Pure One

ASX Announcement

# Appointment of Chief Financial Officer

**Sydney, 31 July 2026:** Australian clean technology company Pure One Corporation Limited (ASX: P1E) ("Pure One" or "the Company") is pleased to announce the appointment of Jeff Le Compte as Chief Financial Officer. Jeff brings more than three decades of leadership experience across finance, accounting, governance, investment banking and corporate advisory, with a proven track record in both listed companies and high-growth businesses. He is a Chartered Accountant (CA), Certified Practising Accountant (CPA), Graduate of the Australian Institute of Company Directors (GAICD) and holds an MBA from Deakin University.

Jeff has held senior finance, executive and board roles across a diverse range of industries, including biotechnology, financial services, technology, recruitment and professional services. His career includes financial leadership positions with organisations such as ING Investment Management, BT Funds Management and the Commonwealth Bank, together with extensive experience advising companies through growth, capital raising, mergers, IPOs and strategic transformation.

Jeff's breadth of commercial expertise, strong governance credentials and strategic financial leadership will be invaluable as we continue to execute our growth strategy. The Company advises that Jeff has been engaged as Chief Financial Officer for both Pure One and Eastern Gas Corporation at a fee of A$1,000 per day, under the terms of a services agreement. We are delighted to welcome Jeff to the executive team and look forward to the significant contribution he will make to the Company's future success.

This announcement has been authorised for release by the Managing Director.

**About Pure One Corporation Limited**

Pure One Corporation Limited (ASX: P1E) is a clean technology company focused on delivering zero-emission mobility and energy solutions. Building on its legacy in hydrogen technologies, Pure One has expanded into battery-electric vehicles and battery-swap solutions, creating commercial and sustainable value for customers across Australia and beyond.

Pure One has a range of Commercial zero emission vehicles available including battery-swap, EV and hydrogen electric.

Concurrently, the Company is developing natural gas projects in Australia through Eastern Gas Corporation Limited (ASX: EGA) and indirectly in Botswana through its strategic investment in Botala Energy (ASX: BTE), a Botswana-focused energy company listed on the ASX.

Strategically, Pure One will also prioritise incubation for early-stage companies or projects within the clean energy sector, with the aim of realising profits from those investments. For further information, see www.pure1corp.com.

**Forward-Looking Statements** This announcement may contain 'forward looking statements' concerning the financial conditions, results of operations and business of the Company. All statements other than statements of fact are or may be deemed to be 'forward looking statements'. Often, but not always, 'forward looking statements' can be identified by the use of forward looking words such as 'may', 'will', 'expect', 'intend', 'plan', 'estimate', 'anticipate', 'continue', 'outlook', and 'guidance' or other similar words, and may include, without limitation, statements regarding plans, strategies and objectives of management, future or anticipated production or construction commencement date and expected costs, resources and reserves, exploration results or production outputs. Forward looking statements are statements of future expectations that are based on management's current expectations and assumptions, but known and unknown risks and uncertainties could cause the actual results, performance or events to differ materially from those expressed or implied in these statements. These risks include, but are not limited to, price fluctuations, actual demand, currency fluctuations, drilling and production results, resource and reserve estimates, loss of market, industry competition, environmental risks, physical risks, legislative, fiscal and regulatory developments, economic and financial market conditions in various countries and regions, political risks, project delay or advancement, approvals and cost estimates.
