

ASX ANNOUNCEMENT

Vitura announces new Industry Advisory Group Charter

1 DECEMBER 2025

Melbourne, Australia – Vitura Health Limited (ASX: VIT) (**Vitura** and **Company**) is pleased to announce the creation of its new Industry Advisory Group (**Group**), to provide expertise-based guidance to the Board, further strengthening the Company's clinical governance and improving the experiences of its patients.

The Group, to be chaired by Vitura independent non-executive director Gerard Fogarty AO, will be responsible for providing the Board with advice on matters including (but not limited to) medical practice management, doctor recruitment, retention and engagement and outlining emerging opportunities and/or risks within the medicinal cannabis and speciality clinics industry.

The Group will be initially established for a period of 24 months, with its ongoing role and responsibilities to be reviewed annually.

The Group will be comprised of industry experts, and a search has commenced for suitable individuals with industry-specific knowledge on medical practice management, specialty clinic management or the medicinal cannabis industry to join the Group.

Vitura Chair Robert Iervasi said the Group would provide an important reporting role to the Board in helping drive industry-leading clinical best-practice and positive patient outcomes.

"Vitura's new Industry Advisory Group will keep the Board up-to-date on the latest domestic and global medical trends, clinical systems and practices and the attraction and retention of high quality doctors, as we continue to set the standard for best practice medical management in our industry" Mr Iervasi said.

"The Group's chair, Gerard Fogarty, brings a wealth of experience to this role. His board and executive roles have encompassed a variety of sectors including medical research, health insurance, work health and safety regulation, compensation and rehabilitation regulation, national security and industrial relations regulations."

About Vitura Health Limited (ASX: VIT)

www.vitura.com.au

Vitura Health Limited is diversified digital health business listed on the ASX (ASX: VIT) and, via its wholly owned subsidiaries, operates the following businesses:

- www.burleighheadscannabis.com
Burleigh Heads Cannabis operates the market leading prescriber, patient, pharmacy, and supplier online ecosystem, Canview, which sells and distributes 430+ therapeutic product and device SKUs within Australia from roughly 60 international and domestic brands.
- www.canview.com.au
Canview is being developed to be a complete end-to-end healthcare ecosystem designed to provide doctors, pharmacists, and patients with a simple and cost-effective way to facilitate the treatment of patients with increased efficiency and compliance. The Canview system is based on a medicines wholesaling platform which seamlessly brings together several disparate SAAS (software-as-a-service) providers including inventory control, invoicing, customer management, reporting and analytics, all linked together through customised integration from third party providers. Underpinning the suite of SAAS elements are several bespoke, internally generated operating procedures and intellectual property assets, supported by the Canview customer support and infield customer engagement teams. Through the integration of the different elements which together make up Canview, the platform provides the best user experience in the industry.

Through the Company's relationships with third party integrators, Canview provides Australian doctors with the ability to integrate their patient management systems directly with the platform and to use their patient information to generate electronic prescriptions within the Canview platform, without the need to input the patient's details. Prescriptions are then sent directly to the Canview patient app where patients can manage their treatment and submit the prescription and subsequent repeats to one of the nearly 4,500 Australian pharmacies with accounts on Canview for dispensing.

While the Company's current operations focus on the sale and distribution of medicinal cannabis products, Vitura is fully licensed and equipped, via its two state-of-the-art distribution centres in Melbourne and the Gold Coast, to distribute all products under Schedules 2, 3, 4, 8 and 9. The establishment during the year of the Company's joint venture to distribute psychedelic products, including MDMA and Psilocybin, is a timely example of the many opportunities that the Company believes can be seamlessly integrated into its existing digital health platform business.

- www.doctorsondemand.com.au
The Company owns Doctors on Demand Pty Ltd, a nationwide 24/7 x 365 telehealth platform business that provide innovative primary health solutions to hundreds of thousands of B2C and B2B patients annually. Services include general medical consults, urgent care, medical certificates, pathology referrals, specialist referrals, men's health, women's health, medicated weight loss and smoking cessation.
- www.cortexa.com.au
The Company owns 50% of Cortexa Pty Ltd, an incorporated joint venture with Canadian-based PharmAla Biotech (CSE: MDMA). Cortexa aims to be the leading supplier of psychedelics, GMP MDMA and GMP psilocybin, for research and therapeutic use in Australia.
- www.cdaclinics.com.au
The Company owns CDA Clinics that undertakes nationwide telehealth consultations with patients seeking access to medicinal cannabis.
- www.cannadoc.com.au
The Company owns 75.5% of Cannadoc Health Pty Ltd, a medicinal cannabis clinic business that undertakes nationwide telehealth consultations with patients seeking access to medicinal cannabis.
