing operations.

Arizona USA:

- Helix holds the White Hills Copper-Gold Project (Joint Venture with Newmont), which was acquired in March 2025. The region hosts world class porphyry copper deposits within the Arizona Arc.
- Helix operates a Joint Venture to earn 40% of the Gold Basin project, located in the southernmost extent of the Walker Lane gold trend, host to several multi-million-ounce gold deposits.

Cobar Australia:

- The Western Tenement has 30km of prospective strike and a pipeline of wholly owned copper opportunities, as well as the Canbelego JV Project.
- A 5 km by 1.5 km historical gold field is being evaluated on the Muriel Tank tenement. The Eastern Tenement Group encompasses more than 100km of prospective strike.
- In the Eastern Tenements, the company has defined an extensive zone of new anomalies considered prospective for Tritton-style copper-gold deposits.
