6 AUGUST 2026

COMPLETION OF JPS GROUP ACQUISITION

Tasmea Limited (ASX: TEA) (Tasmea or the Company) is pleased to announce that it has completed the acquisition of 100% of JPS Holdings Pty Ltd and its related entities (JPS Management & Execution Pty Ltd and Safe Isolation Australia Pty Ltd) (JPS Group or JPS), as announced to the ASX on 24 June 2026.

JPS Group is a leading integrated services provider to the Australian energy sector, with established credentials across Liquefied Natural Gas (LNG) operations and maintenance, shutdown and campaign execution, specialist project execution, ongoing statutory maintenance and tech-enabled isolation services. JPS Group brings a specialist workforce of approximately 150 FTE including engineers, operators and project specialists, with more than a 600 person vetted specialist labour pool, and is accredited to work on more than 15 Major Hazard Facilities nationally.

The acquisition establishes Tasmea as an embedded energy-services specialist exposed to sectors with long-term structural tailwinds including Australian and Global LNG, Gas and critical Energy Infrastructure markets, adding a Tier-1 blue-chip client base with more than 10 long-term Master Services Agreements (MSAs), and a unique, tech-enabled isolation offering.

JPS Group forms part of Tasmea's Mechanical segment. The 11 months of JPS forecast earnings contribution in FY27 is incorporated in Tasmea's FY27 Underlying EBITA guidance of A$202 million to A$208 million and Underlying NPATA guidance of A$128 million to A$132 million, as announced in the FY27 Earnings Guidance release to the ASX on 25 June 2026.

Commentary from Tasmea Managing Director, Stephen Young

> *"We are delighted to complete the acquisition of JPS Group and formally welcome the JPS team to Tasmea. JPS is a high-quality, owner-led business with all five founder-General Managers staying with and leading the business. JPS brings deep, embedded relationships across a Tier-1 energy client base, recurring revenue under long-term Master Services Agreements and a unique, tech-enabled isolation offering. We look forward to supporting their continued growth through our corporate services platform and broader specialist trades capability."*
