and Company Limited**

Merger of Soul Patts and Brickworks Limited

On 12 September 2025, the Supreme Court of New South Wales approved the Scheme of Arrangement (**Scheme**) under which First Services Company Limited (**Topco**), a newly incorporated Australian public company, became the ultimate holding company of both Washington H. Soul Pattinson and Company Limited and of Brickworks Limited (**Brickworks**).

The Scheme became effective on 15 September 2025. On this date, Washington H. Soul Pattinson and Company Limited was renamed WHSP Holdings Pty Limited (**WHSP Holdings**) and ceased trading on the ASX. Topco was subsequently renamed Washington H. Soul Pattinson and Company Limited (**Soul Patts**) and commenced trading on the ASX under the ticker symbol "SOL" on a deferred settlement basis, marking the formal establishment of the merged group (**Group**).

The Scheme was implemented on 23 September 2025 (the merger date), when Topco's wholly-owned subsidiary, Second Services Company Limited (**Subco**) acquired all shares in WHSP Holdings and Brickworks, either directly or indirectly. In consideration, SOL and BKW shareholders received Topco shares in accordance with the respective SOL and BKW Share Scheme. Additionally, as part of the merger, \$1.3 billion was raised through the issue of 34.3 million new Topco shares to investors participating in the Topco Equity Raising. Further details are provided in Note 8 Share Capital.

Soul Patts commenced trading on the ASX on a normal settlement basis on 24 September 2025, and WHSP Holdings was delisted from the ASX following market close on that date.

For financial reporting purposes, WHSP Holdings is identified as the accounting acquirer and Brickworks as the accounting acquiree under AASB 3 *Business Combinations*. As such, the consolidated financial statements have been prepared as a continuation of the financial statements of WHSP Holdings with an acquisition of Brickworks during the period. Further details on the accounting treatment of the merger are provided in Note 3 Business Combinations.

Following the merger, the Group reorganised its segment information across multiple asset classes (Listed Companies, Real Assets, Emerging Companies, Credit and Private Companies). Prior year comparatives have been restated where appropriate to ensure consistency with the current period presentation. Refer to Note 4 for further information.

This Appendix 4D includes six months of WHSP Holdings performance and 100% of Brickworks' results from the merger date, 23 September 2025. Prior to 23 September 2025, the investment in Brickworks was accounted for using the equity method.

In this report, "Soul Patts" refers to pre-merger WHSP Holdings, and from the merger date, it refers to Topco.

Commentary on results

A detailed explanation of the operating results for the reporting period is contained in the Review of operations section in the Directors' Report of the accompanying 2026 Half Year Financial Report. This Appendix 4D should be read in conjunction with the Half Year Financial Report and any public announcements made by the Company in accordance with the continuous disclosure requirements under the *Corporations Act 2001* and ASX Listing Rules.

As an investment house, Soul Patts does not consider profit to be an accurate reflection of investment performance. The key drivers of success are growth in the capital value of the portfolio (Net Asset Value) and a growing yield as measured by Net Cash Flow From Investments. Commentary on these measures is provided in the Portfolio Performance section of the Half Year Financial Report.

Enduring value creation

Our commitment to long-term value creation, underpinned by an unconstrained mandate and disciplined capital allocation continues to deliver for shareholders. By diversifying investments across multiple asset classes (Listed Companies, Real Assets, Emerging Companies, Credit, and Private Companies), we reduce correlations, protect capital during volatility and generate returns through the cycle.

Brickworks merger, a strategic milestone

The merger with Brickworks, implemented in September 2025, was a defining moment for Soul Patts that ended the 56 year cross-shareholding by bringing together two of Australia's great long-term compounders of capital. This has resulted in a cleaner capital structure, stronger balance sheet and greater flexibility to pursue new investments, with one board continuing the disciplined governance and capital allocation Soul Patts is known for. Since the merger, management has focused on simplifying the Brickworks operating model, enhancing financial flexibility and creating operating leverage as the building materials cycle recovers in Australia and United States.

1H26 results overview

Our 1H26 results reflect a landmark period of portfolio transformation, increased investment activity, and value creation.

Group Statutory Net Profit After Tax (NPAT) of \$2,303 million was up 604.3% on 1H25, driven by a series of significant non-recurring items including the Brickworks merger, sell down of Tuas and Aeris and a realised gain from the sale of Apex Healthcare.

On an underlying basis, Regular NPAT of \$304 million was up 6.7% on 1H25 reflecting higher trading gains and increased property contribution following the merger, partly offset by lower share of accounting profits from New Hope.

Strategy driving sustained growth

As an investment house, Soul Patts does not consider profit to be an accurate reflection of investment performance. The key drivers of success are measured against three strategic pillars: increase cash generation, grow the portfolio, and manage investment risk.

Net Cash Flow From Investments (NCFI) increased 15.4% to \$334 million, driven by strong trading gains during the period and reflecting the portfolio's capacity to generate and sustain solid cash flows. On a per share basis, NCFI increased 12.5% vs pcpc which is a strong result on an increased capital base following the Brickworks merger.

Net Asset Value (NAV) (pre-tax) grew to \$13.8 billion, representing a return of 9.7% in 1H26 and outperforming the ASX200 Total Return Index by 6.6%. On a post-tax basis, and following completion of the Brickworks merger, the portfolio was valued \$14.5 billion as at 31 January 2026.

During 1H26 investment risk was managed through having a defensive portfolio of largely uncorrelated assets and \$4.3 billion (excluding Brickworks merger) in portfolio turnover. This transaction activity, our highest ever recorded in a six month period, demonstrates our increased capacity to act on investment opportunities and constantly regenerate the portfolio in what has been a changing macroeconomic environment. Soul Patts ended the period with \$472 million in available cash, providing significant capacity and liquidity to respond to new opportunities and position the portfolio for continued cash flow growth.

Dividend growth

We are proud to announce dividends continue to grow, with 2026 marking our 28th consecutive year of increasing dividends. The Board has determined a 1H26 ordinary dividend of 48 cents per share, 9.1% higher than pcpc.

25 years of outperformance

We maintain Total Shareholder Return (TSR) is one of the most common measures of success over the long-term because it offers a definitive view of a company's ability to generate shareholder value. Over a 25-year period we have delivered a TSR of 12.9% p.a., outperforming the ASX200 Total Return Index by 4.6%. A \$1,000 investment in Soul Patts in 2001, is now worth \$19,925.

Portfolio performance

Growth in the NAV of our portfolio was broad-based in 1H26, with the majority of asset classes delivering positive returns. Emerging Companies was the strongest performer, with its value increasing 53.6% vs pcpc and delivering a total return of 36.7% in 1H26. This outperformance was driven by exposure to energy, communication services and defence. Listed Companies delivered a total return of 5.9% in 1H26 with outperformance driven by energy exposure. Real Assets grew materially following the inclusion of the Goodman industrial property joint venture post merger with Brickworks, while Credit deployed \$383 million of new capital and continues to generate strong risk-adjusted returns. Private Companies grew 49.0% vs pcpc, reflecting the inclusion of Brickworks Building Products business and continued investments.

Outlook

Looking ahead, we remain well positioned to benefit from ongoing market volatility. The portfolio is diversified, the balance sheet is strong and we retain flexibility to deploy capital selectively. Our multi-asset platform is capable of withstanding uncertainty, and we are focused on managing liquidity and strategic optionality. As always, our disciplined approach ensures we are protecting capital while delivering long-term growth for shareholders.

Investment Portfolio Financial Information

Soul Patts is a diversified investment entity that manages its investments on a portfolio basis. In contrast to the consolidated financial report, the portfolio information reflects the entity's activities as an 'investor' and provides details of its investments (subsidiaries, associate entities and other investments), which in some cases will differ from the statutory accounting treatment.

The Directors have presented this information (unaudited, non-International Financial Reporting Standards (**non-IFRS**)) as they believe the disclosure enhances the understanding of the financial position and results attributable to members and users of the financial statements.

The Statement of Comprehensive Income in the Investment Portfolio Financial Information represent the combined position of the investment holding entities, Soul Patts, Subco, and WHSP Holdings. The numbers presented have been calculated as follows and include:

- The combined Statement of Comprehensive Income for these entities
- Elimination of dividends between these entities

The NAV on page 12 is grouped according to the relevant valuation bases that apply to each individual portfolio. Assets are valued at Cost, Market Value, External Fair Value, or Directors' Fair Value as shown in the NAV statement included in the Portfolio Review on page 3.

The values in the NAV statement differ to the Consolidated Statement of Financial Position on page 25 primarily due to the following accounting methodologies:

	NAV statement	Consolidated financial statements
Investments in controlled entities	Market Value, External Fair Value, or Directors' Fair Value	Consolidated into the group financial position and results
Investments in associates	Market Value, External Fair Value, or Directors' Fair Value	Equity accounted with the balance in the statement of financial position increasing by the Group's share of each associate's result and decreasing by any dividends received

NCFI reflects income received from the investment portfolio (rather than consolidated cash flows of the Group). This includes dividends, interest and realised gains on trading assets. NCFI is reported after deducting corporate costs, income tax and excludes Non-Regular cash flows. The Directors declare dividends having regard to NCFI.

Directors' Report

The Directors of Soul Patts present their report for the reporting period ended 31 January 2026. This Directors' Report has been prepared in accordance with the requirements of Division 2 of Part 2M.3 of the *Corporations Act 2001*.

Merger of Soul Patts and Brickworks Limited

On 12 September 2025, the Supreme Court of New South Wales approved the Scheme of Arrangement (**Scheme**) under which First Services Company Limited (**Topco**), a newly incorporated Australian public company, became the ultimate holding company of both Washington H. Soul Pattinson and Company Limited and of Brickworks Limited (**Brickworks**).

The Scheme became effective on 15 September 2025. On this date, Washington H. Soul Pattinson and Company Limited was renamed WHSP Holdings Pty Limited (**WHSP Holdings**) and ceased trading on the ASX. Topco was subsequently renamed Washington H. Soul Pattinson and Company Limited (**Soul Patts**) and commenced trading on the ASX under the ticker symbol "SOL" on a deferred settlement basis, marking the formal establishment of the merged group (**Group**).

The Scheme was implemented on 23 September 2025 (the merger date), when Topco's wholly-owned subsidiary, Second Services Company Limited (**Subco**) acquired all shares in WHSP Holdings and Brickworks, either directly or indirectly. In consideration, SOL and BKW shareholders received Topco shares in accordance with the respective SOL and BKW Share Scheme. Additionally, as part of the merger, \$1.3 billion was raised through the issue of 34.3 million new Topco shares to investors participating in the Topco Equity Raising. Further details are provided in Note 8 Share Capital.

Soul Patts commenced trading on the ASX on a normal settlement basis on 24 September 2025, and WHSP Holdings was delisted from the ASX following market close on that date.

For financial reporting purposes, WHSP Holdings is identified as the accounting acquirer and Brickworks as the accounting acquiree under AASB 3 *Business Combinations*. As such, the consolidated financial statements have been prepared as a continuation of the financial statements of WHSP Holdings with an acquisition of Brickworks during the period. Further details on the accounting treatment of the merger are provided in Note 3 Business Combinations.

Following the merger, the Group reorganised its segment information across multiple asset classes (Listed Companies, Real Assets, Emerging Companies, Credit and Private Companies). Prior year comparatives have been restated where appropriate to ensure consistency with the current period presentation. Refer to Note 4 for further information.

This report includes six months of WHSP Holdings performance and 100% of Brickworks' results from the merger date, 23 September 2025. Prior to 23 September 2025, the investment in Brickworks was accounted for using the equity method.

In this report, "Soul Patts" refers to pre-merger WHSP Holdings, and from the merger date, it refers to Topco.

Directors

Todd Barlow (MD & CEO) and Mark Ellenor were appointed Directors of Topco on the Company's inception date, 28 May 2025. Mr Ellenor resigned as a Director of Topco on the Scheme effective date, 15 September 2025. Mr Barlow remained a Director of the renamed company, Soul Patts, up to the date of this Directors' Report.

On the Scheme effective date, the existing directors of WHSP Holdings resigned and three new directors were appointed. The following individuals served as Directors of WHSP Holdings until the Scheme effective date, 15 September 2025, and Soul Patts thereafter and up to the date of this Directors' Report, unless otherwise noted:

Principal activities

Soul Patts is an investment house with a diversified and uncorrelated portfolio of assets across multiple industries. There were no significant changes to the Group's principal investing activities during the period.

Directors' Report

Operating and financial review

Review of operations

Revenue from continuing operations (revenue from ordinary activities)

Revenue from continuing operations of \$818 million was up \$325 million or 66% on the previous corresponding period (**pcp**).

Key variances were:

	\$m
Higher Revenue in the Private Companies portfolio primarily resulting from the inclusion of Brickworks revenue from the merger date 23 September 2025 (\$325 million) as well as Carlile Swim (\$2 million) driven by new swim centres and price increases for established centres. This was partly offset by lower Ampcontrol revenue (\$21 million) due to lower revenues from energy customers and Soul Patts Agriculture (\$2 million).	308
Higher Interest revenue arising from growth in the Credit Portfolio.	5
Higher Dividends and distribution income driven by Listed and Emerging Companies, partly offset by lower distributions from Liquid income funds as investments were redeemed during the year. This includes a \$21 million special dividend from TPG.	14
Lower Other revenue.	(2)
Total increase in Revenue from continuing operations	325

Profit after tax attributable to members

The Group Statutory Net Profit After Tax attributable to members for the reporting period ended 31 January 2026 was \$2,303 million compared with a net profit of \$327 million in the previous corresponding period, an increase of \$1,976 million or 604%.

The drivers of the increase in Group Statutory Net Profit After Tax were:

	\$m
Higher current year Regular Net Profit After Tax of \$304 million, compared with \$285 million in the pcp, with higher contributions from Emerging Companies and Real Assets, partly offset by lower contributions from Listed Companies, Private Companies, Credit and Treasury. Further explanations of these variances are provided in the Portfolio performance section below.	19
Higher Non-Regular Profit After Tax further detailed in the Reconciliation between Consolidated Regular Profit After Tax and Consolidated Net Profit After Tax on page 18 and 19.	1,957
Total increase in Group Statutory Net Profit After Tax attributable to members	1,976

The table below sets out reported Group Statutory Net Profit After Tax attributable to members on a Regular and Non-Regular basis, by portfolio.

Following the merger with Brickworks on 23 September 2025, the Group has revised its segment disclosures to reflect the information now provided to the Chief Operating Decision Maker (**CODM**). As a result, the 2025 comparative amounts have been restated to ensure consistency with the updated segment disclosure. Further details are provided in Note 4 Segment Information.

Portfolio performance

The following section contains a brief analysis of how each asset class performed compared to the previous corresponding period on a Consolidated Statutory Net Profit After Tax basis.

Listed Companies

The Listed Companies Statutory Net Profit After Tax contribution of \$57 million was \$84 million lower when compared to the pcpc due to lower Regular Net Profit After Tax of \$133 million following lower share of profits from New Hope of \$94 million due to lower realised coal pricing, lower trading gains (\$21 million), and a reduction in the size of the portfolio resulting in lower dividend income. Non-Regular Profit After Tax was \$8 million driven by the special dividend from TPG of \$15 million (after tax) offset by Non-Regular items related to associates of \$7 million, as compared to a loss of \$41 million in the pcpc driven by the Group's share of non-regular losses from associates.

Real Assets

The Real Assets Statutory Net Profit After Tax contribution of \$28 million was \$36 million higher compared to the pcpc due primarily to the post-merger contribution of Brickworks' property joint ventures.

Emerging Companies

The Emerging Companies Statutory Net Profit After Tax contribution of \$1,036 million was \$940 million higher compared to the pcpc.

Regular Net Profit After Tax increased by \$139 million to \$185 million due to higher realised and unrealised mark-to-market gains on the trading portfolio compared with the pcpc.

The \$851 million in Non-Regular Profit After Tax was due to non-regular realised and unrealised fair value gains. This included \$152 million in after tax unrealised gains on trading assets and \$241 million in after tax realised gains on sales of shares in Tuas, Apex, and Aeris. In addition, due to a reduction in shareholding during the period, Tuas and Aeris are no longer accounted for as associates, resulting in unrealised gains of \$460 million to mark-to-market these investments at the date of the change in accordance with the accounting standards. These investments are now accounted for as fair value through other comprehensive income.

Credit

The Statutory Net Profit After Tax contribution from Credit was \$65 million, down \$12 million on the pcpc. The decreased contribution was due to unfavourable currency movements on foreign-denominated loans (\$11 million) and higher expected credit loss provisions (\$5 million), offset partly by higher interest income and loan fees (\$4 million).

Private Companies

The Private Companies made a Statutory Net Loss After Tax of \$33 million, compared to a profit of \$30 million in the pcpc.

The primary reasons for the lower contribution were:	\$m
• Regular Net Profit After Tax decreased with lower current year profit following the inclusion of Brickworks building products (\$19 million loss after tax) and lower fair value gains on minority investments, partly offset by increased dividend income.	(23)
• Non-Regular Loss After Tax of \$36 million, compared to a profit of \$4 million in the pcpc, resulting primarily from \$11 million in impairment charges, \$18 million in asset provisions and transformation costs and \$7 million share of non-regular costs of associates.	(40)
Total	(63)

Treasury

Treasury represents Soul Patts' unallocated corporate costs, tax, financing income and financing expenses incurred to support the investment portfolio. In the current reporting period, the Statutory Net Profit After Tax from Treasury was \$1,150 million compared with a loss of \$9 million in the pcpc.

Regular Net Loss After Tax increased by \$6 million, primarily as a result of lower income from liquid income funds which were redeemed to fund investments over the past 12 months.

The increase in Non-Regular Profit after Tax by \$1,165 million was largely driven by the accounting effects of the Brickworks merger. Merger impacts included the provisional gain on bargain purchase (\$558 million) and reductions in deferred tax liabilities (\$872 million), partly offset by stamp duty and other transaction costs (\$218 million) and the after tax loss on extinguishing the convertible notes (\$14 million) held by Soul Patts prior to the merger. Refer to Note 3 for further details.

Reconciliation between Consolidated Regular Profit After Tax and Consolidated Net Profit After Tax

A reconciliation between Consolidated Regular Net Profit After Tax attributable to members and Consolidated Net Profit After Tax attributable to members is set out below. The Directors consider that disclosing this will enhance shareholders' and other readers' understanding of the financial results.

As noted above, following the merger with Brickworks on 23 September 2025, the Group has revised its segment disclosures to better reflect the information now provided to the CODM. The 2025 comparative amounts have been restated to ensure consistency with the updated segment disclosure. Further details are provided in Note 4 Segment Information.

The allocation of revenue and expense items between Regular and Non-Regular Net Profit After Tax is consistent with the previous corresponding period. Transactions between business segments are on an arm's length basis in a manner similar to transactions with third parties.

Directors' Report continued

Financial position

In September 2025, following the Scheme approval, WHSP Holdings repurchased the remaining \$217 million of the principal amount of the 2030 convertible notes for total consideration of \$278 million.

The Soul Patts Group balance sheet is strong, holding a substantial balance of liquid assets with low levels of borrowings. Statutory net assets grew from \$9.4 billion to \$13.4 billion, driven by statutory profits, the \$1.3 billion equity raising in September 2025 concurrent with the Scheme and the accounting impact of the merger, offset by dividends paid to shareholders. The Group continues to maintain a significant net current asset position of \$2.5 billion. These amounts do not consider the Market and Fair Value of subsidiaries and associates, which are higher than statutory carrying values.

At 31 January 2026, the Group had access to \$1.1 billion in available financing facilities, of which \$393 million was unutilised. This excludes the capacity to further draw on equity finance facilities, where the amount of future capacity is a function of the prevailing value of the pool of investments used as security at the time of borrowing. Details of existing financing arrangements are set out in Note 7.

Dividends

The FY25 final dividend of \$217 million, or 59 cents per share (fully franked), was paid in the current reporting period. The Directors have resolved to pay an interim dividend of 48 cents per share in respect of the half year ended 31 January 2026, an increase of 9.1% over last half year's interim dividend of 44 cents per share. The dividend will be fully franked and is payable on 14 May 2026.

Dividend Reinvestment Plan

The Soul Patts Dividend Reinvestment Plan (DRP) is not in operation for the 2026 interim dividend.

Events subsequent to the reporting date

No events or circumstances have occurred subsequent to the reporting period that have significantly affected, or may significantly affect, the operations of the Soul Patts Group, the results of those operations, or the state of affairs of the Soul Patts Group subsequent reporting periods.

Auditor's Independence Declaration

The lead auditor's independence declaration for the half year ended 31 January 2026 has been received and included on page 21.

Rounding

The Parent Entity and the Soul Patts Group have applied the relief available under *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*. In accordance with that legislative instrument, amounts in the Directors' Report and the Financial Report have been rounded to the nearest million dollars, unless otherwise stated.

Auditor's Independence Declaration to the Directors of Washington H. Soul Pattinson and Company Limited

As lead auditor for the review of the half-year financial report of Washington H. Soul Pattinson and Company Limited for the half-year ended 31 January 2026, I declare to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the review;
- b) no contraventions of any applicable code of professional conduct in relation to the review; and
- c) no non-audit services provided that contravene any applicable code of professional conduct in relation to the review.

This declaration is in respect of Washington H. Soul Pattinson and Company Limited and the entities it controlled during the financial period.

About this report

Merger of Soul Patts and Brickworks Limited

On 12 September 2025, the Supreme Court of New South Wales approved the Scheme of Arrangement (**Scheme**) under which First Services Company Limited (**Topco**), a newly incorporated Australian public company, became the ultimate holding company of both Washington H. Soul Pattinson and Company Limited and of Brickworks Limited (**Brickworks**).

The Scheme became effective on 15 September 2025. On this date, Washington H. Soul Pattinson and Company Limited was renamed WHSP Holdings Pty Limited (**WHSP Holdings**) and ceased trading on the ASX. Topco was subsequently renamed Washington H. Soul Pattinson and Company Limited (**Soul Patts**) and commenced trading on the ASX under the ticker symbol "SOL" on a deferred settlement basis, marking the formal establishment of the merged group (**Group**).

The Scheme was implemented on 23 September 2025 (the merger date), when Topco's wholly-owned subsidiary, Second Services Company Limited (**Subco**) acquired all shares in WHSP Holdings and Brickworks, either directly or indirectly. In consideration, SOL and BKW shareholders received Topco shares in accordance with the respective SOL and BKW Share Scheme. Additionally, as part of the merger, \$1.3 billion was raised through the issue of 34.3 million new Topco shares to investors participating in the Topco Equity Raising. Further details are provided in Note 8 Share Capital.

Soul Patts commenced trading on the ASX on a normal settlement basis on 24 September 2025, and WHSP Holdings was delisted from the ASX following market close on that date.

For financial reporting purposes, WHSP Holdings is identified as the accounting acquirer and Brickworks as the accounting acquiree under AASB 3 *Business Combinations*. This assessment is based on the fact that WHSP Holdings (formerly Soul Patts) shareholders obtained 72% of the combined Group's shares, eight of the nine directors on the Group Board are from WHSP Holdings, and the relative size of the two businesses. As such, the consolidated financial statements have been prepared as a continuation of the financial statements of WHSP Holdings with an acquisition of Brickworks during the period. Further details on the accounting treatment of the merger are provided in Note 3 Business Combinations.

Following the merger, the Group reorganised its segment information across multiple asset classes (Listed Companies, Real Assets, Emerging Companies, Credit and Private Companies). Prior year comparatives have been restated where appropriate to ensure consistency with the current period presentation. Refer to Note 4 for further information.

This report includes six months of WHSP Holdings performance and 100% of Brickworks' results from the merger date, 23 September 2025. Prior to 23 September 2025, the investment in Brickworks was accounted for using the equity method.

In this report, "Soul Patts" refers to pre-merger WHSP Holdings, and from the merger date, it refers to Topco.

01 Basis of preparation

Washington H. Soul Pattinson and Company Limited (Soul Patts or The Company) is a for profit company listed on the Australian Securities Exchange (ASX:SOL).

The financial report for the half year ended 31 January 2026 is a general purpose financial report and has been prepared in accordance with AASB 134 *Interim Financial Reporting and the Corporations Act 2001*.

The financial report presents reclassified comparative information where required for consistency with the current half year's presentation.

The Half Year Financial Report does not include all the notes of the type normally included in annual financial statements. Accordingly, this report is to be read in conjunction with WHSP Holdings Limited's annual financial report for the year ended 31 July 2025 and any public announcements made by Soul Patts during the interim reporting period in accordance with continuous disclosure requirements of the *Corporations Act 2001* and the Australian Securities Exchange Listing Rules.

The Half Year Financial Report is presented in Australian dollars and all values are rounded to the nearest million dollars unless otherwise stated, in accordance with ASIC *Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*.

The accounting policies adopted in this report are consistent with those of the previous financial year and the corresponding half year reporting period, except for the required adoption of new standards effective as of 1 August 2025. These did not have a material impact on the interim financial report. The Company has not early adopted any standard, interpretation, or amendment that has been issued but is not yet effective.

This interim financial report was authorised for issue by the Board on 26 March 2026.

Fully franked interim dividend	182	162	48	44
This dividend is due to be paid on 14 May 2026 (2025: 14 May 2025). As the dividend was not determined by the Directors until 26 March 2026 a provision was not recognised as at 31 January 2026.				

1 Under the Dividend Reinvestment Plan, \$5.1 million of the 2024 final dividend was reinvested to receive additional fully paid ordinary shares instead of cash payment.

Dividend Reinvestment Plan

The Soul Patts Dividend Reinvestment Plan (DRP) is not in operation for the 2026 interim dividend.

Total number of ordinary shares on issue at the end of the reporting period was 379,919,682 (2025: 367,740,242).

Summary of acquisitions in the current reporting period

Acquisition of Brickworks (Private Companies and Real Assets Portfolio)

On 23 September 2025, the Scheme of Arrangement for the merger of Soul Patts and Brickworks was implemented. On this date, Topco's wholly-owned subsidiary, Subco, acquired all Soul Patts (subsequently renamed **WHSP Holdings**) and Brickworks shares, either directly or indirectly.

Topco was then renamed Washington H. Soul Pattinson and Company Limited (or, going forward, **Soul Patts**) and commenced trading on the ASX under the ticker symbol "SOL" on a deferred settlement basis. This marked the formal establishment of the merged group.

For Financial reporting purposes, WHSP Holdings is identified as the accounting acquirer and Brickworks as the accounting acquiree under AASB 3 *Business Combinations*.

Brickworks specialises in the manufacture and distribution of building products for both residential and commercial markets both in Australia and the US, as well as property and other equity investments.

Details of the purchase consideration is as follows:

	\$m
Purchase consideration	
Fair value of ordinary shares issued	2,962
Less Fair value of shares cross-held	(2,219)
Net shares issued	743
Add Fair value of previously held investment ¹	667
Total purchase consideration	1,410

Under the Scheme of Arrangement, Soul Patts acquired the remaining 57.2% of Brickworks' outstanding equity (previously not owned) for net consideration of \$743 million. The transaction was executed through an all-share exchange, under which Brickworks shareholders received 0.82 Soul Patts shares for each Brickworks share. The consideration is measured using the Soul Patts volume-weighted average share price of \$41.11 on 23 September 2025.

A summary of the provisional allocation of assets and liabilities acquired is as follows:

	Brickworks 23 September 2025 \$m
Cash and cash equivalents	101
Trade receivables and other assets	134
Inventories	384
Long-term equity investments	4
Interests in associates and joint ventures	2,113
Property, plant and equipment	522
Right-of-use assets	249
Intangible assets	4
Deferred tax assets	233
Deferred tax liabilities	(158)
Trade payables and other liabilities	(112)
Interest bearing liabilities	(895)
Lease liabilities	(476)
Provisions	(134)
Other financial liabilities	(1)
Fair value of net identifiable assets	1,968
Provisional Gain on Bargain Purchase¹	558

The net assets of the acquired businesses recognised in the 31 January 2026 financial statements reflect a provisional assessment of fair value. Final determination of the fair values of the acquired assets and liabilities will be completed within the 12 month measurement period, in accordance with the Group's accounting policy.

¹ Under AASB 3 of the accounting standards the Group's pre existing interest in Brickworks is required to be restated to fair value. The provisional gain on bargain purchase of \$558 million is net of this fair value adjustment which resulted in a \$113 million step loss on acquisition.

As the fair value of net assets acquired of \$1,968 million is greater than total purchase consideration of \$1,410 million, a provisional gain on bargain purchase has been recognised of \$558 million in Other gains and losses (refer to Note 5.2) in the Consolidated Statement of Comprehensive Income. The provisional gain on bargain purchase resulted primarily from revaluations of Brickworks' assets and liabilities and resetting of tax bases upon joining a new income tax consolidated group which reduced the deferred tax liabilities on acquisition.

Acquisition related cash flows

Below are cash flows related to the acquisition including transaction costs.

	\$m
Cash balance acquired	101
Cash inflow from investing activities	101
Acquisition related costs ¹	(214)
Cash outflow from operating activities	(214)
Cash flows from the acquisition of Brickworks, net of cash acquired	(113)

1 Stamp duty and acquisition related costs of \$221 million that are not directly attributable to the issue of shares (refer to Note 8) are included in Acquisition costs expensed in the Consolidated Statement of Comprehensive Income. Of this amount, \$214 million represents cash costs reflected in operating cash flows in the Consolidated Statement of Cash Flows, and \$7 million represents accrued amounts at period end.

Revenue and profit contribution

Below are details of Brickworks revenue and profit before tax contribution to the Group for the period from acquisition date of 23 September 2025 until 31 January 2026, and for the six month period ended 31 January 2026 as if the acquisition had occurred at the beginning of the reporting period on 1 August 2025.

The amounts for the six month period have been calculated using Brickworks' results and adjusting them for:

- differences in accounting policies;
- elimination of intercompany transactions;
- merger related costs which represent the non-recurring costs incurred by Brickworks in association with the merger. These costs include financial advisory, legal, regulatory, accounting, tax and other costs and do not relate to the ongoing operations of the Group; and
- the additional depreciation and amortisation that would have been charged on the assumption that the provisional fair value adjustments had applied from 1 August 2025.

	\$m
Revenue contribution	
Acquisition date until 31 January 2026	325
If the acquisition had occurred on 01 August 2025	520
Profit before tax contribution	
Acquisition date until 31 January 2026	5
If the acquisition had occurred on 01 August 2025	2

Reset of tax cost bases

At the merger date, the Brickworks income tax consolidated group joined the Soul Patts income tax consolidated group. As a consequence, the tax bases of the assets of the Brickworks income tax consolidated group were reset in accordance with the tax consolidation rules. Generally, the resulting temporary differences between the new tax bases and Brickworks' purchase price accounting values were (subject to assessments of recoverability) recorded as deferred tax assets and liabilities as part of the Purchase Price Allocation (PPA).

The WHSP Holdings income tax consolidated group similarly joined the Soul Patts income tax consolidated group at the merger date with the tax bases of its assets also reset in accordance with the tax consolidation rules. Given WHSP Holdings is the deemed acquirer for accounting purposes and not subject to purchase price accounting, the resulting decrease in deferred tax liabilities was recorded as a deferred tax benefit in the Consolidated Statement of Comprehensive Income.

As at 31 January 2026, the determination of the income tax Allocable Cost Amounts (ACA) remains preliminary.

04 Segment information

The Group is an investment house that operates within six segments based on its investment asset classes allocation. All segments are predominately based in Australia.

Operating segments are reported in a manner consistent with the internal reports provided to the Chief Operating Decision Maker (**CODM**), who is responsible for resources allocation and performance assessment of the operating segments, and has been identified as the Board of Soul Patts.

Changes in the reporting segments

Following the merger with Brickworks on 23 September 2025, the Group has amended its segment disclosures to align with the information now provided to the CODM and how the CODM now manages and assesses the performance of the operating segments. The comparative segment disclosures have been updated to be consistent with the current period segment disclosures.

In accordance with AASB 8 *Operating Segments*, the Group has identified its operating segments to be the following:

Listed Companies

Actively managed investments held for income and growth focused on compounding value.

Private Companies

Long-term investments in unlisted companies with growth opportunities.

Credit

Investments in corporate loans, bonds and structured credit solutions taking a disciplined approach to pricing and managing risk.

Emerging Companies

Listed and unlisted high-growth companies leveraging structural changes and global trends.

Real Assets

Tangible assets such as real-estate, agriculture, and data centres that are aligned with structural and demographic tailwinds.

Treasury

Treasury represents Soul Patts' unallocated corporate costs, tax, financing income and financing expenses incurred to support the investment portfolio.

For the half year ended 31 January 2026, the operations of the Brickworks business have been allocated across the Group's reporting segments as follows: Brickworks Building Products within Private Companies and Brickworks property joint ventures within Real Assets.

For the period prior to the merger, including the comparative period, the Group's investment in Brickworks has been included within the Listed Companies segment.

1 The negative effective tax rate results primarily from the reduction in deferred tax liabilities following the merger as noted below and in Note 3.

2 These primarily relate to Australian carryforward capital losses and unrealised capital losses on investments. Deferred tax assets on deductible temporary differences and unused tax losses are recognised only when it is probable that future taxable profit will be available of the same nature against which the temporary differences/losses can be utilised. Certain deductible temporary differences on assets that will only be utilised upon sale (capital base) but have been held for use have not been recognised on this basis. Unused tax losses that have not been recognised at the reporting date include Australian carryforward capital tax losses and losses from other tax groups and foreign jurisdictions.

Reset of tax cost bases

At the merger date, the tax cost bases of the assets of Brickworks and WHSP Holdings were reset in accordance with the tax consolidation rules. Further details are provided in Note 3.

- On 23 September 2025, the Group acquired the remaining 57.2% of shares in Brickworks that it did not already own, increasing its shareholding from 42.8% to 100%. From this date, Brickworks ceased to be accounted for as an equity accounted associate and became a controlled entity. The acquisition resulted in a provisional gain on bargain purchase of \$558 million. This is further described in Note 3.
- During the current reporting period, Soul Patts sold 20 million shares in Tuas for \$140 million, generating an after tax profit of \$91 million. In addition, Tuas also announced in August 2025 that its wholly owned subsidiary, Simba Telecom Pty Ltd, entered into a binding Share Purchase Agreement to acquire M1 Limited. To fund the acquisition, Tuas Limited issued 70 million new shares through an equity raise. These transactions reduced Soul Patts' shareholding in Tuas from 20.6% to 14.4%. As a result of this dilution, Soul Patts derecognised Tuas as an associate and now classifies it as a long term investment measured at fair value. The initial recognition of Tuas at fair value gave rise to an additional after tax profit of \$356 million.
- During the current reporting period, Soul Patts sold of its entire equity interest in Apex for \$202 million, generating an after tax profit of \$124 million.
- During the current reporting period, Soul Patts sold 71 million shares in Aeris for \$44 million, generating an after tax profit of \$26 million. Separately, Aeris undertook a capital raising in which the Soul Patts Group did not participate, resulting in a dilution of its ownership interest. In accordance with AASB 128 Investments in Associates, this dilution gave rise to a deemed disposal gain of \$24 million. Collectively, these transactions reduced the Group's ownership interest in Aeris from 31.4% to 19.5%. As a result of this dilution, Soul Patts derecognised Aeris as an associate and now classifies it as a long term investment measured at fair value. The initial recognition of Aeris at fair value gave rise to an additional after tax profit of \$80 million. In addition, the Group's existing \$40 million loan to Aeris was fully repaid during the current reporting period.
- Brickworks property trusts were acquired as part of the merger of Soul Patts and Brickworks. The investments in Brickworks property trusts are accounted for using the equity method.

The fair values of interest bearing liabilities materially approximate their respective carrying values as at 31 January 2026.

As at 31 January 2026, the Group had the following financing facilities in place:

7.1 WHSP Holdings

7.1.1 Equity finance facilities

As at 31 January 2026, WHSP Holdings had access to secured financing facilities with a number of financiers.

As security for borrowings under these facilities, WHSP Holdings transfers ownership of title over certain securities to the finance provider. As WHSP Holdings retains the risks and benefits of ownership of the transferred investments, including the right to receive dividends, these securities continue to be included as assets on the Group's statement of financial position. Upon repayment of the debt, legal title of the investments is transferred back to WHSP Holdings.

As at 31 January 2026, WHSP Holdings had no borrowings under equity finance facilities. During the half year ended 31 January 2026 WHSP Holdings borrowed \$300 million and repaid \$550 million under these facilities. The 31 January 2026 tenor and average cost for borrowings under these facilities was 30 days and 4.2% p.a.

Capacity to draw further funds under these facilities is not included in the facilities unutilised amounts above; the capacity is a function of the prevailing value of the pool of securities that is eligible to be loaned.

7.1.2 Buy-back of 2030 Convertible notes

On 2 July 2025, as part of the Scheme, Soul Patts announced its intention to repurchase the 2030 Notes in two tranches.

In July 2025, Soul Patts completed the settlement of Tranche 1, repurchasing \$233 million of the principal amount of the 2030 Notes. The repurchase price was \$248,531 per \$200,000 principal amount of the 2030 Notes plus accrued and unpaid interest up to and including the settlement date. Total consideration paid was \$289 million, resulting in a total accounting loss of \$58 million before tax (\$41 million after tax) recognised in the FY25 reporting period.

Following Scheme approval, Soul Patts repurchased the remaining \$217 million of the principal amount of the 2030 Notes on 12 September 2025. The repurchase price on the Notes was \$256,034 per \$200,000 principal amount of the 2030 Notes plus accrued and unpaid interest up to, and including the settlement date. Total consideration paid was \$278 million, resulting in a total accounting loss of \$21 million before tax (\$14 million after tax) recognised in the current reporting period.

Independent auditor's review report to the members of Washington H. Soul Pattinson and Company Limited

Conclusion

We have reviewed the accompanying half-year financial report of Washington H. Soul Pattinson and Company Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 31 January 2026, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the Corporations Act 2001, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 31 January 2026 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity (ASRE 2410). Our responsibilities are further described in the Auditor's responsibilities for the review of the half-year financial report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to reviews of the half-year financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 January 2026 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Independent Auditor's Review Report continued

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Investment Portfolio Financial Information

Investment Portfolio Financial Information represents the results and position of Soul Patts, Subco and WHSP.

Portfolios

Soul Patts is a diversified investment house that operates within five segments (asset classes), which are supported by the treasury function.

Listed Companies: Actively managed investments held for income and growth focused on compounding growth.

Real Assets: Tangible assets such as real-estate, agriculture, and data centres that are aligned with structural and demographic tailwinds.

Emerging Companies: Listed and unlisted high-growth companies leveraging structural changes and global trends.

Credit: Investments in corporate loans, bonds, and structured credit solutions taking a disciplined approach to pricing and managing risk.

Private Companies: Long-term investments in unlisted companies with growth opportunities.

Treasury: Cash, borrowings and other assets and liabilities supporting the funding and operations of the portfolio investing activity and corporate office. Incorporates Soul Patts' unallocated corporate costs, tax, financing income and financing expenses incurred to support the investment portfolio.

Performance Measures

Definitions of performance measures, including IFRS and non-IFRS measures, are presented below in alphabetical order.

We have specifically identified those measures which are IFRS measures.

Basic Earnings Per Share (EPS) is an IFRS measure calculated by dividing the consolidated net profit after tax attributable to owners of the Company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the reporting period excluding treasury shares and excluding shares representing the reciprocal interest with Brickworks.

Cost is the amount of consideration (cash or other assets) paid at the time of acquisition, less any impairment or expected credit loss.

Directors' Fair Value (DFV) is based on an internal valuation methodology and assumptions approved by the Directors of Soul Patts.

Diluted Earnings Per Share (DPS) is an IFRS measure calculated by dividing the consolidated net profit after tax attributable to owners of the Company after adding back the after tax effect of interest and other financing costs associated with dilutive potential ordinary shares, by the weighted average number of ordinary shares that would have been outstanding assuming the conversion of dilutive potential ordinary shares. It excludes treasury shares and up until the merger date it excludes shares representing the reciprocal interest with Brickworks.

External Fair Value (EFV) is a fair value based on valuations received from a third party. Third parties include, but are not limited to, custodians, investment banks, external investment managers and independent valuers.

Fair Value (FV) is defined under IFRS as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It is inclusive of External Fair Value, Directors' Fair Value, and Market Value.

Group Statutory Net Profit After Tax (NPAT) is referring to the IFRS measure, consolidated Net Profit After Tax attributable to the shareholders of Soul Patts.

Group Regular Net Profit After Tax (NPAT) is a non-statutory profit measure, also referred to as Underlying NPAT, which represents the consolidated profit after tax attributable to shareholders of Soul Patts, before Non-Regular items.

Market Value (MV) is based on the last sales price as quoted on the Australian Securities Exchange or other securities exchanges on the reporting date. These investments are subject to market price fluctuations.

NAV, or Net Asset Value (pre-tax), is the value of all Soul Patts' assets less all liabilities, excluding any capital gains tax payable upon the sale of its assets. Assets may be valued at Cost, Directors' Fair Value, External Fair Value, or Market Value.

Net Asset Value (post-tax) is the Net Asset Value (pre-tax) less the estimated capital gains tax liability that would arise if Soul Patts disposed of all of its assets at the pre-tax values adopted.

Net Cash Flow From Investments (NCFI) reflects income received by Soul Patts from the investment portfolio, including dividends, interest and realised gains on trading assets. NCFI is reported after deducting corporate costs, income tax and excludes Non-Regular cash flows. The Directors declare dividends having regard to NCFI.

Net Cash Flow From Investments Per Share is calculated by dividing Net Cash Flow From Investments by the weighted average issued ordinary shares of the Company.

Net Tangible Assets is defined in the ASX listing rules as total assets of the Consolidated Entity less all intangible assets and total liabilities ranking ahead of, or equally with claims of the Company's ordinary security.

Net Tangible Asset backing per ordinary security is calculated by dividing Net Tangible Assets by: the total issued ordinary shares of the Company excluding treasury shares and excluding shares representing the reciprocal interest with Brickworks.

Non-Regular refers to items of income, expense, or cash flow, which by nature are outside the ordinary course of business or are part of ordinary activities but are unusual due to their size (such as disposals of investments in subsidiaries and associates).

Non-Regular Net Profit After Tax (NPAT) refers to the sum of Non-Regular items of income and expense, net of applicable tax, attributable to shareholders of Soul Patts.

Payout Ratio is the proportion of ordinary dividends that Soul Patts pays to shareholders in relation to its Net Cash Flow From Investments, expressed as a percentage.

Regular Net Profit After Tax (NPAT) is a non-statutory profit measure and represents net profit after tax attributable to shareholders of Soul Patts, before Non-Regular Net Profit After Tax. Regular items refer to the core or recurring business activities that are expected to continue into the future and contribute to profit and loss.

Statutory Net Profit After Tax (NPAT) is referring to the IFRS measure, Net Profit After Tax attributable to the Members of Soul Patts.

Total Shareholder Return (TSR) or Total Return is a performance measure that combines capital appreciation (e.g. market price changes or revaluation) with all income distributed by the investment over the period, excluding the benefit of any franking credits distributed. It is expressed as a percentage by referencing the value of the investment at the beginning of the period.
