
UPDATE – GRAPHITE SALE, AUCU PROJECT & UMP SCHEME & RELATED MATTERS

Triton Minerals Limited (“Triton” or “the Company”) provides the following update to the market:

- **Graphite Sale**

Following the announcement of the execution of Deed of Settlement and Deed of Variation with NQM¹ to resolve the dispute in relation to the Graphite Sale, The Company continues to work diligently to complete the remaining conditions precedent (CP) tasks in preparation for project handover.

The Court has adjourned the Case Management Conference to 4 November 2025, not before 10:00 am.

- **Aucu Gold-Copper Project – Site Mobilization and Works**

Following Board approval², the operations team arrived on site and commenced preparatory works.

Full site activities are scheduled to commence next week, including rock-chipping and sampling programs.

These works represent an important step in advancing the Aucu Project and support the Company’s broader exploration and development strategy.

- **Unmarketable Parcel (UMP) Purchase Scheme**

The Company has released a notice to the market regarding the Unmarketable Parcel Purchase Scheme³ and has already received positive shareholders’ feedback.

Triton encourages eligible shareholders to participate and take action as soon as possible.

Implementation of the Scheme is expected to enhance administrative efficiency and reduce costs associated with maintaining numerous small shareholdings.

- **Next Steps**

Triton remains committed to completing the Graphite Sale as quickly as possible, subject to ongoing legal and regulatory oversight.

The Company is also commencing field works at its recently acquired Aucu Gold-Copper Project, located in the Tete Province, Central-West Mozambique.

Further updates will be provided in accordance with the Company’s ASX continuous disclosure obligations as material developments occur.
