

ASX Release

July 29, 2026

Annual General Meeting Extension

HUNTSVILLE, AL – Titomic Limited (ASX: TTT), a global advanced manufacturing company serving the U.S. and allied industrial base, using its proprietary cold spray Titomic Kinetic Fusion™ (TKF)™ Technology, advises that the Australian Securities and Investments Commission (ASIC) has granted a further extension of time to hold the company's Annual General Meeting (AGM) in respect of the financial year (six months ended 31 December 2025) to no later than 28 September 2026.

The AGM, originally required to be held by end May 2026 (and originally extended to no later than 28 August 2026), has been deferred so as to hold the AGM back-to-back with the Scheme Meeting to approve the redomicile of Titomic Limited from Australia to the United States by way of scheme of arrangement as outlined in the ASX announcements dated May 13, 2026 and July 16, 2026.

By holding both meetings on the same day the Company anticipates having a greater amount of shareholder participation as well as achieving cost savings and a reduction in logistics.

Further details, including exact timing, of the AGM and the Scheme Meeting will be provided in due course.

This announcement has been authorized for release by Titomic's Company Secretary.

ABOUT TITOMIC LIMITED

Titomic Limited (ASX: TTT) is a leading Advanced manufacturing company with global operations specializing in large integrated solutions for industrial- scale metal additive manufacturing, coating, and repairs using its patented kinetic fusion cold spray (Titomic Kinetic Fusion™) technology. Titomic Kinetic Fusion™ cold spray solutions provide OEM production and R&D services to the global Aerospace, Defense, Shipbuilding, Oil & Gas, Mining and Automotive industries. Titomic also offers global sales and support for all its Titomic Kinetic Fusion™ cold spray AM activities from its Huntsville, Alabama Global Headquarters, as well as through local presence in Australia and Europe. Titomic delivers competitive advantages in metal additive manufacturing at every stage in the product value chain. For more information, please visit www.titomic.com.

FORWARD LOOKING STATEMENTS

Certain statements made in this release are forward-looking statements and are based on Titomic's current expectations, estimates and projections. Words such as "anticipates", "expects", "intends", "plans", "believes", "seeks", "estimates", "guidance" and similar expressions are intended to identify forward-looking statements. Although Titomic believes the forward-looking statements are based on reasonable assumptions, they are subject to certain risks and uncertainties, some of which are beyond Titomic's control, including those risks or uncertainties inherent in the process of both developing and commercializing technology. As a result, actual results could materially differ from those expressed or forecasted in the forward-looking statements. The forward-looking statements made in this release relate only to events as of the date on which the statements are made. Titomic will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this release except as required by law or by any appropriate regulatory authority.
