8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: The entity actively manages its cash position and funding requirements. It has the ability to manage expenditure levels and, if required, may consider a range of funding or asset realisation options available to it. The Board regularly reviews these options and considers them to be available if required.

The Board considers there is no material uncertainty regarding the entity's ability to continue as a going concern.
