About Mach7 Technologies:

Mach7 Technologies (ASX:M7T) provides enterprise imaging software that enables healthcare organisations to manage, access and share diagnostic imaging data across complex environments. The Mach7 platform combines a Vendor Neutral Archive (VNA), the eUnity Enterprise Diagnostic Viewer and the Flamingo suite of modules, expanding capabilities across workflow, interoperability and data management to support a more complete view of the patient record. Together, these capabilities position Mach7 to support the evolution of enterprise imaging toward a more unified, longitudinal patient record that integrates clinical data and diagnostic imaging. Built for interoperability and scalability, Mach7 supports emerging AI-driven clinical workflows and is increasingly aligned with leading cloud ecosystems, including Amazon Web Services (AWS). The Company serves a global customer base including integrated delivery networks, national health systems and specialist imaging providers. Visit mach7t.com for more information.

Independence through Innovation

Introducing Mach7

Sharewise Conference

8 July 2026

OUR VISION

To be the global imaging EMR.

We win by completing the patient picture with the patient's pictures, better than anyone else.

Pixels to point of care.

* EMR (Electronic Medical Record): the core clinical software system used by hospitals.

Key industry trends

MACH7

Workforce and automation

Shortages in medical staff drive adoption of AI and automation to sustain productivity and reduce workload.

Interoperability & data integration

Open APIs and EMR interoperability are critical for seamless imaging access and data liquidity across systems.

Cybersecurity and resilience

Security is now essential for operational continuity and patient trust under increasing cyber threats.

Cloud and remote workflows

Hybrid cloud and edge architecture enable fast, scalable and remote diagnostic-quality healthcare access.

Differentiators

MACH7

1. **End-to-end modular architecture for data independence & sovereignty**

   Vendor Neutral Architecture allows customers full control and unrestricted access to their data, with modular components.

2. **AI & workflow automation drives advanced orchestration**

   Intelligent rules-based routing, meta-data driven orchestration and data availability supporting complex workflows and AI development.

3. **Security & compliance**

   Security is critical. Mach7's BitSight Security Rating reached 750 ("advanced" rating) above industry average of 730

4. **Speed & performance**

   Hybrid cloud architecture delivers sub-second image access without costly infrastructure overhead.

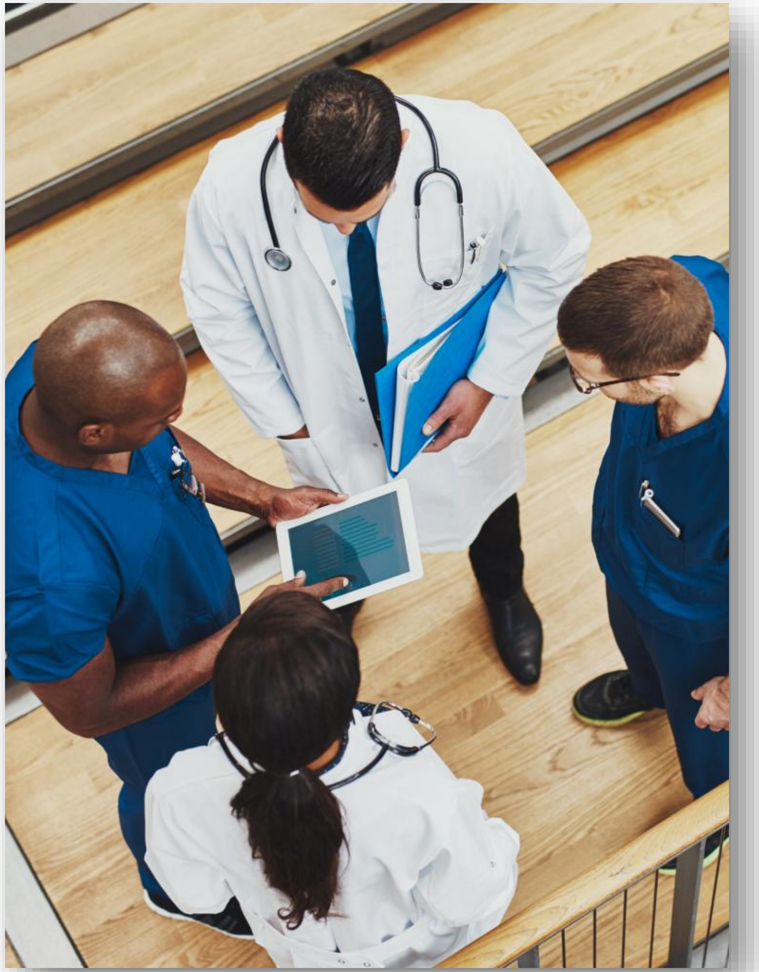
5. **Price-to-performance value**

   Mach7 offers enterprise-class capabilities at unmatched value, recognised for cost efficiency.

H1 FY26 Financial Review

Predominantly recurring revenue, lower cost base, strong balance sheet

1. Recurring revenue base represents 85% of total revenue, 78% OPEX.
2. Reduced operating expenses by 6%
3. Strong financial position with cash of A$18.5M and no debt providing flexibility to execute commercial strategy.
4. Improvement in operating cash flow as moved through H1 FY26 with Mach7 operating cash flow positive in Q2 FY26.



Moving from archive to architecture

Executing deliberate transition, positioning imaging as core layer of patient record.

- Clear operating model
- Disciplined cost base
- Rebuilt commercial engine
- Sharpened product roadmap

Foundations for durable profitable growth in place.

Execution focus areas going into FY27

1

Sales momentum

Improving with structured pipeline.

2

Delivery execution

Execution improving and timelines shortening via new archetype structures, technology and the use of AI.

3
