"I have enjoyed working with Geoff since I joined Rumble in early 2024 and I'm delighted he has agreed to become Chairman. His experience with mine development projects will be invaluable as we continue drilling with the aim of increasing our gold resources, move Western Queen into production, advance the work on the potential tungsten revenue stream and determine the best path forward for our large scale Earacheedy zinc, lead, silver project.

I thank Geoff for agreeing to take on the Chairmanship and look forward to working with him more closely in his new role."
