

NBIO PROPOSAL

Strata Investment Holdings PLC (ASX: SRT) (Strata or the Company) advises that on 4 June 2026 it received an unsolicited, confidential, non-binding and indicative proposal from Freedom BidCo, Inc, a company incorporated in Ontario, Canada (**Freedom**), in relation to a potential acquisition of all of the shares in Strata at a price of A\$0.16 per share in cash.

On 10 June 2026, Freedom announced its intention to make a cash offer to acquire the entire issued and to be issued share capital of Strata at a price of A\$0.16 per share in cash (the **Proposed Offer**) on the Regulatory News Services (see **Annexure A**). The Proposed Offer, if made, will be made to Strata shareholders in accordance with the terms and conditions set out in that announcement.

The Proposed Offer price of A\$0.16 per share represents no premium to the last traded price prior to suspension and is subject to a number of conditions, including, without limitation, a minimum acceptance condition, receipt of applicable antitrust and regulatory approvals and no material adverse change in the Strata business, as more fully described in the announcement referred to above.

Shareholders should note that, as stated in Freedom's announcement, the offer will be made solely by means of an offer document which will contain the full terms and conditions of the offer, including details of how the offer may be accepted. Freedom has announced that the offer document will be published and sent to Strata shareholders (other than shareholders in restricted jurisdictions) within 28 days of Freedom's announcement. There is no guarantee that the Proposal or any discussions with Freedom will lead to a formal binding offer. Shareholders do not need to take any action at this point.

Shareholders should further note that, as stated in the announcement referred to above, neither the takeover provisions of the Australian Corporations Act 2001 (Cth) nor the Takeover Code apply to the offer, and the transactions contemplated by the announcement are not subject to the jurisdiction of, or being regulated by, the UK Takeover Panel.

If there are material developments in the future, Strata will continue to update the market in accordance with its continuous disclosure obligations.

**CASH OFFER
FOR
STRATA INVESTMENT HOLDINGS PLC ("STRATA")
BY
FREEDOM BIDCO, INC. ("FREEDOM BIDCO")**

The board of Freedom Bidco, a company incorporated in Ontario, Canada is pleased to announce the terms and conditions of a cash offer to be made by Freedom Bidco to acquire the entire issued and to be issued share capital of Strata (not already owned by Freedom Bidco) (the "**Offer**").

Summary

Under the terms of the Offer, each Strata Shareholder will be entitled to receive:

16 cents in cash for each Strata Share

- The Offer values Strata's entire issued share capital at approximately AUD 27.1 million (£14.2 million).
- The Offer Price:
 - o represents full liquidity for all Strata Shareholders who have been locked up for approximately 21 months in a public company whose shares have been suspended on the ASX and now risk being delisted in relation to a transaction that is no longer capable of completion;
 - o represents a premium of approximately 23 per cent. to A\$0.13 per Strata Share, being the price at which SCP acquired its Strata Shares in an off-market transaction and (so far as Freedom Bidco is aware) being the largest known arms' length transaction in Strata Shares since their suspension from trading on the ASX, representing approximately 8.26 per cent. of Strata's issued share capital. In the view of Freedom Bidco, this trade represents the only meaningful indicator of price discovery in Strata Shares in the approximately 21 months since suspension; and
 - o is equal to A\$0.16 per Strata Share, being the Closing Price on 22 August 2024 (being the last day on which the Strata Shares traded prior to their suspension from trading on the ASX). For the avoidance of doubt, the Strata Shares have not traded on any exchange or other market since that date and accordingly that price is provided as a historical reference only.

As the Strata Shares have been suspended from trading on the ASX since 26 August 2024, no volume-weighted average price (or other equivalent reference price by reference to any subsequent trading period) is available, and accordingly no comparison of value is reported by reference to any such measure. The Closing Price of A\$0.16 per Strata Share referred to above was the last price at which the Strata Shares were quoted prior to their suspension from trading.

- Freedom Bidco strongly believes that the Offer provides attractive liquidity and represents a compelling opportunity for Strata Shareholders to realise the value of their holdings
- The Offer provides Strata Shareholders with immediate cash certainty in circumstances where there is presently no other route to liquidity for their Strata Shares:
 - Strata Shares have been suspended from quotation and trading on ASX since 26 August 2024 and, on 18 May 2026, Strata announced that, barring a decision by the Strata Board, they intend to de-list from the ASX.
 - ASX stated policy is to remove from the official list of the ASX any entity whose securities have been suspended from quotation for a continuous period of 2 years.
 - Accordingly, Strata Shares will be delisted from the ASX on or about 27 August 2026, absent Strata seeking a lifting of the suspension and demonstrating to the ASX's satisfaction its plans for trading to resume.
 - Following delisting, no public market for the Strata Shares would exist, such that Strata Shareholders will have little or no practical mechanism by which to sell their Strata Shares, transfer value or otherwise exit their investment, potentially for an indefinite period.
 - In the view of Freedom Bidco, the absence of a trading market is likely to have a material adverse impact on the realisable value of Strata Shares.
 - Upon delisting, Strata will no longer be subject to the continuing obligations of a listed company. Many of the regulatory protections currently afforded to Strata Shareholders will accordingly fall away, and the accountability of Strata's Board and management to its shareholders will, in Freedom Bidco's view, be materially diminished.
- The Offer removes Strata Shareholders' ongoing exposure to Strata's disproportionately high operational cost base (when compared to peers) and to the declining performance in the equity portfolio:
 - Based on Strata's published annual report and accounts for the financial years ended 2017 to 2025, Strata incurred approximately £27.2 million in cumulative general and administrative ("G&A") costs over the period against an increase in its equity portfolio value over the same period of approximately £9.2m – a cost of approximately £3 for every £1 of value created.
 - The equity portfolio value of Strata peaked at approximately £32.0 million as at 31 December 2021 and stood at approximately £13.3 million as at 31 December 2025 - a decline of approximately 58.5% from peak.
 - For the three financial years ended 31 December 2025, the average annual G&A of Strata of £2.53 million as a percentage of the ex-royalty net tangible assets value of £11.22 million was 22.5%, compared to a peer average for the period of 3.9% - this represents, on Freedom Bidco's analysis, a premium of 477% to that peer group.
- Freedom Bidco has received an irrevocable undertaking from SCP to accept, or procure the acceptance, of the Offer, in respect of, in aggregate, 14,000,000 Strata Shares, representing

approximately 8.26 per cent. of the entire issued share capital of Strata as at the Latest Practicable Date.

- If, on or after the date of this Announcement, any dividend and/or other distribution and/or other return of capital is announced, declared or paid in respect of the Strata Shares, Freedom Bidco reserves the right to reduce the Offer Price by an amount up to the amount of such dividend and/or distribution and/or return of capital. In such circumstances, Strata Shareholders would be entitled to retain any such dividend, distribution and/or other return of capital or value.

Commenting on the Offer, Mark Christensen, President of Freedom Bidco, said:

"Freedom BidCo's all-cash Offer provides Strata Shareholders with an immediate cash exit, removing the uncertainty of the impact of an automatic delisting from the ASX in August and the resulting reduction in regulatory and governance oversight.

The Offer Price has been set after taking into account Strata's publicly disclosed cost base, the composition and recent performance of its portfolio, and the realisable, post-cost net asset value of Strata under a range of scenarios. In setting the Offer Price, particular consideration has been given to the illiquidity of Strata's listed equity, the risk profile embedded in the valuation of Strata's royalty interest, and the substantial cost base which has eroded Strata's shareholder returns to date.

Freedom Bidco believes that the Offer represents compelling value through delivering an immediate and certain solution for Strata Shareholders who have suffered significant value destruction, during a period which saw the management team extract far more value for themselves than given to Strata Shareholders."

This summary should be read in conjunction with, and is subject to, the full text of the following Announcement, including the Appendices to it. The Offer will be subject to the Conditions and the further terms set out in Appendix I to this Announcement and to the full terms and Conditions which will be set out in the Offer Document (and, in respect of Strata Shares held in certificated form, the Form of Acceptance). Freedom Bidco has consulted with the UK Panel on Takeovers and Mergers (the "Panel") which has confirmed that Strata is not subject to the Takeover Code as it is not considered by the Panel to have its place of central management and control in the UK, the Channel Islands or the Isle of Man at the time of this Announcement. Accordingly, the Takeover Code does not apply to the Offer by Freedom Bidco for Strata and the transactions set out in this Announcement are not subject to the jurisdiction of, or being regulated by, the Panel.

**CASH OFFER
FOR
STRATA INVESTMENT HOLDINGS PLC
BY
FREEDOM BIDCO, INC.**

1. Introduction

The board of Freedom Bidco, a company incorporated in Ontario, Canada, is pleased to announce the terms and conditions of a cash offer to be made by Freedom Bidco to acquire the entire issued and to be issued share capital of Strata (not already owned by Freedom Bidco) (the “Offer”).

2. The Offer

Under the terms of the Offer, which will be subject to the Conditions and the further terms set out in Appendix I to this Announcement and the full terms and Conditions to be set out in the Offer Document (and, in respect of Strata Shares held in certificated form, the Form of Acceptance, Strata Shareholders will be entitled to receive:

16 cents in cash for each Strata Share

The Offer values Strata's entire issued share capital at approximately AUD 27.1 million (£14.2 million).

The Offer Price:

- represents full liquidity for all Strata Shareholders who have been locked up for approximately 21 months in a public company whose shares have been suspended on the ASX and now risk being delisted in relation to a transaction that is no longer capable of completion;
- represents a premium of approximately 23 per cent. to A\$0.13 per Strata Share, being the price at which SCP acquired its 14,000,000 Strata Shares in an off-market transaction and (so far as Freedom Bidco is aware) being the largest known arm's-length transaction in Strata Shares since their suspension from trading on the ASX, representing approximately 8.26 per cent. of Strata's issued share capital. By way of context as to the significance of that transaction:
 - o the average daily volume of trading in Strata Shares on the ASX over the 250 trading days ended 22 August 2024 (being the last day on which the Strata

Shares traded prior to their suspension from trading on the ASX) was approximately 83,444 Strata Shares; and

- o accordingly, the number of Strata Shares the subject of that off-market transaction was equivalent to approximately 168 times that pre-suspension average daily trading volume and represented approximately 67 per cent. of the cumulative volume of trading in Strata Shares over that 250-day pre-suspension period.

In the view of Freedom Bidco, this trade represents the only meaningful indicator of price discovery in Strata Shares in the approximately 21 months since suspension;

- is equal to A\$0.16 per Strata Share, being the Closing Price on 22 August 2024 (being the last day on which the Strata Shares traded prior to their suspension from trading on the ASX). For the avoidance of doubt, the Strata Shares have not traded on any exchange or other market since that date and accordingly that price is provided as a historical reference only.

As the Strata Shares have been suspended from trading on the ASX since 26 August 2024, no volume-weighted average price (or other equivalent reference price by reference to any subsequent trading period) is available, and accordingly no comparison of value is reported by reference to any such measure. The Closing Price of A\$0.16 per Strata Share referred to above was the last price at which the Strata Shares were quoted prior to their suspension from trading.

Freedom Bidco strongly believes that the Offer provides attractive liquidity and represents a compelling opportunity for Strata Shareholders to realise the value of their holdings. The Offer is expected to close in the second half of 2026, subject to the satisfaction or (where applicable) waiver of the Conditions and certain further terms set out in Appendix I to this Announcement.

The Offer will extend to all issued Strata Shares (not held by Freedom Bidco) and any further Strata Shares which are unconditionally allotted or issued and fully paid before the Offer closes. If sufficient acceptances of the Offer are received and/or sufficient Strata Shares are otherwise acquired, it is the intention of Freedom Bidco to apply the provisions of Chapter 3 of Part 28 of the Companies Act to acquire compulsorily any outstanding Strata Shares to which such Offer relates.

If, on or after the date of this Announcement, any dividend and/or other distribution and/or other return of capital is announced, declared or paid in respect of the Strata Shares, Freedom Bidco reserves the right to reduce the offer consideration by an amount up to the amount of such dividend and/or distribution and/or return of capital so announced, declared or paid, in which case any reference in this Announcement or the Offer Document to the offer consideration for the Strata Shares will be deemed to be a reference to the offer consideration as so reduced. In such circumstances, Strata Shareholders would be entitled to retain any such dividend, distribution and/or other return of capital or value. For the avoidance of doubt, any payments made in cash or by way of the delivery of shares on the vesting of awards calculated by reference to dividends accrued in respect of those underlying vested shares are not to be construed as a dividend, distribution or return of capital for these purposes.

The Strata Shares will be acquired pursuant to the Offer fully paid and free from all liens, charges, equitable interests, encumbrances, rights of pre-emption and other third party rights or interests together with all rights attaching thereto including, without limitation, the right to receive all dividends and other distributions (if any) announced, declared, made or paid after the date of this Announcement.

The Offer is conditional on, amongst other things, valid acceptances of the Offer having been received (and not validly withdrawn) in respect of such number of Strata Shares as shall, when aggregated with the Strata Shares already held by Freedom Bidco at the date of this Announcement and any Strata Shares acquired or unconditionally agreed to be acquired

(whether pursuant to the Offer or otherwise) by Freedom Bidco and/or any of its wholly-owned subsidiaries, represent at least 90 per cent. of the voting rights then exercisable at a general meeting of Strata (or such lesser percentage as Freedom Bidco may decide, provided that such percentage is more than 50 per cent).

The Conditions and certain further terms of the Offer are set out in Appendix I to this Announcement.

3. **Irrevocable undertaking**

Freedom Bidco has received an irrevocable undertaking from SCP to accept (or procure the acceptance) of the Offer in respect of a total of 14,000,000 Strata Shares representing, in aggregate, approximately 8.26 per cent. of the issued share capital of Strata as at the Latest Practicable Date. The irrevocable undertaking also includes a commitment to vote in favour of the relevant resolutions to implement a Scheme, if the Acquisition is structured as a Scheme.

Further details of the irrevocable undertaking (including the circumstances when the irrevocable undertaking ceases to be binding) are set out in Appendix III to this Announcement.

4. **Background to and reasons for the Offer**

Freedom Bidco has been established with the singular purpose of providing Strata Shareholders with a certain cash exit from their investment in Strata in advance of the delisting of Strata from the ASX which is scheduled to occur on or about 27 August 2026. Freedom Bidco believes that, absent the Offer, the great majority of Strata Shareholders will have no realistic means of realising value for their shareholdings.

Strata's Shares have been suspended from trading on the ASX since 26 August 2024, a period of approximately 21 months as at the date of this Announcement.

The Strata Shares were suspended, at the request of Strata, pursuant to ASX Listing Rule 11 in respect of a proposed all-share merger with SCP, following the parties having entered into a letter of intent which was announced on 26 August 2024. The proposed merger was subject (amongst other things) to the agreement of definitive terms, the execution of a sale agreement between Strata and SCP and the re-admission of Strata to quotation on the ASX. Following due diligence, SCP elected not to proceed any further with the transaction, which was announced by Strata on 8 September 2025. Since then, the Strata Board has not stated any intention to seek to lift the suspension and re-establish trading in the Strata Shares.

Following its delisting from the ASX, Strata will cease to be a publicly traded company and Strata Shareholders will, in the absence of an alternative liquidity event such as the Offer, hold equity in an unlisted, and largely unregulated private company in respect of which no secondary market is expected to exist.

Freedom Bidco believes that this prospective delisting presents a number of material and irreversible adverse consequences for Strata Shareholders, including:

- **Loss of liquidity:** with no stock exchange listing and no secondary market, Strata Shareholders will have little or no practical mechanism by which to sell their Strata Shares, transfer value or otherwise exit their investment, potentially for an indefinite period;
- **Diminution of value:** in the view of Freedom Bidco, the absence of a trading market is likely to have a material adverse impact on the realisable value of Strata Shares; and
- **Reduction in shareholder protections:** upon delisting, Strata will no longer be subject to the continuing obligations of a listed company. Many of the regulatory protections currently afforded to Strata Shareholders will accordingly fall away, and the accountability of Strata's

Board and management to its shareholders will, in Freedom Bidco's view, be materially diminished.

Realisable value of Strata's portfolio

Freedom Bidco does not consider Strata's stated net tangible asset ("**NTA**") value to constitute a conservative measure of the value that Strata Shareholders could realistically expect to realise from their Strata Shares. In particular, the A1 royalty interest (in respect of the Sandfire Resources Ltd A1 deposit in Botswana) which has a carrying value of £6.9 million in Strata's FY25 annual report is, on Freedom Bidco's understanding, valued on the basis of full conversion of JORC inferred resources¹ and without the support of appropriate metallurgical test work, a scoping or feasibility study or an independent technical report. Freedom Bidco considers these to be assumptions which are materially more aggressive than industry norms. Any realisation of the royalty interest would, in Freedom Bidco's view, give rise to material questions as to the appropriateness of the carrying value, the burden of Strata's ongoing cost base and the manner in which any realisation proceeds would be applied for the benefit of Strata Shareholders.

Other than the A1 and A4 royalties, the balance of Strata's stated NTA value (approximately 43 per cent. as at 30 April 2026) is constituted predominantly of holdings in illiquid, small-capitalisation companies listed on the ASX. Freedom Bidco estimates that, at prevailing average daily trading volumes and absent material price depression as a consequence of the resulting overhang, the two largest such holdings (Cobre Limited and Iondrive Limited) would require approximately 51 and 54 trading days respectively to be realised in the open market (applying the 12-month average daily trading volume).

Following the delisting of Strata from the ASX which is expected to occur on or about 27 August 2026, Strata will be an unlisted and largely unregulated private company holding a portfolio comprised of underlying royalty interests and a number of illiquid small-capitalisation mining equities. In the view of Freedom Bidco, the net realisable value of shares in such an issuer is materially lower than the corresponding stated NTA value, particularly having regard to Strata's ongoing G&A cost base, which Freedom Bidco estimates at approximately £2 million per annum.

The Offer Price accordingly reflects the illiquidity discount, execution risk and structural complexity inherent in any realisation of value from Strata's portfolio in the circumstances which Strata now faces. Accordingly, in the view of Freedom Bidco, the Offer Price represents a compelling proposition by comparison with the value which Strata Shareholders could realistically expect to realise from their Strata Shares outside the Offer.

Concerns regarding the current stewardship of Strata

In addition to the imminent delisting, Freedom Bidco has identified a number of matters relating to the governance, cost base and operational conduct of Strata which, in the view of the Freedom Bidco Directors, materially undermine confidence in the ability of the existing board and management of Strata to deliver value to Strata Shareholders. In particular, Freedom Bidco notes that:

- Based on Strata's published annual report and accounts for the financial years ended 2017 to 2025, Strata incurred approximately £27.2 million in cumulative general and administrative ("**G&A**") costs over the period against an increase in its equity portfolio value over the same period of approximately £9.2m – a cost of approximately £3 for every £1 of value created.

¹ Defined in JORC as "that part of a Mineral Resource for which quantity and grade or quality are estimated based on limited geological evidence and sampling... An Inferred Mineral Resource has a lower level of confidence than that applying to an Indicated Mineral Resource and cannot be converted to an Ore Reserve."

- The equity portfolio value of Strata peaked at approximately £32.0 million as at 31 December 2021 and stood at approximately £13.3 million as at 31 December 2025 - a decline of approximately 58.5% from peak.
- For the three financial years ended 31 December 2025, the average annual G&A of Strata of £2.53 million as a percentage of the ex-royalty net tangible assets value of £11.22 million was 22.5%, compared to a peer average for the period of 3.9% - this represents, on Freedom Bidco's analysis, a premium of 477% to that peer group. This analysis compares four listed natural resource investment funds with Strata, which Freedom Bidco believes are appropriate for performance comparisons to Strata's Equity Investments segment;
- Over the past three financial years, the existing Strata management team has, on Freedom Bidco's analysis, extracted an average of £1.75 million per annum in aggregate by way of remuneration, bonuses, pensions, share-based remuneration and short-term employee benefits;
- Strata's senior management is limited to only three members of staff, including the CEO. Two out of three of these individuals operate remotely from Strata's registered office and the Strata Board only contains one independent non-executive director, who is the chairman. Such a limited roster of non-executive directors is highly unusual for a listed company outside of a crisis situation and Freedom Bidco has significant concerns about the efficacy and governance surrounding such an arrangement. In light of the continuous and material underperformance of Strata, and the minimal management structure which seems to surround it, Freedom Bidco has concerns as to whether the level of expenditure borne by Strata in relation to the management team is commensurate with the returns generated for Strata Shareholders; and
- As noted above, Freedom Bidco considers that Strata's stated NTA value does not constitute a conservative measure of the realisable value of Strata's portfolio, having regard to (i) the valuation methodology applied to Strata's A1 royalty interest, (ii) the illiquidity of Strata's listed equity holdings, and (iii) the ongoing G&A cost base which accrues against the portfolio at a rate significantly in excess of comparable industry norms.

Having regard to the matters set out above, the Freedom Bidco Directors are of the view that continued stewardship of Strata's assets by the existing management team is unlikely to result in the realisation of value for Strata Shareholders.

Freedom Bidco and its approach

Freedom Bidco is led by a team of individuals with extensive experience and an established reputation in the global resource sector. The members of the Freedom Bidco team are mining operators and investors with a detailed understanding of mining assets and royalty portfolios, and the Freedom Bidco Directors believe that the team is well placed to assess the value inherent in Strata's asset base.

The Offer is a wholly cash offer and is not subject to any financing condition. Freedom Bidco has procured committed cash resources sufficient to satisfy the maximum cash consideration payable under the Offer in full. Further information on the financing arrangements for the Offer, is set out in paragraph 10 of this Announcement.

Reasons why the Freedom Bidco Directors believe the Offer is in the interests of Strata Shareholders

The Freedom Bidco Directors believe that the Offer provides a compelling and timely opportunity for Strata Shareholders to realise certain cash value for their Strata Shares in circumstances where, in the view of Freedom Bidco, no comparable alternative is reasonably likely to be available. In particular, the Freedom Bidco Directors believe that:

- The Offer provides Strata Shareholders with the certainty of a full, cash exit at the equivalent value to the last trading price of Strata Shares prior to their suspension from trading in August 2024, in circumstances where Strata Shares have not traded for approximately 21 months;
- in the view of Freedom Bidco, the Offer Price compares favourably with the value which Strata Shareholders could reasonably expect to realise from a continuation of Strata in its current form or from any orderly wind-down or realisation of Strata's portfolio, having regard (among other things) to the assumptions and risk profile embedded in the valuation of Strata's royalty interest, the illiquidity of Strata's listed equity holdings and the ongoing G&A cost base which continues to erode shareholder value. Accordingly, the Offer Price reflects an illiquidity discount, execution risk and structural complexity inherent in any such realisation;
- The Offer represents the only firm and fully funded route to liquidity that has been made available to Strata Shareholders ahead of the likely delisting of Strata from the ASX on or about 27 August 2026;
- Absent the Offer, Strata Shareholders face the prospect of holding shares in an unlisted private company without any realistic mechanism for realising value and with materially reduced regulatory protections; and
- The Offer eliminates for accepting Strata Shareholders the risk of continued erosion of value under Strata's existing governance, cost base and operational arrangements.

Accordingly, the Freedom Bidco Directors believe that the Offer represents the most attractive proposition reasonably available to Strata Shareholders and the clearest path by which Strata Shareholders can realise the value of their holdings in cash before the likely delisting of Strata from the ASX.

5. **Information on Freedom Bidco**

Freedom Bidco is an SPV created and backed by a group of dedicated professionals with deep knowledge of both the mining industry and global financial markets. They are committed to top-tier corporate governance, and maximising returns to shareholders.

Strata operates in two segments, Equity Investments and Royalty Investments. It invests in exploration and development companies targeting gold, copper, silver, cobalt, nickel, lithium, iron ore, zinc and base and precious metals. Strata was formerly known as Metal Tiger and changed its name to Strata in April 2023. Strata was incorporated in 2001 and is headquartered in Wincanton, the United Kingdom.

7. **Intentions of Freedom Bidco**

Strategic plans for Strata

While the Freedom Bidco Board understands the Strata business, in the context of the Offer, Strata Shareholders should be aware that Freedom Bidco has not had access to Strata's non-public information or documentation. Given the Freedom Bidco Directors deep sector expertise and long track record in mining, it is confident that it will be able to support the growth of Strata's business.

This assessment of the business is based on Freedom Bidco's own outside-in perspectives, industry benchmarks and publicly available information. Following completion of the Offer, Freedom Bidco intends to undertake a high-level strategic review of Strata's business in order to validate its perspectives and support the delivery of its strategic plans for Strata (the "**Post-Completion Review**"). The Post-Completion Review is expected to take approximately six months from the Effective Date and will focus on evaluating the organisational and governance structure of Strata with the aim of more closely aligning the business's performance against Freedom Bidco's strategic plans.

Going forward, Freedom Bidco intends to follow the steps below to make sure Strata and its shareholders are better aligned:

- To review all facets of the business and to streamline costs where appropriate, including, but not limited to, G&A and particularly executive remuneration;
- To restructure the Board thereby establishing more board independence and oversight with an appropriate number of non-executive directors providing experience, governance and oversight; and
- To conduct a full strategic review of Strata and its business to determine the best pathway forward to unlock shareholder value. In particular, Freedom Bidco intends to review whether the day-to-day trading and investment business of Strata, which is focused on minority investment positions in earlier stage companies, is the optimal strategy to deliver value accretion over the medium and long term versus the costs of undertaking the same.

Directors, management and employees

At completion of the Offer, it is expected that the current members of the Strata Board will resign. Thereafter, no immediate change is expected, but Freedom Bidco will carry out a further review of Strata's wider staffing arrangements as part of the Post-Completion Review to determine how best to align resources with its strategic priorities. This review may result in consolidation of roles in certain central functions, a material reduction or replacement of existing personnel or outsourcing to alternative providers to reduce costs. Any changes will be implemented in a manner consistent with Freedom Bidco's objective of supporting Strata's long-term development and maintaining appropriate expertise and capacity within the business, while reducing overall costs.

Freedom Bidco recognises the important role of industry knowledge, due diligence and technical and commercial insight in Strata's sourcing of investment opportunities as part of its business. Freedom Bidco will seek to better understand the existing structure of any such investment screening function as part of the Post-Completion Review. However, as noted above, the track record of performance of the short-term market exposed investments of the Strata business would indicate that this may well be a part of the business that is discontinued in the event of a successful Acquisition.

As outlined above, and during the Post-Completion Review, Freedom Bidco will review the balance of skills across the business with a view to ensuring that the business operates within a coherent and efficient control and oversight framework. Freedom Bidco anticipates this is likely to result in a material reduction of existing headcount and/or replacement of existing personnel with suitably skilled and experienced individuals which may also result in a material change in the balance of skills across the business. Freedom Bidco may outsource to alternative providers to achieve cost-efficiencies without compromising capabilities.

Management incentivisation arrangements

No discussions are taking place or ongoing in respect of management or senior employee compensation, nor have proposals been made on the terms of any incentive arrangements for relevant managers. There have been no discussions between Freedom Bidco and such management or senior employees in respect of the terms of these arrangements, nor will any such discussions commence until post-closing.

Pension arrangements

Freedom Bidco confirms that it does not intend to make any changes to the contractual pension rights of any employees of Strata, including accrued benefits. Any existing arrangements will continue to operate on the same basis following completion.

Headquarters, locations and fixed assets

Freedom Bidco confirms that its headquarters and principal place of management will remain in Canada.

Freedom Bidco currently intends that Strata's headquarters will be relocated to Canada where Freedom Bidco has significant experience and operational capabilities.

No significant changes are envisaged by Freedom Bidco with respect to Strata's fixed assets.

Any future decisions regarding office locations or operational structure will be made collaboratively and in consultation with relevant stakeholders, ensuring alignment with Freedom Bidco's strategic plans and business efficiency. Any such adjustments would be implemented with the objective of supporting long-term growth while minimising costs associated with any such moves.

Trading facilities

Strata Shares are currently listed on the ASX, but have been suspended from trading since 26 August 2024. Should Freedom Bidco acquire (pursuant to the Offer or otherwise) 90 per cent. or more in nominal value of the Strata Shares to which the Offer relates, Freedom Bidco intends that Strata will make a formal request to ASX for removal of Strata from the Official List. Please refer to paragraph 12 of this Announcement for further details.

In the event that Freedom Bidco acquires (pursuant to the Offer or otherwise), more than 50 per cent. but less than 90 per cent. in nominal value of the Strata Shares to which the Offer relates, and subject to Strata meeting the free float and other eligibility requirements of the ASX at the relevant time, Freedom Bidco would instead intend to seek to lift the suspension of Strata on the ASX as soon as practically possible.

8. Strata Share Schemes

Strata Optionholders will be contacted regarding the effect of the Offer on their options under the Strata Share Schemes and, where relevant, an appropriate proposal will be made to such Strata Optionholders in respect of their options under the Strata Share Schemes, at the same time as the publication of the Offer Document.

Holders of options under the Strata Share Schemes where the exercise price is higher than 16 cents will not receive a proposal, as participants would have to pay more per Strata Share to exercise their options than they would receive if they exercised their options and accepted the Offer.

Details of the impact of the Offer on each of the Strata Share Schemes and any such proposals will be set out in the Offer Document.

9. **Disclosure of interests in Strata**

As at the close of business on the Latest Practicable Date, Freedom Bidco held no interests in, or rights to subscribe for, relevant securities of Strata. SCP holds 14,000,000 Strata Shares, representing 8.26% of the issued share capital of Strata.

SCP is the holding company of SCP LP. SCP LP (trading as SCP Resource Finance) is a leading independent broker-dealer specialising in the global mining sector, providing financing, advisory, and investment services to small and mid-cap resource companies. SCP was established in May 2023 following a management-led buyout of Sprott Capital Partners. The firm retained its experienced executive team and is headquartered in Toronto with an office in London.

As at the close of business on the Latest Practicable Date, save as disclosed in this Announcement, neither Freedom Bidco, nor any of its directors:

- (a) has an interest in, or right to subscribe for, any relevant securities of Strata;

- (d) has any outstanding irrevocable commitment or letter of intent with respect to relevant securities of Strata.

For the purposes of this paragraph 9:

- (i) **"relevant securities of Strata"** means Strata Shares and securities convertible into, or rights to subscribe for, options (including traded options) in respect thereof and derivatives referenced thereto; and
- (ii) **"interests in securities"** arise, in summary, when a person has long economic exposure, whether absolute or conditional, to changes in the price of securities (and a person who only has a short position in securities is not treated as interested in those securities). Notwithstanding the above, a person will be treated as having an "interest" by virtue of the ownership, voting rights or control of securities, or by virtue of any agreement to purchase, option in respect of, or derivative referenced to, securities.

10. **Financing of the Offer**

The cash consideration payable to Strata Shareholders by Freedom Bidco under the terms of the Offer (and any related fees, costs and expenses) will be financed by Freedom Bidco through the Debt Finance Documents, in each case on a certain funds basis customary for acquisition financings of this nature.

The Debt Finance Documents comprise:

- (a) a loan of to be provided by SCP, which is to be secured (amongst other things) by a first priority security interest over all of Freedom Bidco's present and after-acquired personal property; and

12. Cancellation of ASX Listing and compulsory acquisition

If the Offer becomes or is declared unconditional and Freedom Bidco receives acceptances under the Offer in respect of, and/or otherwise, acquires 90 per cent. or more in nominal value of the Strata Shares to which the Offer relates and assuming that the Conditions have been satisfied or waived (if capable of being waived), Freedom Bidco intends, subject to the provisions of the Companies Act 2006, to exercise its rights pursuant to the statutory squeeze-out provisions of sections 974 to 991 of the Companies Act to acquire compulsorily, on the same terms as the Offer, the remaining Strata Shares to which the Offer relates in respect of which the Offer has not at such time been accepted.

PART B. CERTAIN FURTHER TERMS OF THE OFFER

1. The Offer will be subject to the satisfaction (or waiver, if permitted) of the Conditions set out in Part A: Conditions to the Offer of this Appendix I and to the full terms and Conditions which will be set out in the Offer Document and the Form of Acceptance.
2. The Offer will lapse unless the above Conditions have been fulfilled or, where permitted, waived or, where appropriate, have been determined by Freedom Bidco to be or remain satisfied, by midnight (London time) on the earlier of the Unconditional Date and the Long Stop Date.
3. The Offer shall not proceed, shall lapse or shall be withdrawn on the Long Stop Date if:
 - 3.1. sufficient acceptances have not been received so as to enable the Acceptance Condition to be satisfied; or
 - 3.2. where sufficient acceptances have been received so as to enable the Acceptance Condition to be satisfied, if a Condition relating to an official Authorisation or regulatory clearance has not been satisfied or waived.
4. Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.
5. The Strata Shares to be acquired by Freedom Bidco pursuant to the Offer will be acquired fully paid and free from all liens, equities, charges, encumbrances, rights of pre-emption and other

third party rights and interests of any nature whatsoever and together with all rights now or hereafter attaching thereto, including the right to receive and retain all dividends and other distributions (if any) declared, paid or made on or after the date of this Announcement.

6. Freedom Bidco reserves the right to elect to implement the acquisition of the entire issued and to be issued share capital of Strata (not already owned by Freedom Bidco) by way of a Scheme. In such event, such Scheme will be implemented on the same terms (subject to appropriate amendments including, without limitation, to reflect the applicable statutory voting and other requirements), so far as applicable, as those which would apply to the Offer.
7. Save to the extent provided in this Announcement, if any dividend and/or other distribution and/or other return of capital is announced, authorised, declared, made or paid in respect of Strata Shares on or after the date of this Announcement and prior to the Unconditional Date, Freedom Bidco reserves the right (without prejudice to any right of Freedom Bidco to invoke the Condition in sub-paragraph 1.5(a)(ii)), to reduce the offer consideration for the Strata Shares by an amount up to the amount of such dividend and/or distribution and/or return of capital so announced, declared or paid, in which case any reference in this Announcement or in the Offer Document to the offer consideration for the Strata Shares will be deemed to be a reference to the offer consideration as so reduced. To the extent that any such dividend and/or distribution and/or other return of capital is announced, declared or paid and it is: (i) transferred pursuant to the Offer on a basis which entitles Freedom Bidco to receive the dividend or distribution and to retain it; or (ii) cancelled, the offer consideration will not be subject to change in accordance with this paragraph. Any exercise by Freedom Bidco of its rights referred to in this paragraph shall be the subject of an announcement and, for the avoidance of doubt, shall not be regarded as constituting any revision or variation of the Offer. For the further avoidance of doubt, any payments made in cash or by way of the delivery of shares on the vesting of awards calculated by reference to dividends accrued in respect of those underlying vested shares are not to be construed as a dividend, distribution or return of capital for the purposes of this paragraph.
8. The availability of the Offer to persons not resident in the United Kingdom or Australia may be affected by the laws and/or regulations of the relevant jurisdiction. Persons who are not resident in the United Kingdom or Australia should inform themselves about and observe any applicable requirements.
9. The Offer is not being made, directly or indirectly, in, into or from, or by use of the mails of, or by any means of instrumentality (including, but not limited to, facsimile, e-mail or other electronic transmission, telex or telephone) of interstate or foreign commerce of, or of any facility of a national, state or other securities exchange of, any Restricted Jurisdiction.
10. The Offer is governed by English law and will be subject to the jurisdiction of the English courts and to the Conditions and further terms set out in this Appendix I and which shall be set out in the formal Offer Document (and, in the case of certificated Strata Shares, the Form of Acceptance) and such further terms as may be required to comply with applicable law and regulation. The Offer shall be subject to the applicable requirements of English law, Australian law, the Companies Act, the ASX Listing Rules, the FCA and ASIC.

APPENDIX II
SOURCES OF INFORMATION AND BASES OF CALCULATION

- 4 All Closing Prices have been derived from Bloomberg and all volumes have also been derived from Bloomberg using the prices and volumes of Strata Shares traded on ASX.
- 5 All financial information relating to Strata is extracted from Strata's: (i) audited financial statements for the financial years stated; and (ii) any other public notifications since 31 December 2025 made by Strata.

The irrevocable undertaking shall lapse and cease to have effect on the earlier to occur of:

- the Offer Document or the Scheme Document (as the case may be) not being posted to Strata Shareholders within 28 days (or such longer period as may be agreed between such Strata Shareholder and Freedom Bidco) of this Announcement provided that if the Acquisition was initially being implemented by way of an Offer and Freedom Bidco elects to exercise its right to implement the Acquisition by way of a Scheme, or vice versa, the time period referred to in this paragraph shall be extended to refer to within 28 days of the issue of the announcement of the change in structure (or such other date for the posting of the Scheme Document or the Offer Document (as the case may be));
- the Long Stop Date;
- the Offer (or Scheme, as applicable) lapsing or being withdrawn in accordance with its terms, provided that this paragraph shall not apply:
 - o where the Offer is withdrawn or lapses as a result of Freedom Bidco exercising its right to implement the Acquisition by way of a Scheme rather than an Offer or vice versa; or
 - o if the lapse or withdrawal either is not confirmed by Freedom Bidco or is followed within five Business Days by an announcement by Freedom Bidco (or a person acting in concert with it) to implement the Acquisition either by a new, revised or replacement takeover offer or a scheme of arrangement pursuant to Part 26 of the Companies Act.
