### About Spectur Limited

Spectur Limited (ASX:SP3) is an Australian-based developer and manufacturer of security, surveillance, warning, environmental monitoring and AI solutions and platforms, powered by solar, IoT [Internet of Things], camera and cloud-based technology. The Company owns the rights to its innovative hardware and disruptive cloud-based systems which are deployed to provide solutions to industries including government and utilities, and the building, construction and civil sector. The Company fully owns the Three Crowns Technologies Limited and Spectur New Zealand Limited entities.

Spectur's core products are solar-powered warning, deterrence, surveillance, environmental monitoring and AI systems and associated cloud-based platforms. These systems incorporate cameras, lighting, audible warnings and a hardware IoT platform, remotely accessed and connected via 3G/4G or satellite technology to a cloud-based platform. The cloud platforms include data investors and repositories, workflow managers, reporting tools and AI solutions.

Spectur has employees across Australia, with offices in Brisbane, Sydney, Melbourne and Perth. The company services more than 600 active customers with close to 3,000 camera systems currently deployed.

The Company design, codes, manufactures, sells, installs and maintains our hardware and software technology – providing a single point of contact able to configure to suit customer needs.
