TUESDAY 25 NOVEMBER 2025

RemSense Technologies Limited ASX:REM

Suite 0101, Level 1, 5 Mill Street, Perth, Western Australia

Disclaimer

The material in this presentation has been prepared by RemSense Technologies Limited ("Company").
This presentation may not be reproduced, redistributed, or passed on, directly or indirectly, to any other person, or published, in whole or in part, for any purpose without prior written approval of the Company. The material contained in this presentation is for information purposes only. This presentation is not an offer or invitation for subscription or purchase of, or a recommendation in relation to, securities in the Company and neither this presentation nor anything contained in it shall form the basis of any contract or commitment. Any offering of any of the Company's securities to Australian persons will be subject to Australian securities laws. The distribution of this document in jurisdictions outside of Australia may be restricted by law, and persons into whose possession this document comes should inform themselves about, and observe, all such restrictions.
This presentation is not financial product or investment advice. It does not take into account the investment objectives, financial situation and particular needs of any investor. Before making an investment in the Company, an investor or prospective investor should consider whether such an investment is appropriate to their particular investment needs, objectives and financial circumstances, seek legal and taxation advice as appropriate and consult a financial adviser if necessary.

This presentation may contain forward-looking statements that are subject to risk factors associated with the business. Forward looking statements include those containing such words as "anticipate", "estimates", "forecasts", "should", "could", "may", "intends", "will", "expects", "plans" or similar expressions. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions, and other important factors, many of which are beyond the control of the Company. It is believed that the expectations reflected in these statements are reasonable, but they may be affected by a range of variables and changes in underlying assumptions which could cause actual results or trends to differ materially. The Company does not make any representation or warranty as to the accuracy of such statements or assumptions.
This presentation has been prepared by the Company based on information currently available to it. No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. To the maximum extent permitted by law, none of the Company or its subsidiaries or affiliates or the directors, employees, agents, representatives or advisers of any such party, nor any other person accepts any liability for any loss arising from the use of this presentation or its contents or otherwise arising in connection with it, including without limitation, any liability arising from fault or negligence on the part of the Company or its subsidiaries or affiliates or the directors, employees, agents, representatives or advisers of any such party.

Board of Directors

Our people have years of extensive industrial experience with tier 1 clients

Ross Taylor

NON-EXECUTIVE CHAIRMAN

Ross is a Chartered Accountant and an investment banking consultant with a thorough knowledge of international financial markets gained while working in Australia, London, New York and Tokyo.

He has extensive experience in the global investment banking sector and has held senior positions with Deutsche Bank, Bankers Trust and Barclays Capital.

John Clegg

NON-EXECUTIVE DIRECTOR

John is a Chartered Accountant and has advised over fifty companies on growth strategies, leadership and management. His expertise includes 16 years at Arthur Young & Co (now Ernst & Young), startup ventures, directorship and consulting services.

His extensive portfolio includes guiding public companies through IPOs, restructuring private firms, and serving as CFO for RemSense pre-ASX listing.

Warren Cook

MANAGING DIRECTOR AND CEO

Warren is an experienced and passionate operational leader with 25 years of experience in technology development and commercialisation across mining, environmental and energy industries.

Warren has extensive international experience having delivered projects in Australia, Brazil, Canada, Chile, France, Ghana, India, Indonesia, Iran, New Zealand, PNG, Philippines, South Africa, UK, and USA.

RemSense

OPERATIONS UPDATE

FY2026 Progress Highlights

With disciplined cost control, strengthened Tier-1 engagements, renewed SaaS subscriptions and the launch of key new projects, including Chevron, Shell, Exxon Mobil and AGIG - RemSense enters FY2026 with clear operational stability and accelerating commercial traction.

Highlights

- Qtr 1 Operating costs remain static from same FY2025 Quarter
- Qtr 1 Staff costs down 18% on same FY2025 Quarter
- Uplift in sales activity - momentum in sales pipeline growth
- $1.89M in secured projects for delivery before Year 2025 calendar end including Chevron US$770K contract
- Woodside and Newmont renewed **virtualplant** subscriptions
- First Shell and Exxon Mobil projects
- AGIG pilot project

Strategic Growth Drivers

As **virtualplant** becomes embedded across Tier-1 operators like Chevron, Shell, Woodside and Exxon Mobil, and as demand accelerates across global energy, mining and industrial markets, RemSense is building a foundation for long-term, scalable growth.

Expansion of Tier-1 Relationships

- Chevron, Woodside, Shell, Exxon Mobil and beyond
- Enterprise-wide adoption of **virtualplant** for inspection, commissioning, and remote operations

Growing Sales Pipeline

- Expansion of major energy-sector
- Interest from global miners and industrial operators

Technology & Product Advancement

Our ongoing investment in **virtualplant** and its next-generation capabilities - from reality-comparison and intelligent inspection workflows to advanced rendering and integrated data pathways - positions RemSense at the forefront of digital asset intelligence as we scale into new markets.

Continued investment in virtualplant platform

- Strategic enhancements to support market expansions
  - Reality-comparison tool for commissioning
  - Inspection and maintenance workflows
  - Improved graphics rendering and performance
  - Data-integration pathways

Cybersecurity & Compliance

Strengthening our cybersecurity and compliance foundation through ISO 27001 - standard information security management systems (ISMS) positions RemSense as a trusted partner for the world's most secure and sensitive environments - where our technology can deliver the greatest impact.

Advancing ISO 27001 certification program

- Maintaining competitive position
- Enabling entry into secure defence, government, infrastructure and global enterprise environments

Scaling Delivery Capacity

By investing in advanced imagery technologies. From autonomous LiDAR mapping to next-generation RPAS aircraft - and strengthening our technical and commercial leadership team, RemSense is scaling its delivery capacity to meet rising global demand with speed, precision and capability.

Investment in leading imagery technologies and RPAS aircraft

- LiDAR – autonomous mapping
- Drones with advanced safety systems

Strengthened technical and commercial leadership

- Chief Technical Officer
- Commercial Director

RemSense

Partnership & Channel Strategy

Through deepening collaborations - starting with Applus+, one of the world's leading inspection and certification groups, we're building a global channel strategy that expands RemSense's reach, accelerates adoption of our remote-visualisation technology, and positions us as an indispensable partner in next-generation inspection.

Expanding Strategic Collaborations

- Applus+ - global Testing, Inspection and Certification specialist
- Expand global inspection and remote-visualisation

RemSense

Market & Sector Expansion

By focusing on Oil & Gas majors, Mining, Infrastructure and industrial operators, and the Defence sector, RemSense is positioning itself at the heart of the world's most critical asset-intensive industries - where our technology delivers the greatest impact, drives safer decision-making, and unlocks long-term growth.

Target sectors

- Oil & Gas majors
- Mining
- Infrastructure, utilities, and industrial assets
- Defence
