ASX Release

Start for New Managing Director and Chief Executive Officer

6 August 2026, Melbourne

Integral Diagnostics Limited (ASX: IDX) is pleased to announce that new Managing Director and Chief Executive Officer, Mr Jason Martinez, has commenced in the role today. This follows the announcement of his appointment on 10 November 2025, with Mr Martinez commencing following the completion of his obligations to his previous employer.

Mr Martinez joins IDX with over 20 years' experience in the diagnostic imaging, health and medical sectors, including most recently at I-MED Radiology in his role as Executive General Manager for NSW, ACT and WA. In this role he oversaw a range of significant acquisitions, generated significant growth in the business, improved efficiency and delivered excellent patient and radiologist engagement.

Mr Martinez said: "I'm honoured to be joining IDX at such a pivotal time for the diagnostic imaging sector and excited about the opportunity to help shape its next chapter. With IDX's international presence, radiologist-led culture, and passionate team, I believe IDX has all the ingredients to be a world-class leader in diagnostic imaging and to deliver excellent healthcare to its patients. I look forward to working with the Board, the executive team, our doctors, clinical staff and referrers to unlock higher quality care for our patients and the next phase of growth for IDX. I also look forward to delivering strong outcomes for our investors."

Mr Martinez and Mr Craig White, CFO, will present IDX's FY26 audited financial results on Tuesday, 25 August 2026 and meet with investors.

IDX Chair, Toby Hall, said "We look forward to Jason bringing his patient-first mindset, commitment to clinical excellence and passion for diagnostic imaging to IDX, together with a strong focus on innovation and growth."

Mr Hall continued "As we welcome Jason, I would also like to acknowledge and thank Dr Ian Kadish, our retiring MD & CEO, for his dedication, vision and stewardship of IDX over the past decade. Ian has led the organisation through significant growth, change and transformation, while maintaining a steadfast focus on our patients, clinicians and people. His commitment to IDX has been exceptional, and his support in ensuring a successful leadership transition to Jason has been invaluable. On behalf of the Board, I sincerely thank Ian for his outstanding contribution to IDX and wish him every success for the future."
